Religious Right Religious Wrong:

Why the Religious Right Is Wrong About Separation of Church and State Robert Boston, 2010-09-30 Award winning journalist Robert Boston lambastes the zealots of the Religious Right for spreading misinformation about the constitutional principle of the separation of church and state Boston reveals how a band of ultraconservative religious groups with a political agenda led primarily by televangelist Pat Robertson is conducting a systematic war against the separation of church and state The tactics of these groups are designed to exploit unfounded fears and turn the American people against the separationist principle They will not rest Boston says until the United States has become a theocracy To expose the Religious Right's blatant distortions of U S history and correct its skewed analysis of legal rulings Boston objectively reviews the evolution of church state relations in the United States and looks at how the separation principle has been applied by the courts He also examines efforts by sectarian groups to win government support for their schools the school prayer issue the history of the free exercise of religion and the controversial role of religion in the public square Published in cooperation with Americans United for the Separation of Church and State

Religious Right, Religious Wrong Lloyd James Averill, 1989
Religious Right A.F. Alexander, 2012-04-02 There is a deceptive movement to take over the government courts education system media outlets and American culture with stealth and it's true How is this possible Find out in the pages of this expose written by an insider who left the Religious Right fold and now shares why they believe they are mandated to have dominion over every aspect of life in the United States It reveals how their vision for America is not a democracy at all Understand the Religious Right network's blueprint for America Meet the Christian Reconstructionists and Dominionists Understand the Seven Mountains Mandate which provides the strategy for a successful takeover See why Quiverfull is the template for a proper traditional family Finally understand the attacks on public schools and teachers Find out who the leaders of the movement really are and their successful tactics This book explains the rewriting of our nation's history Complete with interviews research and bibliography included Presentation is organized and systematic while in plain English Shares how to get involved and make a difference in your community to protect your rights and preserve democracy

Beyond Religious Right and Secular Left Rhetoric K. Fry, 2014-06-05 This book covers arguments made by various sides of the political religious divide from the past 30 years showing what the actual differences are between these groups By stressing the typically ignored similarities the book better informs partisans and the public to move debate forward

The Nature of the Religious Right Neall W. Pogue, 2022-04-15 In *The Nature of the Religious Right* Neall W Pogue examines how white conservative evangelical Christians became a political force known for hostility toward environmental legislation Before the 1990s this group used ideas of nature to help construct the religious right movement while developing theologically based eco friendly philosophies that can be described as Christian environmental stewardship On the twentieth anniversary of Earth Day in 1990 members of this conservative evangelical community tried to turn their eco friendly

philosophies into action Yet this attempt was overwhelmed by a growing number in the leadership who made anti environmentalism the accepted position through public ridicule conspiracy theories and cherry picked science Through analysis of rhetoric political expediency and theological imperatives The Nature of the Religious Right explains how ideas of nature played a role in constructing the conservative evangelical political movement why Christian environmental stewardship was supported by members of the community for so long and why they turned against it so decidedly beginning in the 1990s

Religious Right Religiously Wrong Paul Swearengin,2023-07-29 Can the transformation of one person s religious politics change a city A mysterious stranger challenges those in a conservative small town to reconsider if their intertwining of religion and politics lives up to the command to love your neighbor as yourself This challenge begins to cause the life of a mega church pastor to become more complicated as his belief that God would have him fight for political power seems not to match the Christlike behavior of this miracle performing outsider Would Jesus be a Republican Is God mad at us if we don t fit the normative of rightwing Christianity This book explores the concepts in a narrative of story telling the way Jesus used to challenge the beliefs of God followers in the first century Maybe the spirit of heaven is not as focused on the issues of our cultural divide as those who claim to be followers of his son today And maybe a renewed understanding of loving ourselves can better empower us to love our neighbors and those we ve considered enemies for not thinking looking or believing like us

In Defense of the Religious Right Patrick Hynes,2006-07-04 Political consultant and commentator Patrick Hynes dispels common stereotypes and misapprehensions about the most powerful political constituency in the country while undertaking the most exhaustive effort yet to define what the Religious Right is what its members believe and why they are right

Liberty Means Freedom for All Steven H. Propp,2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It s an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his sett led view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand s philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and

opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved

Right Texts, Wrong Meanings Sam Tsang,2013-02-18 Right Texts Wrong Meanings takes some popular New Testament texts and meanings to illustrate how many Christians have misunderstood the Bible Along the explorative journey readers will learn that meanings are not as obvious as they seem At the same time they will also learn that with the right method the possible meanings are within their grasp

How the Republicans Stole Religion Bill Press,2010-02-17 For decades Press argues conservatives have defined religion so narrowly that Democrats and liberals have been pushed outside the fold According to their narrow gospel God put George W Bush in the White House to deal with gays guns and abortion and those who don t agree are on the sure road to hell How the Republicans Stole Religion is Press s fervent call for the left to reclaim religion and return it to its basic principles of social justice charity and tolerance

A Paleoconservative Anthology Paul Gottfried,2023-02-15 This anthology provides detailed examinations of the major themes and perspectives of the paleoconservatives as political thinkers and activists A long forgotten and persistently disregarded group within the American Right but their ideas show a remarkable staying power Paleoconservatives as this anthology undertakes to show have been among the most original and insightful representatives of the Right over the last thirty years but because of internal quarrels and their conspicuous defiance of the conservative establishment they have become isolated voices Almost everything about the paleoconservatives should be of interest to historians of political movements including the process by which they became a marginalized force on the intellectual right and their periodic attempts to build bridges across the political spectrum

Progressive Evangelicals and the Pursuit of Social Justice Brantley W. Gasaway,2014-10-30 In this compelling history of progressive evangelicalism Brantley Gasaway examines a dynamic though often overlooked movement within American Christianity today Gasaway focuses on left leaning groups such as Sojourners and Evangelicals for Social Action that emerged in the early 1970s prior to the rise of the more visible Religious Right He identifies the distinctive public theology a set of biblical interpretations regarding the responsibility of Christians to promote social justice that has animated progressive evangelicals activism and bound together their unusual combination of political positions The book analyzes how prominent leaders including Jim Wallis Ron Sider and Tony Campolo responded to key political and social issues over the past four decades Progressive evangelicals combated racial inequalities endorsed feminism promoted economic justice and denounced American nationalism and militarism At the same time most leaders opposed abortion and refused to affirm homosexual behavior even as they defended gay civil rights Gasaway demonstrates that while progressive evangelicals have been caught in the crossfire of partisan conflicts and public debates over the role of religion in politics they have offered a significant alternative to both the Religious Right and the political left

Dictionary of Mission Karl Muller,Theo Sundermeier,Stephen B. Bevens,Richard H. Bliese,2006-01-30

Conceived and developed by two of Europe's most eminent missiologists in the country where the scientific and sustained study of mission first took shape the Dictionary of Mission represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the Dictionary of Mission is a road map through this exciting and challenging terrain from the Foreword

The Ambivalence of the Sacred Scott R. Appleby, 2000 This text explains what religious terrorists and religious peacemakers share in common and what causes them to take different paths in fighting injustice

Signs of the Time R. C. Jette, 2020-02-05 Christian are you aware of the signs of the time Are you properly reading them Or are you accepting what is taught without Holy Spirit revelation This book is to help you investigate the whole of Scripture and not pull out a favorite verse or the belief taught by your denomination family preacher etc It's time to reevaluate what is believed What do you believe Why do you believe it Were you taught it by man Was it Holy Spirit revelation You need to study God's word to know whether what you hear is being interpreted in light of all Scripture or if there's error in the teaching which could lead you astray It's your responsibility to recognize false doctrine and not follow it It's imperative to pay attention to signs Incorrect reading can lead to wreckage Christ is not coming back for a lukewarm compromising deceived or marshmallow bride The bride of Christ will be those who have correctly read and understood the signs of the time as revealed in Scripture and have come through the refiner's fire as gold

Rise of Baptist Republicanism Oran P. Smith, 2000-05 In its emerging Republicanism the SBC has taken on characteristics of its more active fellow travelers in the Christian Right forging alliances with former enemies African Americans and Roman Catholics playing presidential politics establishing a Washington lobbying presence working the political grassroots and declaring war on Walt Disney Each of these missions has been accomplished with calculating political precision

America Right or Wrong : An Anatomy of American Nationalism Anatol Lieven Senior Associate for Foreign and Security Policy Carnegie Endowment for International Peace, 2004-10-15 America keeps a fine house Anatol Lieven writes but in its cellar there lives a demon whose name is nationalism In this controversial critique of America's role in the world Lieven contends that U S foreign policy since 9 11 has been shaped by the special character of our national identity which embraces two contradictory features One The American Creed is a civic nationalism which espouses liberty democracy and the rule of law It is our greatest legacy to the world But our almost religious belief in the Creed creates a tendency toward a dangerously messianic element in American nationalism the desire to extend American values and American democracy to the whole world irrespective of the needs and desires of others The other feature populist or what is sometimes called Jacksonian nationalism has its roots in an aggrieved embittered and defensive White America centered largely in the American South Where the Creed is optimistic and triumphalist

Jacksonian nationalism is fed by a profound pessimism and a sense of personal social religious and sectional defeat Lieven examines how these two antithetical impulses have played out in recent US policy especially in the Middle East and in the nature of U S support for Israel He suggests that in this region the uneasy combination of policies based on two contradictory traditions have gravely undermined U S credibility and complicated the war against terrorism It has never been more vital that Americans understand our national character This hard hitting critique directs a spotlight on the American political soul and on the curious mixture of chauvinism and idealism that has driven the Bush administration **Christian**

Fundamentalism in America David S. New, 2014-01-10 Today the United States is plagued with cultural and political polarization the Reds and the Blues Because religion has been of great significance in America right from the first colonists who believed themselves to be God s chosen nation it is not surprising that religion constitutes the basis of today s dichotomy The recent resurgence of Christian fundamentalism is significant for the future of America as a nation under God This book examines the history of conservative American Christianity as it interacts with liberal beliefs With the Enlightenment the Puritan sense of mission faded but was rekindled with the Great Awakening This religious movement unified the colonies and provided an animating ideal which led to revolution against Britain But soon after the forces of liberalism made inroads and the seeds of division were planted This balanced account favors neither conservative nor liberal It is history with a human touch emphasizing personalities from Jonathan Edwards and William Jennings Bryan to David Koresh and Jim Jones

African Americans in Conservative Movements Louis G. Prisock, 2018-05-23 Providing an expansive view of the making and meaning of African American conservatism this volume examines the phenomenon in four spheres the political realm the academic world the black church and grass roots activism movements In his analysis of their activities in these realms Louis Prisock examines the challenges African American conservatives face as they operate within the context of largely white conservatism At the same time that African American conservatives challenge the white conservative movement s principle of color blindness they are accused of being racial mascots or tokens from those outside of it Prisock unwinds the intricacies of black conservatives relationships to both the wider conservative movement and the everyday life experiences of black Americans showing that they are as vulnerable to the inescapability of race as any other individual in a racialized America
