

Religious Studies

Timothy Fitzgerald

Religious Studies:

Introduction to Religious Studies Harvey J. Sindima, 2012-07-10 In *Introduction to Religious Studies* Harvey J Sindima provides an unconventional approach to the study of world religions. Often books and courses on religious studies focus on the major world religions. This approach however frequently ignores other religious experiences such as those of various African groups as well as the indigenous people of the Americas and Australia. These less widespread religions are commonly described in pejorative terms such as primitive religions or non literate religions. Focusing solely on well known religions is an approach that impoverishes religious studies and deprives students of the enormous wealth of religious knowledge of the world. *Introduction to Religious Studies* pulls together the diverse religious experience of Africans, Native Americans and the indigenous peoples of Australia in order to provide a comprehensive introduction to the study of religion and broaden the horizons of religious studies students. Under each theme or topic examples are drawn from religions of salvation as well as African and Native American religious traditions. This book provides students with a deep wide and very rich introduction to religious studies.

Religious Studies Walter H. Capps, 1995 Since its inception almost 200 years ago the study of religion has informed, enlightened, provoked and challenged our notions of humanity's deepest beliefs and longings. Now Walter Capps, nationally recognized for the quality and depth of his teaching, has written the first full scale introduction to the history and methods of religious studies. To assess the many points of view in this mature but diffuse discipline Capps uses the idea that four basic or fundamental questions and three enduring interests have given formal structure to the study of religion: the essence of religion, the origin of religion, descriptions of religion, the function of religion, the language of religion, comparisons of religion and the future of religious studies. In this way Capps relates the chief insights and theories of philosophy, anthropology, phenomenology, sociology and theology of religion and spotlights theorists from Immanuel Kant to Mircea Eliade. His valuable text unites in a single narrative and conceptual framework the major methodological proposals for the academic study of religion. It treats all the major theorists in their respective disciplines, schools of thought and intellectual movements. It treats the whole discipline as a dynamic and evolving tradition. *Religious Studies* constitutes not only an erudite introduction to the field exhibiting vast scholarship and careful assessment but also a bold synthetic proposal for its future.

Reinventing Religious Studies Scott S. Elliott, 2014-10-20 *Reinventing Religious Studies* offers readers an opportunity to trace the important trends and developments in Religious Studies over the last forty years. Over this time the study of religion has been transformed into a critical discipline informed by a wide range of perspectives from sociology to anthropology, politics to material culture and economics to cultural theory. *Reinventing Religious Studies* brings together key writings which have helped shape scholarship, teaching and learning in the field. All the essays are drawn from the *CSSR Bulletin*, a provocative, occasionally irreverent and always critical journal which has long been at the centre of debates in Religious Studies. This collection will prove invaluable for students and scholars of theory and method in Religious Studies. It offers

readers a unique opportunity to understand the history of key issues in the study of religion and what remains central to the study of religion today

Religious Studies: The Key Concepts Carl Olson, 2010-09-28 An accessible A Z resource defining and explaining key terms and ideas central to the study of religion Exploring broad and recurring themes which are applicable in both eastern and western religions cross cultural examples are provided for each term to give a comprehensive overview of the subject

Religion Today Ross Aden, 2012-10-05 Religion Today introduces students to key concepts in religious studies through a compelling problem solving framework Each chapter opens with a contemporary case study that helps students engage in current religious issues explore possible solutions to difficult religious problems today and learn key themes and concepts in religious studies To enhance student learning a free Student Study Guide is available for download from Rowman Littlefield The Study Guide features chapter summaries definition quizzes for students to test themselves on key terms and possible learning activities

Studying Religion Russell McCutcheon, 2018-11-12 Widely used as a primer a class text or just a provocation to critical thinking Studying Religion clearly explains the methods and theories employed in the academic study of religion by tackling the problem of how we define religion Written for newcomers to the field its chapters explore the three main ways in which religion is defined and along the way also considers a range of related topics from the history and functions of religion to public discourse on religion religion in the courts and the classification of religions The works of classic and contemporary scholars from Karl Marx and Sigmund Freud to Bruce Lincoln and Wendy Doniger are analyzed and explored in its readable chapters and detailed supporting materials Studying Religion represents a shift away from the traditional world religions approach and instead invites readers to consider how they divide up name and come to know the world around them Thoroughly revised throughout this second edition now includes a significantly expanded glossary summaries of technical terms and global case studies at the end of each chapter and additional biographies of key scholars mentioned This book will be invaluable to all students of religious studies whether in the introductory class or as an example of an alternative way of approaching the field

The Ideology of Religious Studies Timothy Fitzgerald, 2000 In recent years there has been an intensifying debate within the religious studies community about the validity of religion as an analytical category In this book Fitzgerald sides with those who argue that the concept of religion itself should be abandoned On the basis of his own research in India and Japan and through a detailed analysis of the use of religion in a wide range of scholarly texts the author maintains that the comparative study of religion is really a form of liberal ecumenical theology By pretending to be a science religion significantly distorts socio cultural analysis He suggest however that religious studies can be re represented in a way which opens up new and productive theoretical connections with anthropology and cultural and literary studies

Introducing Religion Robert Ellwood, 2016-10-14 Introducing Religion 4 e explores the different ways of looking at religion in the twenty first century A broad overview to religious studies as a discipline introduces students to the various subjects of religion Introducing Religion teaches readers how to think in

academic religious studies and its main areas including sociology of religion psychology of religion history of religion religion and art ethics and more The fourth edition has been expanded with new chapters exploring topics of contemporary interest myth spiritual paths religion and popular culture religion in the computer age religion and war Contemporary topics engage today's students relating the topics to the changing world around them *The Study of Religion* George D. Chrystides, Ron Geaves, 2013-12-05 This updated textbook unravels the complex issues related to methodology and theory in the study of religion It equips students with the knowledge needed for the academic study of religion explaining the history of the methodology including ideas of key theorists and discusses key issues in the field such as gender phenomenology and the insider outsider discourse Updated throughout additional material includes New chapter on colonialism and post colonialism New chapter on insider outsider discourse Coverage of cyber religion and the internet as a research tool in religious studies Study and classroom features in each chapter include Chapter outlines Case studies Boxed key concepts Discussion questions Chapter bibliographies The text is illustrated throughout with 35 images and extra resources can be found online including additional coverage of levels of religion *The World's Religious Traditions* Frank Whaling, 2016-10-06 The aim of this book is to make a major contribution to the field of religious studies while at the same time paying tribute to the work of Wilfred Smith Although the basis of the chapters is provided by Smith's themes of faith and tradition and Smith's approach to the study of religion this book stands in its own right as a significant addition to both content and method in the global history of religions First published in 1984 it includes contributions by Geoffrey Parrinder Annemarie Schimmel George Rupp Ninian Smart and others **Religious Studies in Alberta** Ronald W. Neufeldt, 1983-02-02 This first volume on the state of the art in religious studies in Canada offers a description and critique of the field in the colleges universities and secondary schools in Alberta Among the findings philosophical theological and textual approaches to the study of religion predominate to the relative neglect of methodologies employed in fields such as sociology and anthropology the quality and quantity of published research is significant but focusses on Christian studies some interdisciplinary study is being carried on and benefits religious studies as well as other fields religious studies scholars in Alberta have a relatively high public profile but their exercise of public responsibility is time consuming and can jeopardize career advancement in view of wide spread religious illiteracy among students descriptive courses must not be neglected in favour of analytical ones An appendix listing courses offered in the schools surveyed concludes the volume **Studying Religion** Russell T. McCutcheon, 2014-12-05 Widely used as a primer a text and a provocation to critical thinking Studying Religion aims to develop students skills The book clearly explains the methods and theories employed in the study of religion Essays are offered on a range of topics from the history and functions of religion to public discourse on religion and the classification of religions The works of key scholars from Karl Marx Ludwig Wittgenstein and Rudolf Otto to Mircea Eliade James G Frazer and Sigmund Freud are analysed and explored Studying Religion represents a shift away from the traditional focus of describing the exotic or curious religious

Other to an examination of how religious behaviours and institutions are studied The book will be invaluable to students of religious studies Religion and Violence Paul Powers,2020-07-28 Does religion cause much of the world s violence Is religion inherently violent Would violence disappear if religion did Is true religion a force for peace Is religion a mask for power and self interest What aspects of religion make violence more or less likely Religion and Violence A Religious Studies Approach explores the potential of classic social theories to shed light on the relationships between religion and violence This accessible and engaging book starts from the premise that both religion and violence are ordinary elements of social life and that rather than causing violence religion plays a crucial role in the management of violence Ideal for any student approaching the topic of religion and violence for the first time this core textbook includes chapter overviews and summaries guides for applying theory to real world events discussion questions and case studies Further teaching and learning resources are available on the accompanying companion website Understanding Religious Pluralism Peter C. Phan,Jonathan Ray,2014-08-01 Our contemporary world is fast becoming religiously diverse in a variety of ways Thanks to globalization and migration to mention only two current worldwide trends people of diverse and sometimes mutually hostile faiths are now sharing neighborhoods and encountering one another s religious traditions on a daily basis For scholars in religious studies and theology the issue to be examined is whether religious diversity is merely the result of historical development and social interaction or whether it is inherent in the object of belief part of the very structure of faith and our attempts to understand and express it The essays in this volume range from explorations of the impact of religious diversity on religious studies to examples of interfaith encounter and dialogue and current debates on Christian theology of religion These essays examine not only the theoretical issues posed by religious pluralism to the study of religion and Christian theology but also concrete cases in which religious pluralism has been a bone of contention Together they open up new vistas for further conversation on the nature and development of religious pluralism The Pursuit of the Sacred John Chitakure,2016-03-03 Globalization has taken the world by storm and has facilitated the unprecedented migrations of the peoples of this world Whether we like it or not we will meet foreigners in our communities schools universities buses and other public places But when people migrate they take their religions with them If people of different religious traditions are to live side by side amicably interfaith dialogue becomes imperative But for people to be able to speak about their own religions with enlightenment and listen to other people s religious beliefs with respect they must have some basic knowledge of how faiths and believers operate because for some people religion is inseparably intertwined with their economics politics and everyday lives This book clearly and concisely introduces religious studies to the reader It makes a strong case for the quest and study of world religions and explores the challenges controversies and methodological issues in the study of religions It also explores other pertinent religious issues such as beliefs rituals myths sacredness morality the problem of evil and interreligious dialogue Although written from a classroom perspective this book can be useful to any reader who would

like to acquire knowledge of religious issues

How To Study The Sacred: An Introduction To Religious Studies

Andrea Diem-Lane, 2014-05-29 Why do we find historians psychologists sociologists anthropologists even neurologists so interested in religion in the first place Perhaps it is because religion is less about God than it is about human beings representing our psycho social emotional biological state our cultural values and our overall history The purpose of this book is to introduce the student to the main questions in religious studies and to survey some of the dominant theories drawing from a variety of disciplines In sum it is a short introduction to the field of religious studies *Understanding Theories of Religion* Ivan Strenski, 2015-02-10 Featuring comprehensive updates and additions the second edition of *Understanding Theories of Religion* explores the development of major theories of religion through the works of classic and contemporary figures A new edition of this introductory text exploring the core methods and theorists in religion spanning the sixteenth century through to the latest theoretical trends Features an entirely new section covering religion and postmodernism race sex and gender and religion and postcolonialism Examines the development of religious theories through the work of classic and contemporary figures from the history of anthropology sociology psychology philosophy and theology Reveals how the study of religion evolved in response to great cultural conflicts and major historical events Student friendly features include chapter introductions and summaries biographical vignettes a timeline a glossary and many other learning aids **The**

Craft of Religious Studies NA NA, 2016-04-30 Unlike other humanistic disciplines the academic study of religion must contend with a phenomenon that touches every dimension of human experience For scholars so engaged the study of religion often becomes a cross cultural as well as a necessarily interdisciplinary endeavor In this collection of original essays Jon R Stone has brought together the intellectual autobiographies of fourteen senior scholars all with national or international reputations in their respective fields each of whom reflects upon his or her own theoretical assumptions and methodological approaches to the study of religion Taken together these essays represent the variety of research methods and interpretive rigor mature scholars bring to the task of examining religious phenomena religious actions religious movements and religious ideas *A Student's Guide to Religious Studies* D. G. Hart, 2005-07 The study of religion in American higher education is

fraught with difficulties that raise important questions about the nature of faith and the purpose of advanced learning Introduction to the Study of Religion Hillary P. Rodrigues, John S. Harding, 2008-08-20 Why do people study religion How have they studied it in the past How do we study religion today Is the academic study of religion the same as religious education These and many other questions are addressed in this engaging introduction to the discipline of religious studies written by two experienced university teachers The authors have crafted this book to familiarize novice students with key concepts and terminology in the study of religion More advanced students will find a varied array of theoretical perspectives and methodological approaches to the field Topics include definitions of religion perspectives in the study and teaching of religion how religion began to be studied traditional perspectives philosophical and theological how people experience

religion perspectives in the study of religious consciousness and perception phenomenological and psychological studying religion within communities Social and cultural perspectives anthropological sociological political and economic judging religion critical perspectives feminist approaches the interaction of popular literature and religion contextual perspectives historical and comparative The book encourages students to think critically about the theories and methods presented Students will find arguments for the strengths and limitations of these approaches understand connections among religious studies and other intellectual movements and develop their own ideas of how they might want to go about the study of religion Summary boxes a timeline a glossary and other pedagogic aids help students grasp key concepts along with a companion website at www.sastor.com

Religious Studies Introduction

In the digital age, access to information has become easier than ever before. The ability to download Religious Studies has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Religious Studies has opened up a world of possibilities. Downloading Religious Studies provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Religious Studies has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Religious Studies. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Religious Studies. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Religious Studies, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Religious Studies has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Religious Studies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Religious Studies is one of the best book in our library for free trial. We provide copy of Religious Studies in digital format, so the resources that you find are reliable.
