

DAVID ATKINS

THE RELUCTANT MAJOR

Reluctant Major

Andrew Gordon

Reluctant Major:

The Reluctant Major David Atkins,1996 When David Atkins sent most of India s flour supply to the wrong port he was plucked from his pleasant life as a Staff Captain in Delhi and promoted to the rank of Major But his promotion only led to further disasters

Reluctant Europeans David Gowland,Arthur Turner,2014-09-25 During the past fifty years few issues in British politics have generated such heated controversy as Britain s approach to European integration Why has Europe had such an explosive impact on British politics What impelled British policymakers to embrace a European destiny and why did they take such a cautious approach These are some of the key issues addressed in*The Reluctant Europeans* This new study draws upon recently available source material providing a clear chronological account and covering events right up to Blair s first year in office and the launch of the Euro

Reluctant Heroes James Baddock,2014-06-19 THE DUTCH CAPER First in the Cormack and Woodward series it involves a dangerous mission into wartime Europe in order to try and find vital information about the Liechtenstein onboard radar system that Luftwaffe night fighters are using to shoot down RAF bombers in ever increasing numbers The only way to do this is to steal a night fighter from a securely guarded Luftwaffe air base Based on a true story EMERALD Sequel to *The Dutch Capers* where Cormack and Woodward have to fly into Berlin during the last days of the War in order to bring out Emerald a highly placed British agent who is being hunted not just by the Gestapo but by Soviet Intelligence as well The action takes place against a background of a Berlin that is being systematically destroyed by the attacking Red Army BERLIN ENDGAME The third book in the series set during the Berlin Blockade of 1948 Cormack and Woodward uncover an assassination plot that if successful could spark armed conflict in Berlin that almost inevitably will lead to World War Three Bad enough that they don t know when or where the killing is to take place but even worse is the suspicion that their own superiors could be involved

Burma Victory David Rooney,2013-05-20 In the final years of World War II the campaign against Japan stepped up in a series of bloody battles with each side having much to lose While much of the history of the period focuses on the Pacific Campaign and the American island hopping this book studies the forgotten war and the Allied fight to push the Japanese out of Burma The Allies British American Indian and Chinese soldiers saw the battles of Imphal and Kohima as a way to avenge the crushing defeats of 1942 while the Japanese viewed the battles as the precursor to a victorious drive into India and domination of Asia David Rooney examines the aims of both sides alongside the battles themselves which secured victory in Burma and the roles of Wingate Stilwell and the Chindits Following the defeats of 1942 the Allies re emerged to fight the Japanese their troops had seen a revival of morale with the new Fourteenth Army under General Slim and the development of new tactics and Allied air and firepower superiority

River Magic Martha Hix,1995-04-01 India Marshall took one look at the Union Army s Rock Island Prison Camp on the banks of the Mississippi and prayed for strength The determined Confederate belle had vowed to set her brother free at any cost If she could somehow entice Major Connor O Brien into trusting her she might be

able to stage a prison break until she found herself caught between fear and desire desperation and a passion that promised to break her heart West Point soldier Connor O'Brien fought for the North even though his big brawling family came from Tennessee He had mixed feelings about guarding this prison camp but no doubts about the southern charmer who was placing both their lives at risk Now as the dark currents of war and treachery swept them toward certain betrayal Connor and India were trapped between the loyalties they held dear and the love they could no longer resist

Community Practice in the Network Society Peter Day, Douglas Schuler, 2004 Community Practice in the Network Society looks at the broad context in which this is happening presents case studies of local projects from around the world and discusses community ICT research methodologies

Move On! Faith McClung Kline O'Brien, 2022-10-20 Author Faith McClung Kline O'Brien's paternal grandparents Albert McClung and Mattie Fitzgerald met at a small country church in Oklahoma in 1907 the year that territory became a state Albert's ancestors included Revolutionary patriots Saucy Jack McClung of Scotch Irish descent and Abraham Kuykendall of Dutch lineage who around 1740 relocated from New York to North Carolina where he settled and accumulated a fortune in gold coins Mattie descended from two former sea captains who became merchants in Brooklyn New York Edward Card from Maine and Nathaniel Grafton from Newport Rhode Island whose seafaring ancestors had sailed the Atlantic Ocean since the mid 1600s In *Move On* O'Brien chronicles her extended family's history with each chapter focusing on one of Albert's or Mattie's seventeen ancestral branches the Fitzgerald and McClung Clans and their allied lines the Anthony Barry Card Dods Forman Grafton Kuykendall Longstreet Miller Reid Thompson Tidwell Trigg Wilbore and Wyckoff families Ten of these lines include Revolutionary patriots and ten have roots in America extending as far back as the 1600s *Move On* tells how descendants of these disparate families met united in marriage and eventually became pioneers on the Southwestern prairies Glimpses of religion in the lives of everyday Americans appear throughout *Move On* which combines genealogical details with personal stories many taking place during pivotal events in US history Stories from the nineteenth and early twentieth centuries told firsthand by O'Brien's late grandparents help bring *Move On* to life through the eyes of real life characters her ancestors

The Gaidinliu Uprising in British India Sajal Nag, 2024-03-19 This book studies the Gaidinliu uprising led by Rani Gaidinliu a spiritual and political leader from Northeast India It follows the journey of Gaidinliu who was at the forefront of the revolt which turned into a political movement seeking to drive out the British from Manipur and the surrounding Naga areas The book looks at the Gaidinliu movement as one of many tribal responses to colonial transformation deprivation alienation and extreme oppression of the tribal formations in India It also critically analyses the diverse colonial modes of tackling the different types of opposition to its rule and examines how the State devised to permanently erase the idea of rebellion from the minds of its subjects as a future strategy A unique contribution the book will be indispensable to political science modern history gender studies subaltern studies political theory tribal studies political sociology political history colonialism post colonial studies and South Asia studies particularly those

interested in Northeast India **The Field Trip** R.A. Andrade, 2015-05-04 An adventure mixed with a touch of fantasy Add a twist of love Although clumsy with women botany professor Ross Barton possesses the quality of fearlessness when confronting danger Relieved to be escaping routine school work and a bad relationship for a field research trip a strange woman and danger are the last of his expectations Jay an awkward young woman unwilling to disclose her past begins a solitary hike into the forest with a pet concealed in a box She claims the pet is a cat Rumors are spreading about odd lights in the night skies of New England A flight instructor reports that the government quarantined an area of Vermont woods All trails intersect on The Field Trip Creating Nordic Capitalism Susanna Fellman, Martin Jes Iversen, Hans Sjögren, Lars Thue, 2017-09-16 Creating Nordic Capitalism illuminates how the economies of five small North European countries Denmark Finland Norway Iceland and Sweden became so competitive during the twentieth century Through rigorous analysis the authors propose and describe the defining features of Nordic capitalism **Thundersticks** David J. Silverman, 2016-10-10 David Silverman argues against the notion that Indians prized flintlock muskets more for their pyrotechnics than for their efficiency as tools of war Native peoples fully recognized the potential of firearms to assist them in their struggles against colonial forces and mostly against one another as arms races erupted across North America **Ulysses S. Grant: A Victor, Not a Butcher** Edward H. Bonekemper, III, 2010-10-11 Ulysses S Grant is often accused of being a cold hearted butcher of his troops In Ulysses S Grant A Victor Not a Butcher historian Edward H Bonekemper III proves that Grant s casualty rates actually compared favorably with those of other Civil War generals His perseverance decisiveness moral courage and political acumen place him among the greatest generals of the Civil War indeed of all military history Bonekemper proves that it was no historical accident that Grant accepted the surrender of three entire Confederate armies and won the Civil War Bonekemper ably silences Grant s critics and restores Grant to the heroic reputation he so richly deserves Crash Course H. Bruce Franklin, 2018-09-03 Growing up during the Second World War H Bruce Franklin believed what he was told that America s victory would lead to a new era of world peace Like most Americans he was soon led to believe in a world wide Communist conspiracy that menaced the United States forcing the nation into a disastrous war in Korea But once he joined the U S Air Force and began flying top secret missions as a navigator and intelligence officer what he learned was eye opening He saw that even as the U S preached about peace and freedom it was engaging in an endless cycle of warfare bringing devastation and oppression to fledgling democracies across the globe Now after fifty years as a renowned cultural historian Franklin offers a set of hard learned lessons about modern American history Crash Course is essential reading for anyone who wonders how America ended up where it is today with a deeply divided and disillusioned populace led by a dysfunctional government and mired in unwinnable wars It also finds startling parallels between America s foreign military exploits and the equally brutal tactics used on the home front to crush organized labor antiwar and civil rights movements More than just a memoir or a history book Crash Course gives readers a unique firsthand look at the building of the

American empire and the damage it has wrought Shocking and gripping as any thriller it exposes the endless deception of the American public and reveals from inside how and why many millions of Americans have been struggling for decades against our own government in a fight for peace and justice

The Evolution of Labor Relations in Japan Andrew Gordon,2020-03-17 The century long process by which a distinct pattern of Japanese labor relations evolved is traced through the often turbulent interactions of workers managers and at times government bureaucrats and politicians The author argues that although by the 1920s labor relations had reached a stage that foreshadowed postwar development it was not until the 1940s and 1950s that something closely akin to the contemporary pattern emerged The central theme is that the ideas and actions of the workers whether unionized or not played a vital role in the shaping of the system This is the only study in the West that demonstrates how Japanese workers sought to change and to some extent succeeded in changing the structure of factory life Managerial innovations and the efforts of state bureaucrats to control social change are also examined The book is based on extensive archival research and interviewing in Japan including the use of numerous labor union publications and the holdings of the prewar elite s principal organization for the study of social issues the Kyochokai both collections having only recently been catalogued and opened to scholars This is an intensive look at past developments that underlie labor relations in today s Japanese industrial plants

The Master of the Strong Hearts Elbridge Streeter Brooks,1898 *2003 Lectures* ,2004

Forgotten Armies Christopher Alan Bayly,Timothy Norman Harper,2005 In the early stages of the Second World War the vast crescent of British ruled territories stretching from India to Singapore appeared as a massive Allied asset It provided scores of soldiers and great quantities of raw materials and helped present a seemingly impregnable global defense against the Axis Yet within a few weeks in 1941 42 a Japanese invasion had destroyed all this sweeping suddenly and decisively through south and southeast Asia to the Indian frontier and provoking the extraordinary revolutionary struggles which would mark the beginning of the end of British dominion in the East and the rise of today s Asian world More than a military history this gripping account of groundbreaking battles and guerrilla campaigns creates a panoramic view of British Asia as it was ravaged by warfare nationalist insurgency disease and famine It breathes life into the armies of soldiers civilians laborers businessmen comfort women doctors and nurses who confronted the daily brutalities of a combat zone which extended from metropolitan cities to remote jungles from tropical plantations to the Himalayas Drawing upon a vast range of Indian Burmese Chinese and Malay as well as British American and Japanese voices the authors make vivid one of the central dramas of the twentieth century the birth of modern south and southeast Asia and the death of British rule

The Indian Army and the End of the Raj Daniel Marston,2014-04-24 The Partition of British India in 1947 resulted in the establishment of the independent states of India and Pakistan and the end of the British Raj The decision to divide British India along religious lines led to widespread upheaval and communal violence in the period leading up to and following the official day of independence 15 August 1947 In this book Daniel Marston provides a unique

examination of the role of the Indian army in post World War II India He draws upon extensive research into primary source documents and interviews with veterans of the events of 1947 to provide fresh insight into the vital part that the Indian Army played in preserving law and order in the region This rigorous book fills a significant gap in the historiography of the British in India and will be invaluable to those studying the British Empire and South Asia more generally Balancing Protection and Opportunity ,2000-01-01 The conversion from planned to market economies spawned new opportunities and challenges in Central and Eastern Europe and Central Asia Since the social safety nets of guaranteed employment and retirement security disintegrated the transition governments are trying to develop new social protection systems or adapt the old ones to emerging welfare needs and fiscal realities Political upheavals macroeconomic instability and the difficulty of implementing reforms have hampered progress Thus the World Bank needs to address social protection issues to inform future Bank activities To that end this report presents a social protection strategy for transition economies rooted in three pillars of analysis a conceptual framework based on risk management an understanding of the context challenges and choices in each country and Bank experience in social protection in the region **Strike for the Common Good** Rebecca Kolins Givan,Amy Schrager Lang,2020-10-08 In February 2018 35 000 public school educators and staff walked off the job in West Virginia More than 100 000 teachers in other states both right to work states like West Virginia and those with a unionized workforce followed them over the next year From Arizona Kentucky and Oklahoma to Colorado and California teachers announced to state legislators that not only their abysmal wages but the deplorable conditions of their work and the increasingly straitened circumstances of public education were unacceptable These recent teacher walkouts affirm public education as a crucial public benefit and understand the rampant disinvestment in public education not simply as a local issue affecting teacher paychecks but also as a danger to communities and to democracy Strike for the Common Good gathers together original essays written by teachers involved in strikes nationwide by students and parents who have supported them by journalists who have covered these strikes in depth and by outside analysts academic and otherwise Together the essays consider the place of these strikes in the broader landscape of recent labor organizing and battles over public education and attend to the largely female workforce and often largely non white student population of America s schools

Whispering the Secrets of Language: An Mental Journey through **Reluctant Major**

In a digitally-driven earth wherever monitors reign supreme and quick communication drowns out the subtleties of language, the profound strategies and emotional nuances concealed within words usually get unheard. Yet, located within the pages of **Reluctant Major** a interesting fictional prize blinking with fresh emotions, lies an extraordinary journey waiting to be undertaken. Composed by a talented wordsmith, that marvelous opus attracts visitors on an introspective journey, softly unraveling the veiled truths and profound affect resonating within the cloth of each word. Within the psychological depths of this touching evaluation, we will embark upon a heartfelt exploration of the book is primary subjects, dissect its captivating writing type, and yield to the effective resonance it evokes serious within the recesses of readers hearts.
