Ashley W. Doane,Eduardo Bonilla-Silva,2013-01-11 What does it mean to be white This remains the question at large in the continued effort to examine how white racial identity is constructed and how systems of white privilege operate in everyday life White Out brings together the original work of leading scholars across the disciplines of sociology philosophy history and anthropology to give readers an important and cutting edge study of whiteness Napoleon Adam Zamoyski,2018-10-16 The definitive biography of Napoleon hailed as magnificent by The Economist What a novel my life has been Napoleon once said of himself Born into a poor family the callow young man was by twenty six an army general Seduced by an older woman his marriage transformed him into a galvanizing military commander The Pope crowned him as Emperor of the French when he

was only thirty five Within a few years he became the effective master of Europe his power unparalleled in modern history His downfall was no less dramatic The story of Napoleon has been written many times In some versions he is a military genius in others a war obsessed tyrant Here historian Adam Zamoyski cuts through the mythology and explains Napoleon against the background of the European Enlightenment and what he was himself seeking to achieve This most famous of men is also the most hidden of men and Zamoyski dives deeper than any previous biographer to find him Beautifully written Napoleon brilliantly sets the man in his European context *We Want to Believe* Amy M. Donaldson,2011-04-14 From the first episode to the latest feature film two main symbols provide the driving force for the iconic television series The X Files Fox Mulder s I Want to Believe poster and Dana Scully s cross necklace Mulder s poster may feature a flying saucer but the phrase I want to believe refers to more than simply the quest for the truth about aliens The search for extraterrestrial life the truth that is out there is a metaphor for the search for God The desire to believe in something greater than ourselves is part of human nature we want to believe Scully s cross represents this desire to believe as well as the internal struggle between faith and what we can see and prove The X Files depicts this struggle by posing questions and exploring possible answers both natural and supernatural Why would God let the innocent suffer Can God forgive even the most heinous criminal What if God is giving us signs to point the way to the truth but we re not paying attention These are some of the questions raised by The X Files In the spirit of the show this book uses the symbols and images presented throughout the series to pose such questions and explore some of the answers particularly in the Christian tradition With a focus on key themes of the series faith hope love and truth along the way this book journeys from the desire to believe to the message of the cross

**Inventing Southern Literature** Michael Kreyling, 2009-11-12 Winner of the 1997 Eudora Welty Prize I take an outward route arguing that the Agrarian project was and must be seen as a willed campaign on the part of one elite to establish and control the South in a period of intense cultural maneuvering The principal organizers of I ll Take My Stand knew full well there were other Souths than the one they touted they deliberately presented a fabricated South as the one and only real thing In Inventing Southern Literature Michael Kreyling casts a penetrating ray upon the traditional canon of southern literature and questions the modes by which it was created He finds that it was indeed an invention rather than a creation In the 1930s the foundations were laid by the Fugitive Agrarian group a band of poet critics that wished not only to design but also to control the southern cultural entity in a conservative political context From their heyday to the present Kreyling investigates the historical conditions under which literary and cultural critics have invented the South and how they have chosen its representations Through his study of these choices Kreyling argues that interested groups have shaped meanings that preserve a South as the South As the Fugitive Agrarians molded the region according to their definition in I ll Take My Stand they professed to have developed a critical method that disavowed any cultural or political intent or content a claim that Kreyling disproves He shows that their torch was taken by Richard Weaver on the Right and Louis D Rubin Jr on the Center Left and that both critics tried to preserve the Fugitive Agrarian credo despite the severe stresses imposed during the era of desegregation As the southern literary paradigm has been attacked and defended certain issues have remained in the forefront Kreyling takes on three reconciling the imperatives of race with the traditional definitions of the South testing the ways white women writers of the South have negotiated space within or outside the paradigm and analyzing the critics use and abuse of William Faulkner the major figure of southern literature as they have relied on his achievement to anchor the total project called Southern Literature
