## **Remaining In Light Ant Meditations On A Painting By Edward Hopper:**

**Remaining in Light** John Taggart, 1993-01-01 This is the first sustained critical examination of the work of Edward Hopper a major twentieth century American painter It is a sequence of meditations on his painting *A Woman in the Sun* Each meditation informed by Derrida's conception of the supplement is about both the painting and about the nature of the reading process Light as Experience and Imagination from Medieval to Modern Times David S. Herrstrom, 2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S. Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual's relationship with light rather than the investigation of light's essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light's character No individual experience of light being truer than any other **Intricate Thicket** Mark Scroggins, 2015-09-15 *Intricate Thicket* Reading Late Modernist Poetries offers a collection of nineteen essays that deftly erodes the simplistic distinction between modernism and postmodernism showing that many attributes of postmodernist verse form not a break with but rather a continuation of modernist poetry *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The *Encyclopedia of American Poetry: The Twentieth Century* contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States *The New American Poetry* John R. Woznicki, 2013-12-24 *The New American Poetry Fifty Years Later* is a collection of critical essays on Donald Allen's 1960 seminal anthology *The New American Poetry* an anthology that Marjorie Perloff once called the fountainhead of radical American poetics *The New American Poetry* is referred to in every literary history of post World War II American poetry Allen's anthology has reached its fiftieth anniversary providing a unique time for reflection and reevaluation of this preeminent collection As we know Allen's anthology was groundbreaking it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson Allen Ginsberg and the Beats and it was the first to categorize these poets by the schools Black Mountain New York School San Francisco Renaissance and the Beats by which they are known today Over the course of fifty years this categorization of poets into schools has become one of the major if not only way that *The New American Poetry* is remembered or valued one certain goal of this volume as one reviewer

invites is to pry The New American Poetry out from the hoary platitudes that have encrusted it To this point critics mostly have examined The New American Poetry as an anthology former treatments of The New American Poetry look at it intently as a whole Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented highly visible and debated material in which to consider we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity This volume however goes beyond the analysis of construction and reception and achieves something distinctive extending those former treatments by treading on the paths they create This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual we invite consideration of The New American Poetry that is radical in the sense of root of harboring something fundamental something inherent as we uncover and trace further elements correlated with its widespread influence over the last fifty years      Orphic Bend Robert L. Zamsky, 2021-08-10 Opera poetics and the fate of humanism Ezra Pound and Charles Bernstein Measure then is my testament Robert Creeley and the poet's music Orpheus in the garden John Taggart Eurydice takes the mic improvisation and ensemble in the work of Tracie Morris Orphic bend music and meaning in the work of Nathaniel Mackey      **One Word** Molly McQuade, 2010 One Word asks the question writers and readers love to answer what word means the most to you and why      *Is Music* John Taggart, 2013-07-01 John Taggart's poetry is not like music it is music George Oppen *Is Music* a major retrospective of an American original gathers the best poems from John Taggart's fourteen volumes ranging from early objectivist experiments and jazz influenced improvisational pieces to longer breathtaking compositions regarded as underground masterpieces There is a prayerful quality to Taggart's poetry rooted in music from medieval Christian traditions and soul to American punk rock He is also heavily influenced by the visual arts most notably in his classic *Slow Song* for Mark Rothko in which he did with words what Rothko did with paint and dye To breathe and stretch one's arms again to breathe through the mouth to breathe to breathe through the mouth to utter in the most quiet way not to whisper not to whisper to breathe through the mouth in the most quiet way to breathe to sing to breathe to sing to breathe to sing the most quiet way To sing to light the most quiet light in darkness radiantia radiantia singing light in darkness To sing as the host sings in his house John Taggart is the author of fourteen books of poetry and two books of criticism He was for many years a professor of English and director of the Interdisciplinary Arts Program at Shippensburg University He lives near Shippensburg Pennsylvania      Visiting Wallace Dennis Barone, James Finnegan, 2009-09 A collection of seventy six poems inspired by poet Wallace Stevens's life and work written by a variety of modern poets      *Text & Presentation*, 2015 Graley Herren, 2016-02-04 Bringing together some of the best work from the 2015 Comparative Drama Conference in Baltimore this book covers subjects from ancient Greece to 21st century America with a variety of approaches and formats including two transcripts 10 research papers and six book reviews This year's highlight is the keynote conversation featuring Pulitzer Prize winning playwright David Lindsay Aboire This

volume is the twelfth in a series dedicated to presenting the latest research in the fields of comparative drama performance and dramatic textual analysis **TO.** ,1994 *Louis Zukofsky and the Poetry of Knowledge* Mark Scroggins,1998 Provides a provocative and advanced introduction to the thought and writing of Louis Zukofsky aptly described as one of the first postmodernists Poet translator and editor Louis Zukofsky was born in New York City in 1904 Raised to speak first Yiddish and then English he was fascinated by language from an early age This deep preoccupation with language its musicality complex constructions and fluid meaning later became a key component in the development of his poetry Friend to William Carlos Williams Marianne Moore and Ezra Pound mentor to Robert Creeley and influence on many of the Language Movement poets Zukofsky and his work stand squarely at the center of American poetry s transition from modernism to postmodernism Mark Scroggins advances thoughtful readings of Zukofsky s key critical essays a wide variety of his shorter poems and his poem of a life A He carefully situates Zukofsky within his literary and historical contexts examining his relationship to Pound his 1930s Marxist politics and his sense of himself as a Jewish modernist poet Scroggins also places Zukofsky within an ongoing tradition of American poetry including the work of Wallace Stevens Charles Bernstein Ronald Johnson Michael Palmer and John Taggart **Apex of the M** ,1994 **Sulfur** ,1995 Talisman ,2006 From the Other Side of the Century Douglas Messerli,1994 Since 1970 many readers have waited for another anthology that incorporates poets writing after Donald Allen s 1960 *The New American Poetry* Organized into somewhat arbitrary and non rigid categories these selections present poetry that has reshaped our language culture and thought for the past 30 years The Arithmetic of Memory Anthony Rudolf,1999 *The Arizona Quarterly* ,2000 **Pastorelles** John Taggart,2004 **Northwest Review** ,1994
