Willard, Jason Locy, 2014-05-06 Timothy Willard and Jason Locy show readers how to discover the brilliance of God in the shadows of everyday life Life opens up before each of us it beckons it tempts it thrills it betrays And what do we desire All of it and none of it We re not in this to survive but to live We want to experience joy in the everyday grind of work relationships and parenting We want healing in our suffering Forgiveness in the midst of our pains Purpose through the journey We want to break free from the temporal and live with an eternal perspective We want to be brilliant In *Home Behind The Sun* coauthors Timothy Willard and Jason Locy invite you to step out of the shadows and into the brilliance They want to introduce you to the God of the mysterious A God who combats despair with joy topples bitterness with forgiveness and eliminates cynicism with belief and whimsy You re invited home Home behind the sun *The Heart Remembers Home* Marilyn Smith, 2013-06-09 The HEART REMEMBERS HOME is an autobiography of Marilyn Marisue Niebauer Smith With stories spanning seventy plus years of living it includes raising eight children and several years of teaching and Newspaper work The story began with her birth in Cortez Colorado during the depression It continues with her family s move to Farmington New Mexico and then to San Francisco California during World War II The book includes moves to Corry Pennsylvania and Ripley New York with final retirement and a new life in Lakeland Florida *The Global Wordsworth* Katherine Bergren, 2019-05-24 The Global Wordsworth charts the travels of William Wordsworth s poetry around the English speaking world But as Katherine Bergren shows Wordsworth s afterlives reveal more than his influence on other writers his appearances in novels and essays from the antebellum U S to post Apartheid South Africa change how we understand a poet we think we know Bergren analyzes writers like Jamaica Kincaid J M Coetzee and Lydia Maria Child who plant Wordsworth in their own writing and bring him to life in places and times far from his own and then record what happens By working beyond narratives of British influence Bergren highlights a more complex dynamic of international response in which later writers engage Wordsworth in conversations about slavery and gardening education and daffodils landscapes and national belonging His global reception critical appreciative and

ambivalent inspires us to see that Wordsworth was concerned not just with local English landscapes and people but also with their changing place in a rapidly globalizing world This study demonstrates that Wordsworth is not tangential but rather crucial to our understanding of Global Romanticism Published by Bucknell University Press Distributed worldwide by Rutgers University Press Spring Meditations Jean Elizabeth Ward,2008-09-04 Spring Poetry Prose Verses and Quotes by Jean Ward Jean E Ward Jean Elizabeth Ward American Poet Laureate and Multi media Artist presents words by Whitman Shelley Dickinson Wordsworth Teasdale Lyly Rilke Herbert Parker Lynch Howe Herrick Cummings Blake Lawrence Basho Yu Xuanji Li Quingzhao Zen Masters and more one of four books in the series of Mediations **Ariel's Gift: Ted Hughes, Sylvia**

Steinberg,2017-06-29 The authors discuss Sylvia Plath archival discoveries in unique ways unearthing previously unknown materials and bringing new context to well known worksNew essays on the sociological notion of haunting in the archiveInnovative approaches to distance international collaboration in archival scholarshipIntroduces new ways of understanding Sylvia PlathPlath s The Bell Jar is to be released in 2018 as a major film starring Dakota Fanning and directed by Kirsten Dunst These Ghostly Archives The Unearthing of Sylvia Plath offers a ground breaking look at Plath studies Focusing on previously unpublished material found in archives from around the world These Ghostly Archives aims to reconstruct the ghostly figure of Plath within our culture via unseen letters manuscripts photographs places and poems This book approaches archival studies exploring both the practical and experiential work carried out in the archive highlighting the detective type work that it involves and the traces left behind from history However for the first time this work also combines the sociological notion of haunting that is the archive as a location where

researchers haunt the research subject and in turn are haunted by the traces left behind Never is material culture more powerful than when associated with the dead never is the archive ghostlier when haunted by the absent presence of Plath This book showcases the necessity to leave no archival box or folder left unopened and how the researcher and the archive can change even though its documents might stay the same Illustrations 32 colour photographs Memories Of Ode Alan Turner,2009-06-29 This book is a collection of poems and short stories recollecting the life of the Author as a young boy growing up in a small Hampshire village The idea came about on a visit back to his homeland and of course the village that he grew up in The poems are of the places and times that he remembers so well and the short stories are some of the things some of them humorous and others just recalling his life as a boy Class and the Uses of Poetry Andrew Smith,2024-08-17 This book provides new empirical evidence about the ways in which social inequalities especially those of class shape and delimit forms of cultural reception and creative opportunity How does it come about that in George Orwell s words the divorce between poetry and popular culture is accepted as a sort of law of nature Drawing on qualitative research conducted in and around Glasgow Poetry Class and Symbolic Violence explores how working class readers engaged with made sense of and contested a sense of exclusion from contemporary poetry In doing so it sheds light on the symbolic enclosure of poetry on how that enclosure takes shape in the encounter between readers and poems but also on why poetry continues to matter Through these conversations and in further interviews with unpublished poets it reflects on the creative and expressive affordances of poetry on what can be done with poetry and what it can make possible Sociologists have had little to say about poetry as a distinctive esthetic practice Poetry Class and Symbolic Violence tries to break that silence and to make a start on constructing a critical sociology of poetry for today Public Engagement with Holocaust Memory Sites in Poland Diana I. Popescu,2024-05-26 This book aims to address a neglected field of research by providing evidence based insights into how contemporary visitors of different national and generational background especially those of Polish and Jewish descent experience and reflect on their visits or on living in the proximity of different sites of memory across Poland including former concentration and death camps ghetto sites and other physical sites such as museums with a connection to the Holocaust
