Modern Spanish Grammar Christopher Pountain, Juan Kattan-Ibarra, Christopher J. Pountain, Juan Kattán-Ibarra, 2004-06-01. Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish combining traditional and function based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as giving and seeking information, putting actions into context, expressing likes, dislikes and preferences, comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels from elementary to advanced. It will prove invaluable to those with little experience of formal grammar as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back up to functional syllabuses and to designers of Spanish courses. *Amusing Musings by the Lady Rev* Carol Hermann, 2018-01-31. **The Hendrickson Dictionary of New Testament Words and Concepts** Jonathan G. Kline,2025-07-08 What are the major conceptual and thematic categories found in the New Testament and how does understanding them help us create a mental map of the world in which Jesus lived and the world of the early church By presenting a broad range of New Testament words and ideas and grouping them according to conceptual and thematic categories this volume helps readers immerse themselves more deeply in these worlds The entries present the Greek words that lie behind their English equivalents and indicate or trace where these words occur in the New Testament thereby providing those who have not studied the original languages of Scripture with new insights into the conceptual world of the New Testament that cannot be gained by only studying English translations

**The Cross** Richard Kema,2014-10-07 In this book The Cross you will discover that the cross of Jesus Christ is everything to man As an indispensable part of our Christian life there cant be any child of God that ought to glory in anything save in the cross thus it is the hallmark of the church and the crux of the Gospel This inspirational and expository study shows how the cross was in the mind of God long before man invented it The cross is the reason God sent his one and only Son into the world to save mankind from sin and death In Christianity the cross became not only a symbol of the shameful death of Jesus Christ as a criminal but also of his subsequent resurrection to eternal life and of his promise of salvation to Christian believers There is a crossless Christianity which hinders a deeper dimension of consecration responsible for the carnality we see in the church today Richard Kema in this book helps us to appreciate the power of the cross as the only way to salvation deliverance and restoration Dr Steve Ogan
