**Louisiana Coughatta Basket Makers** Linda Langley, Denise E. Bates, 2021-04-21 Louisiana Coughatta Basket Makers brings together oral histories tribal records archival materials and archaeological evidence to explore the fascinating history of the Coughatta Tribe s famed basket weavers After settling at their present location near the town of Elton Louisiana in the 1880s the Coughatta Koasati tribe developed a basket industry that bolstered the local tribal economy and became the basis for generating tourism and political mobilization The baskets represented a material culture that distinguished the Coughattas as Indigenous people within an ethnically and racially diverse region Tribal leaders serving as diplomats also used baskets as strategic gifts as they built political and economic allegiances throughout the twentieth century thereby securing the Coughattas future Behind all these efforts were the basket makers themselves Although a few Coughatta men assisted in the production of baskets it was mostly women who put in the long hours to gather and process the materials then skillfully stitch them together to produce treasures of all shapes and sizes The art of basket making exists within a broader framework of Coughatta traditional

teachings and educational practices that have persisted to the present As they tell the story of Coushatta basket makers Linda P Langley and Denise E Bates provide a better understanding of the tribe s culture and values The weavers own language of baskets shapes this narrative which depicts how the tribe survived repeated hardships as weavers responded on their own terms to market demands The work of Coushatta basket makers represents the perseverance of traditional knowledge in the form of unique and carefully crafted fine art that continues to garner greater recognition and appreciation with every successive generation

*Doing Women's History in Public* Heather Huyck, 2020-04-05 A complete guide to interpreting women s history Women s history is everywhere not only in historic house museums named for women but also in homes named for famous men museums of every conceivable kind forts and battlefields even ships mines and in buckets Women s history while present at every museum and historic site remains less fully interpreted in spite of decades of

vibrant and expansive scholarship **Doing Women's History in Public: A Handbook for Interpretation at Museums and Historic Sites** connects that scholarship with the tangible resources and the sensuality that form museums and historic sites: the objects, architecture and landscapes in ways that encourage visitor fascination and understanding and center interpretation on the women active in them. With numerous examples that focus on all women and girls, it appropriately includes everyone for whom women intersect with every other human group. This book provides arguments, sources, written, oral and visual, and tools for finding women's history, preserving it and interpreting it with the public. It uses the framework of Significance, importance, Knowledge Base, research in primary, secondary and tertiary sources and Tangible Resources: the preserved physical embodiment of history in objects, architecture and landscapes. Discusses traditional and technology-assisted interpretation and provides Tools to implement **Doing Women's History in Public**. Using a hospitality model, museums and historic sites are the locales where we assemble, learn from each other and take our insights into a more gender-shared future. **Tending**

**the Wild** M. Kat Anderson, 2005-06-14 A complex look at California Native ecological practices as a model for environmental sustainability and conservation. John Muir was an early proponent of a view we still hold today that much of California was pristine, untouched wilderness before the arrival of Europeans. But as this groundbreaking book demonstrates, what Muir was really seeing when he admired the grand vistas of Yosemite and the gold and purple flowers carpeting the Central Valley were the fertile gardens of the Sierra Miwok and Valley Yokuts. Indians modified and made productive by centuries of harvesting, tilling, sowing, pruning and burning. Marvelously detailed and beautifully written, **Tending the Wild** is an unparalleled examination of Native American knowledge and uses of California's natural resources that reshapes our understanding of native cultures and shows how we might begin to use their knowledge in our own conservation efforts. M. Kat Anderson presents a wealth of information on native land management practices gleaned in part from interviews and correspondence with Native Americans who recall what their grandparents told them about how and when areas were burned, which plants were eaten and which were used for basketry and how plants were tended. The complex picture that emerges from this and other historical source material dispels the hunter-gatherer stereotype long perpetuated in anthropological and historical literature. We come to see California's indigenous people as active agents of environmental change and stewardship. **Tending the Wild** persuasively argues that this traditional ecological knowledge is essential if we are to successfully meet the challenge of living sustainably. **The Responsive Eye**

Ralph T. Coe, 2003 Over the past three decades, Ralph T. Coe has traveled extensively throughout the United States and Canada to assemble this collection of Native American art, one of the finest in private hands today. Immersed in the cultures of Native America, he has come to know artists and artisans, traders, dealers and shop proprietors, selecting the very best they have to offer. The Ralph T. Coe Collection includes representative pieces from most Native American geographic regions and historical periods, beginning with objects dating back to the fourth millennium B.C. Many examples, men's shirts with ermine fringe, weapons and button blankets, evoke

the heroic lifestyle of the past while small objects such as tipi and kayak models dolls and tiny moccasins speak to a more intimate significance Ritual objects imbued with spiritual meaning masks and katsinas tablitas and medicine bundles as well as utilitarian objects such as pottery and baskets also have a strong presence This catalogue tells the stories of nearly two hundred of these objects combining art history with personal reminiscence and reveals the role Coe has played in bringing about awareness of the artistic heritage of Native America Metropolitan Museum of Art website
