**Israel and the Holocaust** Avinoam J. Patt, 2024-01-25 Avinoam Patt examines the relationship between two of the most significant events in modern Jewish history the Holocaust and the creation of the state of Israel While there may be no direct causal connection between the Holocaust and the founding of the Jewish state in 1948 the memory of the Holocaust has been a constant presence in Israeli politics culture and society since even before 1948 The State of Israel has always existed in an uneasy relationship with the Shoah On the one hand Israel was faced with the challenge of taking in hundreds of thousands of Holocaust survivors as new citizens of the state many of whom were discouraged from sharing their traumatic wartime experiences with their fellow citizens On the other hand the destruction of European Jewry and the failure of Western democracy to protect the Jewish minority in Europe seemed to vindicate the Zionist worldview even as classical Zionism argued that the Jewish people deserved a state on the basis of their deep historical connection to the Land of Israel By tracing the evolving relationship to the memory of Shoah Avinoam Patt argues we can also trace shifting conceptions of Israeli self understanding and identity Israel's relationship to the wider world its neighbors the Jewish Diaspora and the Jewish past Israel and the Holocaust documents these tensions and analyses the changing nature of Israel's relationship to the Shoah revealing that it only seems to strengthen with the passage of time

**Sex and Slaughter in the Tent of Jael** Colleen M. Conway, 2016-09-30 In the Hebrew Bible Judges 4 5 tells the lurid story of the heroic figure of Jael the formidable woman who saves Israel from the Canaanite army by seducing their general Sisera and then nailing his head to the ground with a tent peg Once separated from its original theological context the Jael and Sisera tradition transforms into a story about gender identity and conflict between the sexes This gruesome tale has long intrigued scholars and artists alike repeatedly and creatively building on its gendered themes In *Sex and Slaughter in the Tent of Jael* Colleen Conway offers the first sustained look at how this biblical tradition has been used artistically to articulate and inform cultural debates about gender She traces the cultural retellings of this story in poems prints paintings plays and narratives across centuries Conway examines the ways in which Jael has been reimagined by turns as a wily seductress passionate lover frustrated and bored mother peace bringing earth goddess and deadly cyborg assassin Meanwhile Sisera variously plays the enemy general the seduced lover the noble but tragically duped victim and the violent male chauvinist Ultimately Conway's analyses demonstrate how cultural productions of this ancient text intersect with broader conversations about the often conflicted and sometimes violent relationship between the sexes
