Leon, 2014-11-14 The Political Spirituality of Cesar Chavez Crossing Religious Borders maps and challenges many of the mythologies that surround the late iconic labor leader Focusing on Chavez's own writings Le n argues that La Causa can be fruitfully understood as a quasi religious movement based on Chavez's charismatic leadership which he modeled after Martin Luther King Jr and Gandhi Chavez recognized that spiritual prophecy or political spirituality was the key to disrupting centuries old dehumanizing narratives that conflated religion with race Chavez's body became emblematic for Chicano identity and enfolded a living revolution While there is much debate and truth seeking around how he is remembered through investigating the leader's construction of his own public memory the author probes the meaning of the discrepancies By refocusing Chavez's life and beliefs into three broad movements mythology prophecy and religion Le n brings us a moral and spiritual agent to match the political leader César Chávez Elizabeth Hudson-Goff, Kerri O'Hern, Jonatha A. Cesar Chavez Roger Bruns,2005-09-30 Cesar Chavez the labor organizer and founder of the United Farm Workers of America was perhaps an unlikely hero In this biography his early life is shown to be fairly typical for a boy in a close knit family of Mexican Americans who worked the land in Arizona and California and endured hardship and discrimination His story reveals the underside of the American Dream and his later successes in helping farm workers and building a union to represent them are a testament to something extraordinary in a seemingly ordinary man As a young man Chavez looked for a way out of the fields in the Navy but only found similar ethnic hatred He married and started a family

soon after his discharge and returned to the fields Chavez hated the injustices meted out to his family and other migrant workers They were on American labor's last rung thousands of individuals making a pittance for their back-breaking work living in desperate and inhumane conditions poisoned by the pesticides with few rights or leaders on whom to lean The migrant workers found a champion in Chavez who started to see the possibilities of making a difference for those in need He began to work for a social service agency in California and met a priest who inspired him to read and learn about figures such as Mohandas Gandhi From that point on his labor activism is legendary In the context of the times with the Civil Rights Movement Vietnam and race riots raging Chavez is shown to slowly build the farm workers labor movement along with colleagues such as Dolores Huerta Using the nonviolent examples of Gandhi and Martin Luther King Jr from the 1960s until his death in 1993 Chavez launched strikes boycotts marches and his famous hunger strikes to force concessions from the big growers for better conditions and pay for the workers His union lobbied Congress on behalf of the farm workers Chavez and his supporters faced police and grower brutality government surveillance and death threats and he was jailed several times Like Gandhi his example is for the ages

Religion and Politics in the Contemporary United States
 R. Marie Griffith, Melani McAlister, 2008-06-09
 This collection of essays from a special issue of *American Quarterly* explores the complex and sometimes contradictory ways that religion matters in contemporary public life. *Religion and Politics in the Contemporary United States* offers a groundbreaking cross-disciplinary conversation between scholars in American studies and religious studies. The contributors explore numerous modes through which religious faith has mobilized political action. They utilize a variety of definitions of politics, ranging from lobbying by religious leaders to the political impact of popular culture. Their work includes the political activities of a very diverse group of religious believers: Christians, Jews, Muslims, Hindus, Buddhists, and others. In addition, the book explores the meanings of religion for people who might contest the term: those who are spiritual but not religious, for example, as well as activists who engage symbols of faith and community but who may not necessarily consider themselves members of a specific religion. Several essays also examine the meanings of secular identity, humanist politics, and the complex evocations of civil religion in American life. No other book on religion and politics includes anything like the diversity of religions, ethnicities, and topics that this one does, from Mormon political mobilization to attempts at Americanizing Muslims in the post-9/11 United States, from Cesar Chavez to James Dobson, from interreligious cooperation and conflict over Darfur to the global politics surrounding the category of Hindus and South Asians in the United States.
