The Holy Qur-án Muhammad Ali, 1920 *Judaism, Christianity, and Islam* Francis E. Peters, 1990 F. E. Peters has taken the basic texts of the three related and competitive religious systems we call Judaism, Christianity, and Islam and has juxtaposed them in a topical and parallel arrangement according to the issues that most concerned all these children of Abraham. Through these extensive passages and the author's connective commentary, the three traditions are shown with their similarities, sometimes startlingly underlined, and their well-known differences now more profoundly exposed. What emerges from this ambitious work is a panorama of belief, practice, and sensibility that will broaden our understanding of our religious and political roots in a past that is, by these communities' definition, still the present.
