Remington And Russell And The Art Of The American West:

Remington & Russell and the Art of the American West Kate F. Jennings, 1993 *Remington & Russell and the Art of the American West* Kate F. Jennings, 1993 For most of us the art of the American West is epitomized in the work of two gifted turn of the century artists Frederic Remington and Charles Russell Indeed the way they jointly imagined the semi legendary Old west to have been has now become the way we imagine it the images of the Old West that we see today in films in book and magazine illustrations in retrospective paintings and sculpture even in the theater of our own minds are all in some degree beholden to images crystallized nearly 100 years ago by these two men The term crystallized is however important for Remington and Russell obviously invented neither the West nor the art that depicted it Artists some of great distinction had been producing images of the West for a full century before Remington and Russell appeared on the scene and Remington and Russell for all their skill and innovative brilliance worked within an already established tradition They may have produced some of the most memorable expressions of that tradition but they never broke with it Nor have most of today's Western artists really broken with it Even works as original and personal as the masterly paintings of Georgia O'Keeffe are strewn with such familiar elements of Western imagery as sun bleached antelope skulls barren eroded hills and stark adobe walls If the intentions of Western artists have been as various as idioms in which they have addressed us for 200 years the great traditions of Western art have nevertheless given their works both a common grammar and a special resonance In this handsome portfolio of western painting and sculpture since the 1820s author Kate F Jennings well illustrates the continuities that underlie the seeming diversity of Western art And by focusing in particular on Remington and Russell she allows us to see their work in its true context as an especially brilliant link in what amounts to an unbroken chain as a novel and imaginative summation of all that had gone before and a startlingly potent influence on all that would follow Publisher's description **Remington & Russell** William C. Ketchum (Jr.), 1997 Replete with stunning reproductions of their greatest works this volume documents how two of America's foremost artists defined the nation's vision of the expanding West and captured forever the emotions of a now vanished era **Two Giants of the American West**, 1966* *Remington and Russell* Leonard Everett Fisher, 1994-08 A lavishly illustrated full color guidebook covers the lives works and notable contributions of two important artists of the American West **FREDERIC REMINGTON AND CHARLES M. RUSSELL, TWO GIANTS OF THE AMERICAN WEST A LOAN..FROM THE AMON CARTER MUSEUM OF WESTERN ART..**, 1966

The World of the American West Gordon Morris Bakken, 2016-12-12 Addressing everything from the details of everyday life to recreation and warfare this two volume work examines the social political intellectual and material culture of the American Old West from the California Gold Rush of 1849 to the end of the 19th century What was life really like for ordinary people in the Old West What did they eat wear and think How did they raise their children How did they interact with government What did they do for fun This encyclopedia provides readers with an engaging and detailed portrayal of the Old

West through the examination of social cultural and material history Supported by the most current research the multivolume set explores various aspects of social history family politics religion economics and recreation to illuminate aspects of a society s emotional life interactions opinions views beliefs intimate relationships and connections between the individual and the greater world Readers will be exposed to both objective reality and subjective views of a particular culture as a result they can create a cohesive accurate impression of life in the Old West during the second half of the 1800s

A Companion to the Literature and Culture of the American West Nicolas S. Witschi, 2014-02-03 A Companion to the Literature and Culture of the American West presents a series of essays that explore the historic and contemporary cultural expressions rooted in America s western states Offers a comprehensive approach to the wide range of cultural expressions originating in the west Focuses on the intersections complexities and challenges found within and between the different historical and cultural groups that define the west s various distinctive regions Addresses traditionally familiar icons and ideas about the west such as cowboys wide open spaces and violence and their intersections with urbanization and other regional complexities Features essays written by many of the leading scholars in western American cultural studies

Remington and Russell Brian W. Dippie, 1994 From reviews of the first edition Richly illustrated this handsome volume presents the rugged beauty and rowdy spirit of life on the frontier as captured by two master painters Art Gallery International large color plates beautifully reproduce dashing romantic scenes of frontier life created by two of the West s foremost portrayers American West The many devotees of Remington and Russell and of Western art in general will want to add this handsome volume to their collection Arizona Highways the University of Texas Press as one would expect has produced a beautiful book Montana Since its original publication in 1982 Remington and Russell has become an essential introduction to the work of these artists and this revision substantially enhances the book s strengths Every painting in the Sid Richardson Collection has been rephotographed for this edition including one Russell and five Remington paintings not included previously Numerous black and white illustrations have also been added to give insight into the evolution of the paintings Brian Dippie has considerably amplified his commentaries on each painting with new information His revised introduction places Remington and Russell in the historical and cultural contexts of their time and draws intriguing comparisons between the two artists

Frederic Remington, Charles M. Russell Amon Carter Museum of Western Art, Palm Springs Desert Museum, Phoenix Art Museum, 1966

Remington, Russell and the Language of Western Art Peter H. Hassrick, Frederic Remington, 2000 As young men Remington and Russell struck out for the West seeking adventure and self identity Remington stayed for only one year Russell for the rest of his life But both eventually became artists and both took as their subject the disappearing West and its people Different in temperament and style they became the focal point of a manufactured rivalry that dominated the American art scene at the turn of the twentieth century and in essence pitted East against West Camps of followers developed and duels were waged on their behalf in the press although neither Remington

nor Russell directly engaged in the rivalry Scoundrels, Cads, and Other Great Artists Jeffrey K. Smith, 2020-10-25 Just because the art is beautiful doesn't mean the artist was a saint *Scoundrels Cads and Other Great Artists* examines the lives of nine great artists who were less than exemplary human beings in their lives outside of their art It explores the question Why do we like magnificent art from artists who were awful human beings For example the great Baroque painter Caravaggio who developed the chiaroscuro style of painting was in constant trouble with the law even having killed a man in a duel Frederick Remington the great painter of the American West was an incredible racist and bigot His evocative paintings of Native Americans on the trail on horseback give no hint of Remington's enmity toward them and other ethnic groups in America Jackson Pollock His irascibility and petulance were compounded by a lifelong battle with alcoholism ultimately leading to a fatal automobile accident Whistler and Courbet were philanderers and libertines *Scoundrels* introduces people to great art by showing the more salacious side of the personal lives of great artists over time This book not only tells the stories of a dozen artists but explores how to look at art and the separation between art and artist This lively narrative is enhanced by over 100 full color reproductions of great paintings and details from them *Icons of the American West* Gordon Morris Bakken, 2008-06-30 The American West is rich in lore cultural roots and iconic images The subject of countless movies books and songs in many ways it embodies the American spirit This lively two volume set presents the stories of some of the most influential and representative Western icons those that have captured the nation's imagination since the early days of westward exploration and that continue to do so within the environmental and technological frontier that is the modern West This accessible treatment of the untamed enterprise of the Old West including cowboys wild west shows and gun battles and the continued entrepreneurial imagination of the paradisiacal New West including environmentalists and the incorporation of national parks elevates the reader's understanding of oft romanticized subjects and the conflicts and cultural changes that made them icons Narrative entries include Chief Joseph George Armstrong Custer Gold Rush Winchester Model 1873 Frederic Remington John Muir Las Vegas Bill Gates Disneyland Yellowstone National Park Sierra Club With vibrant photos and descriptive sidebars this comprehensive set is a must have for students of American history and culture

Re-imagining the Modern American West Richard W. Etulain, 1996-09 Describes changes in how the West has been seen from a male dominated frontier to a region with a powerful sense of place to a modern center of both genders ethnic groups and environmental interests *The American West in Bronze, 1850-1925* Thayer Tolles, Thomas B. Smith, 2013-01-14 *The American West in Bronze 1850 1925* is the first full scale exhibition to explore the aesthetic and cultural impulses behind the creation of statuettes with American western themes which have been so popular with audiences then and now Both the exhibition and this accompanying catalogue offer a fresh look at the multifaceted roles played by these sculptors in creating three dimensional interpretations of western life whether based on historical fact mythologized fiction or most often something in between Examples by such archetypal representatives of the West as Frederic Remington and Charles M

Russell are complemented by the work of sculptors such as James Earle Fraser and Paul Manship who contributed to the popularity of the American bronze statuette even though their western subjects were less frequent Publisher s description

The Mobilized American West, 1940-2000 John M. Findlay,2023-07 John M Findlay presents a historical overview of the American West between 1940 and 2000 arguing that during the years of U S mobilization for World War II and the Cold War the West remained a significant and distinctive region **Branding the American West** Marian Wardle,Sarah E. Boehme,2016-02-17 Artists and filmmakers in the early twentieth century reshaped our vision of the American West In particular the Taos Society of Artists and the California based artist Maynard Dixon departed from the legendary depiction of the Wild West and fostered new images or brands for western art This volume illustrated with more than 150 images examines select paintings and films to demonstrate how these artists both enhanced and contradicted earlier representations of the West Prior to this period American art tended to portray the West as a wild frontier with untamed lands and peoples Renowned artists such as Henry Farny and Frederic Remington set their work in the past invoking an environment immersed in conflict and violence This trademark perspective began to change however when artists enamored with the Southwest stamped a new imprint on their paintings The contributors to this volume illuminate the complex ways in which early twentieth century artists as well as filmmakers evoked a southwestern environment not just suspended in time but also permanent rather than transient Yet as the authors also reveal these artists were not entirely immune to the siren call of the vanishing West and their portrayal of peaceful yet exotic Native Americans was an expansion rather than a dismissal of earlier tropes Both brands cast a romantic spell on the West and both have been seared into public consciousness Branding the American West is published in association with the Brigham Young University Museum of Art Provo Utah and the Stark Museum of Art Orange Texas Making a Hand Michael R. Grauer,2019-10-03 Winner 2021 National Cowboy and Western Heritage Museum Western Heritage Award Art Photography Book The Wrangler Sometime in 1947 a letter arrived in the mailbox of Harold Dow Bugbee already a well known and highly sought illustrator for western pulp magazines and other publications Sir it began I have seen several of your pictures in the Cattleman Sure like them and I am writing you to ask if you have all of your pictures in a book if you do we want to buy one After seventy years of waiting writes Michael R Grauer in this colorful survey of Bugbee s life and career here is such a book Bugbee and his family arrived in Clarendon Texas in 1914 from Massachusetts He helped his father with the 1 000 acre family ranch and eventually attended the Agricultural and Mechanical College of Texas where he studied architectural drawing Subsequently he enrolled at the Cumming School of Art in Des Moines Iowa but left after two years when the founder of the school told the young Texan that he had learned all the school had to offer Bugbee avidly absorbed cowboy scenes and the lifestyle that birthed them He filled canvases with colorful authentic images that capture the spirit of the American West of the early to mid 1900s especially in and near his beloved Texas Panhandle By the 1930s Bugbee was providing pen and ink sketches for magazines such as Ranch Romances Western

Stories Country Gentleman and Field and Stream This richly illustrated overview of the man and his art provides a valuable and entertaining resource for collectors and students of western and Texas art Discovered Lands, Invented Pasts Jules David Prown, Buffalo Bill Historical Center, William Cronon, Yale University. Art Gallery, Nancy K. Anderson, Thomas Gilcrease Institute of American History and Art, Susan Prendergast Schoelwer, 1992-01-01 A common theme of western American art is the transformation of the land through European American exploration and resettlement In this book the authors look at western American art of the past three centuries re evaluating it from the perspectives of history art history and American studies *The American West* ,1986

The book delves into Remington And Russell And The Art Of The American West. Remington And Russell And The Art Of The American West is a vital topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Remington And Russell And The Art Of The American West, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Remington And Russell And The Art Of The American West
 - Chapter 2: Essential Elements of Remington And Russell And The Art Of The American West
 - Chapter 3: Remington And Russell And The Art Of The American West in Everyday Life
 - Chapter 4: Remington And Russell And The Art Of The American West in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Remington And Russell And The Art Of The American West. This chapter will explore what Remington And Russell And The Art Of The American West is, why Remington And Russell And The Art Of The American West is vital, and how to effectively learn about Remington And Russell And The Art Of The American West.
 3. In chapter 2, the author will delve into the foundational concepts of Remington And Russell And The Art Of The American West. The second chapter will elucidate the essential principles that must be understood to grasp Remington And Russell And The Art Of The American West in its entirety.
 4. In chapter 3, this book will examine the practical applications of Remington And Russell And The Art Of The American West in daily life. The third chapter will showcase real-world examples of how Remington And Russell And The Art Of The American West can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Remington And Russell And The Art Of The American West in specific contexts. The fourth chapter will explore how Remington And Russell And The Art Of The American West is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Remington And Russell And The Art Of The American West. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Remington And Russell And The Art Of The American West.
