Moore,2014-11-01 Between 1920 and 1933 the issue of prohibition proved to be the greatest challenge to Canada U S relations When the United States adopted national prohibition in 1920 ironically just as Canada was abandoning its own national and provincial experiments with prohibition U S tourists and dollars promptly headed north and Canadian liquor went south Despite repeated efforts Americans were unable to secure Canadian assistance in enforcing American prohibition laws until 1930 *Bootleggers and Borders* explores the important but surprisingly overlooked Canada U S relationship in the Pacific Northwest during Prohibition Stephen T Moore maintains that the reason Prohibition created such an intractable problem lies not with the relationship between Ottawa and Washington DC but with everyday operations experienced at the border level where foreign relations are conducted according to different methods and rules and are informed by different assumptions identities and cultural values Through an exploration of border relations in the Pacific Northwest *Bootleggers and Borders* offers insight into not only the Canada U S relationship but also the subtle but important differences in the tactics Canadians and Americans employed when confronted with similar problems Ultimately British Columbia s method of addressing temperance provided the United States with a model that would become central to its abandonment and replacement of Prohibition

Ewell Paul D. Casdorff,2021-12-14 Richard Stoddert Ewell is best known as the Confederate General selected by Robert E Lee to replace Stonewall Jackson as chief of the Second Corps in the Army of Northern Virginia Ewell is also remembered as the general who failed to drive Federal troops from the high ground of

Cemetery Hill and Culp's Hill during the Battle of Gettysburg. Many historians believe that Ewell's inaction cost the Confederates a victory in this seminal battle and ultimately cost the Civil War. During his long military career, Ewell was never an aggressive warrior. He graduated from West Point and served in the Indian wars in Oklahoma, Kansas, New Mexico, and Arizona. In 1861, he resigned his commission in the U.S. Army and rushed to the Confederate standard. Ewell saw action at First Manassas and took up divisional command under Jackson in the Shenandoah Valley Campaign and in the Seven Days Battles around Richmond. A crippling wound and a leg amputation soon compounded the persistent manic depressive disorder that had hindered his ability to make difficult decisions on the battlefield. When Lee reorganized the Army of Northern Virginia in May of 1863, Ewell was promoted to lieutenant general. At the same time, he married a widowed first cousin who came to dominate his life, often to the disgust of his subordinate officers, and he became heavily influenced by the wave of religious fervor that was then sweeping through the Confederate Army.

In *Confederate General R. S. Ewell*, Paul D. Casdorph offers a fresh portrait of a major but deeply flawed figure in the Confederate war effort, examining the pattern of hesitancy and indecisiveness that characterized Ewell's entire military career. This definitive biography probes the crucial question of why Lee selected such an obviously inconsistent and unreliable commander to lead one third of his army on the eve of the Gettysburg Campaign. Casdorph describes Ewell's intriguing life and career with penetrating insights into his loyalty to the Confederate cause and the Virginia ties that kept him in Lee's favor for much of the war. Complete with riveting descriptions of key battles, Ewell's biography is essential reading for Civil War historians.
