industry      **Remote Work, Internal Marketing and Human Resource Management** Teena Mishra, 2024-12-02 Remote working is a developing idea that many organizations are embracing especially in light of COVID 19 and the rise in demand for remote and hybrid roles As there is no standard model to use for implementation a number of problems and difficulties develop as popularity increases and hybrid working environments become normalized This book presents the views opinions and reality of remote work and creating an appropriate internal marketing culture in a remote environment The key topics explored are the significance of remote work remote work practice reshaping the work environment designing remote work models of remote work challenges of remote work facing business organizations remote work management innovations and technology the role of motivation and satisfaction in organizational development employee empowerment in a remote setting transparency and commitment for sustainable development and the future of remote work This research volume will be of value to researchers academicians practitioners and students in the fields of human resource management organizational studies and innovation management      *Effective Remote Work* Dr. James Stanier, 2022-03-28 The office isn't as essential as it used to be Flexible working hours and distributed teams are replacing decades of on site open plan office culture Wherever you work from nowadays your colleagues are likely to be somewhere else No more whiteboards No more water coolers And certainly no Ping Pong So how can you organize yourself ship software communicate and be impactful as part of a globally distributed workforce We'll show you how It's time to adopt a brand new mindset Remote working is here to stay Come and join us Remote working is on the rise Whether or not we are remote workers it is likely we are all part of a global workforce We need to learn to interact remotely because we are all remote from someone in some way Rather than simply simulating the way we'd usually work together via digital means we have to learn new communication skills and adopt a different mindset in order to work remotely effectively efficiently and most importantly healthily We'll start by getting you set up with the right equipment and habits Then we'll learn the mindset of treating everyone as remote and conquer both synchronous and asynchronous communication You'll learn how to produce amazing artifacts how to communicate clearly and how to manage yourself and your teams Then we'll look at the bigger picture from measuring the remote readiness of your workplace to creating a handbook for your team to exploring remote first culture and tackling burnout and mental well being Fundamentally we'll see that adopting a remote working mindset can do wonders for our organization our effectiveness and our impact in our careers It can even create a more diverse and inclusive industry for us all to work in So what are you waiting for The remote future is now Be a part of it What You Need There are no prerequisites to reading this book other than having had some experience of working in the software industry and a healthy curiosity      *The Impact of Management Control Systems on Employees' Behavior During Remote Work* Lena Heinz-Schmitt, 2024-03-23 The new trend towards flexible work environments has spurred the debate over the effects of remote work on employees behavior and has forced greater consideration of how management control systems must be adjusted to meet the needs of the new work environment

While the existing literature has observed several positive behavioral changes such as increased performance and effort counterproductive work behavior has also been identified Combining an experimental and a case study research approach the present study investigates whether a management control system can mitigate unwanted behavior during remote work The experimental study manipulates the use of management controls and analyzes the effects of an enabling vs a coercive management control system on dishonest behavior The data reveal that individuals who perceive the system as enabling and feel a connection to the company behave more honestly during remote work The organizational connection entirely mediates the perception of the management control system on dishonest behavior To further investigate this effect a case study approach was applied Based on interviews several factors are identified that might impact the enabling perception of the control system in remote work settings The six factors are divided into situational and individual attributes
