## Renaming Ecstasy:

Renaming Ecstasy Orlando Ricardo Menes, 2004 *Renaming Ecstasy* brings together poets who have explored experiences of the sacred in ways that are unique to Latin American culture and highlights the richness and complexity of Latino spiritual life. Because of Latin America's mestizaje of cultures, traditional Catholicism exists alongside other practices of African or indigenous origin. In their invocation of the divine, poets of Caribbean origin draw inspiration from the myths and practices of Santería. Others write devotionally about topics that engage Latino Catholics: the matter of religious vocation and those devotional practices that connect individuals to the community and give shape to their daily lives. The collection features poetry by Benjamin Alire Sáenz, Victor Hernández Cruz, Demetria Martínez, Orlando Ricardo Menes, and Virgil Suárez among others.

**Fleshing the Spirit** Elisa Facio, Irene Lara, 2014-04-10 *Fleshing the Spirit* brings together established and new writers exploring the relationships between the physical body, the spirit, and spirituality and social justice activism. Examining the complex and dynamic connections among these concepts, the writers emphasize the value of flesh and blood experience as a site of knowledge. They argue that spirituality, something quite different from institutional religious practice, can heal the mind/body split and set the stage for social change. Spirituality, they argue, is a necessary component of an alternative political agenda focused on equitable social and ecological change. The anthology incorporates different genres of writing, such as poetry, testimonials, critical essays, and historical analysis, and stimulates the reader to engage spirituality in a critical, personal, and creative way. This interdisciplinary work is the first that attempts to theorize the radical interconnection between women of color, spirituality, and social activism. Before transformative political work can be done, the authors say, in multiple ways we must recognize that our spiritual need is a desire to more fully understand our relations with others. Conflict experienced on many levels sometimes severs those relations, separating us from others along racial, class, gender, sexual, national, or other socially constructed lines. *Fleshing the Spirit* offers a spiritual journey of healing, health, and human revolution. The book's open invitation to engage in critical dialogue and social activism with the spirit and spirituality at the forefront illuminates the way to social change and the ability to live in harmony with life's universal energies.

*Profane & Sacred* Bridget A. Kevane, 2008 *Profane & Sacred* examines religious discourse in contemporary Latino fiction, exploring how religion creates, mediates, or changes Latino culture and identity. Much contemporary literary criticism on Latino literature has focused on the bilingual and bicultural nature of Latino identity, history, and cultural production. But just as the multiplicity of cultures and languages has shaped Latino identity and history, so too has religion. Studying the religious discourse found in fiction can clearly enrich not only our perception of the diversity

within the Hispanic communities but also the diversity between sociologists and creative writers **Each and Her** Valerie Martínez, 2022-05-03 In 2004 twenty eight women and young girls were murdered in Ciudad Juárez and the surrounding areas The tragedy escalated to fifty eight murders in 2006 then again to eighty six in 2008 and current estimates top four hundred deaths Now poet Valerie Martínez offers a poetic exploration of these events pushing boundaries stylistically and artistically with vivid poems that contextualize femicide Martínez departs from traditional narrative to reveal the hidden effects and outcomes of the horrific and heart wrenching cases of femicide These poems lyric fragments and prose passages that form a collage have an intricate relation to one another creating a complex literary quilt that feels like it can be read from the beginning the end or anywhere in between Martínez is personally invested in the topic evoking the loss of her sister and **Each and Her** emerges as a biography of sorts and a compelling homage to all those who have suffered Other authors may elaborate on or investigate this topic but Martínez humanizes it by including names quotations realistic details and stark imagery The women of Juárez like other women around the world are ravaged by inequality discontinuity politics and economic plagues that contribute to gender violence Martínez offers us a poignant and alarming glance into another world with these never before told stories Her refreshing and explosive voice will keep readers transfixed and intrigued about these events and emotions removed from us and yet so close to the heart **The New Psychedelic Revolution** James
