Rendering Unto Caesar The Catholic Church And The State In Latin America:

Rendering unto Caesar Anthony Gill, 1998-02-03 Nowhere has the relationship between state and church been more volatile in recent decades than in Latin America Anthony Gill's controversial book not only explains why Catholic leaders in some countries came to oppose dictatorial rule but equally important why many did not Using historical and statistical evidence from twelve countries Gill for the first time uncovers the causal connection between religious competition and the rise of progressive Catholicism In places where evangelical Protestantism and spiritist sects made inroads among poor Catholics Church leaders championed the rights of the poor and turned against authoritarian regimes to retain parishioners Where competition was minimal bishops maintained good relations with military rulers Applying economic reasoning to an entirely new setting Rendering unto Caesar offers a new theory of religious competition that dramatically revises our understanding of church state relations The Cambridge History of Religions in Latin America Virginia Garrard-Burnett, Paul Freston, Stephen C. Dove, 2016-04-11 The Cambridge History of Religions in Latin America covers religious history in Latin America from pre Conquest times until the present This publication is important first because of the historical and contemporary centrality of religion in the life of Latin America second for the rapid process of religious change which the region is undergoing and third for the region s religious distinctiveness in global comparative terms which contributes to its importance for debates over religion globalization and modernity Reflecting recent currents of scholarship this volume addresses the breadth of Latin American religion including religions of the African diaspora indigenous spiritual expressions non Christian traditions new religious movements alternative spiritualities and secularizing tendencies The Oxford Handbook of Church and State in the United States Derek H. Davis, 2010-11-18 Study of church and state in the United States is incredibly complex Scholars working in this area have backgrounds in law religious studies history theology and politics among other fields Historically they have focused on particular angles or dimensions of the church state relationship because the field is so vast The results have mostly been monographs that focus only on narrow cross sections of the field and the few works that do aim to give larger perspectives are reference works of factual compendia which offer little or no analysis The Oxford Handbook of Church and State in the United States fills this gap presenting an extensive multidimensional overview of the field Twenty one essays offer a scholarly look at the intricacies and past and current debates that frame the American system of church and state within five main areas history law theology philosophy politics and sociology These essays provide factual accounts but also address issues problems debates controversies and where appropriate suggest resolutions They also offer analysis of the range of interpretations of the subject offered by various American scholars This Handbook is an invaluable resource for the study of church state relations in the United States

The Oxford Handbook of Latin American Social Movements Federico M. Rossi,2023 Cover Page Half Title Series Page Title Page Copyright Dedication Contents About the Editor About the Contributors Introduction 1 Multiple Paradigms

for Understanding a Mobilized Region Part I Theoretical Perspectives 2 Marxist Theories of Latin American Social Movements 3 Resource Mobilization and Political Process Theories in Latin America 4 New Social Movements in Latin America and the Changing Socio Political Matrix 5 Relational Approaches to Social Movements in and beyond Latin America 6 Network Approaches to Latin America Social Movements 7 Feminist and Queer Perspectives on Latin American Social Movements 8 Decolonizing Approaches to Latin American Social Movements Part II Main Processes and Dynamics 9 Protest Waves in Latin America Facilitating Conditions and Outcomes 10 Social Movements and Nationalism in Latin America 11 Social Movements and Revolutions in Latin America A Complex Relationship 12 Social Movements under Authoritarian Regimes in Latin America 13 Social Movements and Democratization Processes in Latin America 14 Social Movements and Capitalist Models of Development in Latin America 15 Social Movements and Globalization in Latin America 16 Movements and Territorial Conflicts in Latin America 17 Demobilization Processes in Latin America Part III Main Social Movements 18 Transformations of Workers Mobilization in Latin America 19 Peasant Movements in Recent Latin American History 20 Women s Movements in Latin America From Elite Organizing to Intersectional Mass Mobilization 21 Indigenous Movements in Latin America Characteristics and Contributions 22 Afro Social Movements and the Struggle for Racial Equality in Latin The Politics of Transnational Actors in Latin America Frederick M. Shepherd, 2021-03-30 The Politics of America Transnational Actors in Latin America Power from Afar explores the important issues of transnational actors and their influence on institutions and people in Latin America raising profound questions of accountability social justice and sovereignty The text focuses on four particularly significant groups that transcend national boundaries the Catholic Church transnational corporations transnational drug networks and transnational human rights networks By comparing each of their impacts on the region Frederick M Shepherd explores larger questions about transnational power and how it has deeply penetrated the nations of Latin America The book s analysis delves into attempts made over the last 100 years by citizens social movements and governments to reassert a degree of control over these transnational actors setting up a framework to understand how local national and global forces interact in a setting of transnational dominance The volume suggests that local and national groups can use principles and power to bring about equitable and just outcomes in relation to transnational actors and that in some cases transnational actors can be a part of constructive change in Latin America This concise volume will be of interest to students of History Latin American and Caribbean Studies and Political Science as well as those interested in 20th century Latin American politics and political history Routledge Handbook of Brazilian **Politics** Barry Ames, 2018-10-25 With contributions from leading international scholars this Handbook offers the most rigorous and up to date analyses of virtually every aspect of Brazilian politics including inequality environmental politics foreign policy economic policy making social policy and human rights The Handbook is divided into three major sections Part 1 focuses on mass behavior while Part 2 moves to representation and Part 3 treats political economy and policy The

Handbook proffers five chapters on mass politics focusing on corruption participation gender race and religion three chapters on civil society assessing social movements grass roots participation and lobbying seven chapters focusing on money and campaigns federalism retrospective voting partisanship ideology the political right and negative partisanship five chapters on coalitional presidentialism participatory institutions judicial politics and the political character of the bureaucracy and eight chapters on inequality the environment foreign policy economic and industrial policy social programs and human rights This Handbook is an essential resource for students researchers and all those looking to understand contemporary Brazilian politics Christianity, Islam and Liberal Democracy Robert Alfred Dowd, 2015 Based on research conducted in Nigeria and other parts of sub Saharan Africa Christianity Islam and Liberal Democracy argues that Christian and Islamic religious communities become more conducive to actions and attitudes conducive to and compatible with liberal democracy in religiously diverse and integrated settings than in religiously homogeneous or diverse but segregated settings Regulating Islam Sarah J. Feuer, 2018 Through a comparative study of Morocco and Tunisia Feuer proposes a compelling theory accounting for complexities in religion state relations across the Arab world Freedom and Evangelization in Latin America Paul E. Sigmund, 2009-05-01 In his introduction Paul Sigmund states that the growing religious pluralism in Latin America is one of several reasons why the trend toward democracy that has marked the last two decades may endure Nevertheless Sigmund notes that this new pluralism particularly the growth of Protestantism has led to tensions that must be resolved Religious Freedom and Evangelization in Latin America provides an indispensable resource for understanding the range of issues confronting the continent offering Catholic as well as Protestant perspectives and trenchant analyses of the situation in different countries including Brazil Argentina Mexico Nicaragua and Cuba Political Islam in the Age of Democratization K. Bokhari, F. Senzai, 2013-12-18 The continued prominence of Islam in the struggle for democracy in the Muslim world has confounded Western democracy theorists who largely consider secularism a prerequisite for democratic transitions Kamran Bokhari and Farid Senzai offer a comprehensive view of the complex nature of contemporary political Islam and its relationship to democracy **Latin American Religions** Anna L. Peterson, Manuel A. Vasquez, 2008-08-03 Before Columbus the Americas were populated by many indigenous cultures with a great diversity of religious After 1492 European governments and churches dominated religious life While Roman Catholicism was the official religion great religious hybridization occurred mixing European indigenous and often African traditions into distinctly New World forms Latin American Religions provides an introduction through documents to the historical development and contemporary expressions of religious life in South and Central America Mexico and the Spanish speaking Caribbean A central feature of this text is its inclusion of both primary and secondary materials including letters sermons journal entries ritual manuals and ancient sacred texts These documents provide readers with direct access to the voices of adherents enabling them to act as academic investigators experiencing and interpreting the same texts on which

historians draw The documents are framed by substantive introductions which provide both historical context and theoretical insights for the study of these religions traditions and the ways in which they have developed over time From the religious traditions of the Mayas and Aztecs and of the African diaspora to official and popular Catholicism to liberation theology the rise of Pentecostalism and emerging trends and new religious movements in Latin America this new work offers a concise overview of this fascinating field *Conservative Party-building in Latin America* James Loxton,2021 Voice and Inequality is about conservative parties in Latin America James Loxton examines parties formed between 1978 and 2010 and tries to understand why some were more successful than others The main puzzle is the surprising connection between roots in dictatorship and success under democracy What allowed authoritarian successor parties in countries like Chile and El Salvador to succeed while those with more democratic origins in countries like Argentina and Guatemala failed It argues that this was not a coincidence the former inherited valuable resources from the old regime that helped them to thrive in the new

Routledge Handbook of Religion and Politics Jeffrey Haynes, 2016-01-13 From the United States to the Middle East Asia and Africa religion continues to be an important factor in political activity and organisation The second edition of this successful handbook provides the definitive global survey of the interaction of religion and politics Featuring contributions from an international team of experts it examines the political aspects of all the world's major religions including such crucial contemporary issues as religious fundamentalism terrorism the war on terror the clash of civilizations the Arab Spring and science and religion Each chapter has been updated to reflect the latest developments and thinking in the field and new chapters such as Postsecularism and international relations and Securitization and Secularization The two pillars of state regulation of European Islam have been added to ensure the book is a comprehensive and up to date resource Four main themes addressed include World religions and politics Religion and governance Religion and international relations Religion security and development References at the end of each chapter have been overhauled to guide the reader towards the most up to date information on various topics This book is an indispensable source of information for students academics and the **Crossing the Gods** Nicholas Iav wider public interested in the dynamic relationship between politics and religion Demerath, 2003 Finally Demerath places within a comparative context the commonly held view that America is the world s most religious nation and argues that our country is not more religious but differently religious He concludes that the United States represents a unique combination of congregational religion religious pluralism and civil religion Jacket Handbook of Latin American Christianity David Thomas Orique, Susan Fitzpatrick-Behrens, Virginia Garrard, 2020-01-10 By 2025 Latin America's population of observant Christians will be the largest in the world Nonetheless studies examining the exponential growth of global Christianity tend to overlook this region focusing instead on Africa and Asia Research on Christianity in Latin America provides a core point of departure for understanding the growth and development of Christianity in the Global South In The Oxford Handbook of Latin American Christianity an interdisciplinary contingent of

scholars examines Latin American Christianity in all of its manifestations from the colonial to the contemporary period The essays here provide an accessible background to understanding Christianity in Latin America Spanning the era from indigenous and African descendant people's conversion to and transformation of Catholicism during the colonial period through the advent of Liberation Theology in the 1960s and conversion to Pentecostalism and Charismatic Catholicism The Oxford Handbook of Latin American Christianity is the most complete introduction to the history and trajectory of this important area of modern Christianity Serving at the 'Banking-Tables' Douglas Harrison-Mills, 2023-02-27 Traditional exeges divides scripture into two distinct economic models the OT Hebrew model of blessing with a surplus of prosperity and the NT Christian model of economic collectivism with all things in common Using an economic perspective as an exegetical tool the author demonstrates that this differentiation is an artificial construct In particular he argues that various NT Greek words and phrases in Acts which have been rendered to describe acts of charity should be reinterpreted to depict overtly commercial activities including the possibility of a banking operation at the heart of the primitive church that posed a serious political and economic threat to the Jewish elite in first century Jerusalem Handbook of Religion and Social Institutions Helen Rose Ebaugh, 2007-10-23 Handbook for Religion and Social Institutions is written for sociologists who study a variety of sub disciplines and are interested in recent studies and theoretical approaches that relate religious variables to their particular area of interest The handbook focuses on several major themes Social Institutions such as Politics Economics Education Health and Social Welfare Family and the Life Cycle Inequality Social Control Culture Religion as a Social Institution and in a Global Perspective This handbook will be of interest to social scientists including sociologists anthropologists political scientists and other researchers whose study brings them in contact with the study of religion and its impact on social institutions Resurgent Voices in Latin America Edward L. Cleary, Timothy J. Steigenga, 2004 Annotation After more than 500 years of marginalisation Latin America's forty million Indians have gained political recognition and civil rights Here social scientists explore the important role of religion in indigenous activism showing the ways that religion has strengthened indigenous identity and contributed to the struggle for indigenous rights "Ye Shall Know Them by Their Fruits" Jason García Portilla, 2021-12-11 Why are historically Catholic countries and regions generally more corrupt and less competitive than historically Protestant ones How has institutionalization of religion influenced the prosperity of countries in Europe and the Americas This open access book addresses these critical questions by elucidating the hegemonic and emancipatory religious factors leading to these dissimilarities between countries The book features up to date mixed methods from interdisciplinary research contributing to existing studies in the sociology of religion field by demonstrating for the first time the effect of the mutually reinforcing configuration of multiple prosperity triggers religion politics environment It demonstrates the differences in the institutionalization of Roman Catholicism and Protestantism by applying quantitative and qualitative methods and by performing a qualitative comparative analysis QCA of 65 countries The

author also provides a comprehensive survey and results of empirical research on different theories of development focusing on the influence of religion Secularization and the World Religions Klaus Wiegandt, Hans Joas, 2009-01-01 This volume concerns itself with the connections between religions and the social world and with the extent limits and future of secularization Dealing with the major religious traditions and their explicit or implicit ideas about the individual social and political order as well as offering an overview of the religious situation in important geographical areas Secularization and the World Religions analyzes the legal organization of the relationship between state and religion as well as the role of the natural sciences in a global perspective Contributors include such internationally renowned scholars as Winfried Brugger Jos Casanova Hans Joas and Hans Kippenberg
