**Email Finds You Never** Ken Kupchik,Emily Ann Hill,2022-10-11 Ahhh the modern workplace a cauldron of stress and anxiety From the moment we accept a new role we re thrown into a world of competing personalities shifting protocols and an endless stream of emails Slack messages and Zoom calls all of which serve to distract us from the things we truly want to be doing like eating Thai food and sleeping until noon I Hope This Email Finds You Never puts aside the motivational screeds productivity hacks and pop science and focuses instead on those things in the workplace that truly cause us grief like a coworker eating an apple during a video call in a lighthearted entertaining and most importantly cynical way Some things you ll learn How long you can get away with being new until you re held accountable How to make it look like you re sorry without giving up any power How to find a workplace friend and make a workplace enemy Camera position how to set up your laptop for maximum dominance Organizing your calendar while leaving time to cry The rules of the kitchen stealing someone s yogurt is literally a crime Writing a letter of resignation when you ve already been resigned from day one From Orientation The Descent Workplace Etiquette No Eye Contact Before 11 AM Working Remotely Wink Wink Coworkers Getting Along with your fellow inmates and everything in between I Hope This Email Finds You Never is your must have guide to surviving thriving is not realistic in the modern workplace Precis of the Archives of the Cape of Good Hope Cape

become a true matter of life and death      **Dark Hope** Christine Feehan,2025-01-07 Immortal passions rage as evil grows in this gripping novel in Christine Feehan's 1 New York Times bestselling Carpathian series Silke Vriese Reinders knows a war is coming The demon slayer has seen it over and over again in the cards and the battle won't just be for the survival of her remote village but for all mankind Silke knows the only way to win will be with the help of the Carpathians A fact that fills her with trepidation as she is fated to be the lifemate to one of the ancient supernatural warriors bound to a complete stranger and responsible for his soul One of the oldest most dangerous Carpathians Benedek Kovak is more beast than man Locked away for centuries the only thing that has stopped him from becoming one of the monsters he's sworn to defeat is the thought of his lifemate When Benedek senses the impending danger he sets out to find her before it's too late But their enemy has laid a trap that pushes him closer to turning than ever before For so long Benedek has felt nothing Now some dark art is compelling him to indulge in cravings he thought long buried He has no hope that anyone can restore what's left of his tainted soul but Silke is nothing like he imagined Perhaps she's strong enough to fight back the darkness Perhaps together they can defeat an adversary hell bent on destroying them all      English Mechanic and Mirror of Science ,1872

**Narratives of Hope and Despair** Johanna M. Wagner,Melanie Duckworth,Deanna Benjamin,2025-10-14 In narratives of literature and cultural production hope and despair remain fundamental in exploring our world In recent years political polarization the Covid pandemic global warming and new and ongoing wars have contributed to global crises to which despair is an understandable response Yet hope is continually sought and proclaimed By examining tropes of ruin and regeneration in a wide selection of narratives including memoir graphic narratives fiction film art radio plays culture rhetoric and discourse the book uncovers resonances between them The anthology moves from the personal to the collective addressing individual matters of the body and the mind societal visions of utopia and dystopia and finally hope and despair for the earth itself in representations of apocalypse and the Anthropocene This structure alongside the interdisciplinary nature of the project maps dynamic international perspectives in which hope and despair flow across and through personal social and earthly concerns      The Secret Power of Speaking God's Word Joyce Meyer,2004-08-26 1 New York Times bestselling author Joyce Meyer teaches readers how to create change in their lives and truly receive God's blessings Includes powerful Scriptures covering over 50 topics such as patience loneliness and wisdom      *Hope, Joy, and Affection in the Classical World* Ruth R. Caston,Robert A. Kaster,2016-05-02 The emotions have long been an interest for those studying ancient Greece and Rome But while the last few decades have produced excellent studies of individual emotions and the different approaches to them by the major philosophical schools the focus has been almost entirely on negative emotions This might give the impression that the Greeks and Romans had little to say about positive emotion something that would be misguided As the chapters in this collection indicate there are representations of positive emotions extending from archaic Greek poetry to Augustine and in both philosophical works and literary genres as wide ranging as lyric poetry forensic

oratory comedy didactic poetry and the novel Nor is the evidence uniform while many of the literary representations give expression to positive emotion but also describe its loss the philosophers offer a more optimistic assessment of the possibilities of attaining joy or contentment in this life The positive emotions show some of the same features that all emotions do But unlike the negative emotions which we are able to describe and analyze in great detail because of our preoccupation with them positive emotions tend to be harder to articulate Hence the interest of the present study which considers how positive emotions are described their relationship to other emotions the ways in which they are provoked or upset by circumstances how they complicate and enrich our relationships with other people and which kinds of positive emotion we should seek to integrate The ancient works have a great deal to say about all of these topics and for that reason deserve more study both for our understanding of antiquity and for our understanding of the positive emotions in general
