Secuestro virtual Alfredo Ernesto Abarca,2004 **The Drowning Ground** James Marrison,2015-08-25 Out here in the quaint ceaseless calm of an English village it is hard to imagine a life beyond From the outside everything seems to make sense Everything has its place My friends are open and unsuspecting There is none of the natural suspicion of the Argentinian For me it s unbelievable in a way For two decades after being forced to leave his native Argentina Detective Chief Inspector Guillermo Downes has sought tranquility in the orderly life of the English Cotswolds But violence can strike just as suddenly in the countryside as it can in Buenos Aires When the body of wealthy landowner Frank Hurst is found with a pitchfork through his neck it brings back disturbing memories of former mysteries Hurst s wife drowned in their swimming pool an official accident though many villagers have their doubts And what about the two young girls who were abducted years before with some possible links to Hurst that were never proven It s something truly terrible to make someone disappear Downes tells his partner Because the family never know you see Years ago he had promised the vanished girls mothers to find their daughters and as the ripples from Hurst s death spread through the village there is fresh hope that he might finally make good on that promise no matter what it costs the community or himself With the kind of insights into life in a seemingly peaceful village that made Broadchurch so powerful James Marrison s *The Drowning Ground* introduces a terrific new voice in crime fiction **Secuestros: prevención, reconocimiento y reacción** Yovan Galico

Wernicky,2019-04-02 La posibilidad de cualquier v ctima potencial de SECUESTRO de FRUSTRAR uno es muy alta esto debido a que es uno de los cr menes que m s log stica requieren por ello es que una vez que se empieza a planear un atentado en nuestra contra podemos detectarlo en sus fases m s tempranas y desviar el peligro hacia otro lado lo nico que necesitamos saber es que buscar cuales actos son los que disparan las luces rojas de alarma Y eso es precisamente de lo que vamos a hablar en este libro en un lenguaje sin tecnicismos escrito de profesional al usuario com n con el fin de que sea realmente f cil comprender que necesitamos hacer y c mo hacerlo **Deported to Death** Jeremy Slack,2019-07-30

What happens to migrants after they are deported from the United States and dropped off at the Mexican border often hundreds if not thousands of miles from their hometowns In this eye opening work Jeremy Slack foregrounds the voices and experiences of Mexican deportees who frequently become targets of extreme forms of violence including migrant massacres upon their return to Mexico Navigating the complex world of the border Slack investigates how the high profile drug war has led to more than two hundred thousand deaths in Mexico and how many deportees stranded and vulnerable in unfamiliar cities have become fodder for drug cartel struggles Like no other book before it *Deported to Death* reshapes debates on the long term impact of border enforcement and illustrates the complex decisions migrants must make about whether to attempt the return to an often dangerous life in Mexico or face increasingly harsh punishment in the United States **Secuestro. Cuando la muerte acecha** Orlando E. Padrón O.,2022-02-03 Pretendo hacer de este texto una gu a para aquellos investigadores

fiscales y jueces que puedan conocer de casos de secuestros por ende hago mucho hincapi en las estrategias seguidas durante la investigación la recopilación de información de evidencias y testimoniales que por separado todos ellos no nos dicen nada pero una vez analizados y concatenados entre sí nos llevaron a la resolución de los hechos investigados **Legítima defensa en situaciones sin confrontación** María Camila Correa Flórez, 2024-02-01 Aquel que mata a otro para defenderse a sí mismo o a un tercero actúa de manera no contraria a derecho si la agresión de la que es víctima es actual y su reacción defensiva es racionalmente necesaria no ha provocado el ataque en su contra y lo mueve un ánimo defensivo Esta afirmación es el contenido de la legítima defensa A simple vista parece sencillo evaluar cuando esta figura cubre la conducta de una persona y cuando no lo hace pero como en todo hay situaciones grises difusas hay casos en los que la configuración de la legítima defensa no se establece en el primer nivel de análisis sino después de un examen profundo de las circunstancias concretas en las que tienen lugar los hechos Este es el caso de las mujeres tiranizadas que matan a sus parejas agresoras en situaciones donde no hay confrontación por un lado ellas cometen un acto típico de matar que dependiendo de las diferentes regulaciones penales de los países va a encajar dentro del tipo penal de homicidio agravado asesinato parricidio etc Además de lo anterior por la situación en la que se encuentra el agresor en el momento de su muerte dormido borracho desprevenido se dice que concurre la alevosía lo que va a influir en la calificación de la conducta punible de la mujer y como es evidente en la pena que se le va a imponer pero por el otro lado la actuación de estas mujeres se enmarca en un contexto de violencia reiterada en su contra y esta dirigida a defenderse a sí mismas Y en este punto hilamos con el problema objeto del presente trabajo por más que la acción de la mujer es un acto claro de defensa el supuesto de hecho parece difícil de encajar dentro de la eximente de responsabilidad penal que precisamente permite matar a otro para defenderse la legítima defensa La finalidad principal de este trabajo es poner de manifiesto como haciendo una correcta interpretación de los requisitos de configuración de la legítima defensa es posible aplicarla a algunos casos de mujeres maltratadas que en el marco de una situación personal devastadora matan a sus agresores en momentos donde no hay confrontación La presente investigación busca ser una llamada o mejor un grito de auxilio que haga visible la situación de desesperación y desprotección en la que se hallan las mujeres maltratadas que es el resultado de una desigualdad estructural en la que históricamente se encuentran las mujeres con respecto a los hombres Crimen e impunidad John Bailey, 2014-09-12 Una impresionante obra de gran importancia que establece un nuevo estándar para la academia en esta rama ROBERT J BUNKER Universidad de Claremont Integral y de amplio alcance se trata de una reflexión meditada accesible y reveladora sobre los principales problemas delincuenciales que enfrenta México en la actualidad PETER ANDREAS Universidad de Brown Este libro es un aporte decisivo para el análisis del crimen y la impunidad como motores de la política mexicana contemporánea A partir de un minucioso estudio John Bailey nos adentra en las trampas de la seguridad que han llevado al país a padecer una grave crisis de violencia El objetivo final consiste en trazar diversas rutas de escape a la dinámica de la delincuencia y la corrupción y apuntar hacia una auténtica

gobernanza democrática **Inseguros** Mercedes Calzado, 2015-08-01 Investigación y análisis del problema de la inseguridad tanto desde la perspectiva de casos emblemáticos como del contexto social general. A más de diez años del caso Blumberg el problema de la inseguridad continúa entre las primeras preocupaciones sociales mediáticas y políticas de los argentinos. La cultura del miedo está alimentada por el tratamiento en los medios o la información que se transmite es reflejo de la realidad. Los discursos políticos y los proyectos de modificaciones de las leyes penales son respuestas rápidas para paliar un descontento social o forman parte de un programa para bajar los índices de inseguridad. En este libro Mercedes Calzado demuestra cómo ninguno de estos interrogantes puede contestarse de forma separada o lineal. Mediante el análisis de casos concretos la autora comprueba la interdependencia de tres factores necesarios y que se retroalimentan: la sociedad y las víctimas, los medios y la gestión política legal frente al tema. **Inseguros** es un libro inteligente que profundiza en las causas de la inseguridad en nuestro país y que echa luz sobre el múltiple abanico de actores y de intereses que van conformando una matriz de poder.

Vision, Technology, and Subjectivity in Mexican Cyberpunk Literature Stephen C. Tobin, 2023-07-06 Vision Technology and Subjectivity in Mexican Cyberpunk Literature interrogates an array of cyberpunk and post cyberpunk science fiction novels and short stories from Mexico whose themes engage directly with visual technologies and the subjectivities they help produce all published during and influenced by the country's neoliberal era. This book argues that television computers and smartphones and the literary narratives that treat them all correspond to separate yet overlapping scopical regimes within the country today. Amidst the shifts occurring in the country's field of vision during this period the authors of these cyberpunk and post cyberpunk narratives imagine how these devices contribute to producing specular subjects or subjects who are constituted in large measure by their use and interaction with visual technologies. In doing so they repeatedly recur to the posthuman figure of the cyborg in order to articulate these changes. Stephen C. Tobin therefore contends that the literary cyborg becomes a discursive site for working through the problematics of sight in Mexico during the globalized era. In all these specular fictions represent an exceptional tendency within literary expression especially within the cyberpunk genre that grapples with themes and issues regarding the nature of vision being increasingly mediated by technology.

Ladrones De Almas Manuel Delmiro Pérez Merelles, 2014-05-29 Ladrones de almas Crónica real de un secuestro es un documento personal realizado a motu proprio y con toda la libertad el bien máspreciado del ser humano y el que le permite alcanzar su máxima grandeza pero que los secuestradores personajes siniestros que rebajan a nada su condición de seres humanos toman de rehen. También es un libro de denuncia. Pero más allá es un texto realizado con valentía de cara a la sociedad y que busca como prioridad visibilizar el problema e insistir que poco se ha hecho que cada vez hay más víctimas y que el secuestro en cualquiera de sus facetas debe denunciarse ante las autoridades. Sin la valentía de la sociedad civil sin las denuncias y reclamos a las autoridades esta crisis de valores morales y de ausencia de ética que carcome al gobierno y a los grupos de poder en México seguir manteniendo a los mexicanos en cautiverio. Ladrones de almas muestra también que algunos hechos violentos conmueven a las personas de tal manera que pasado el momento trágico buscan el alivio tratando de realizar acciones que sosieguen su mente y estabilicen su espíritu. Es una especie de deber cumplido que si bien no borra del todo el recuerdo del sufrimiento le permite mirarse al espejo todos los días con el orgullo de haberse rebelado a su manera contra todo lo padecido.
