Secular Socialists The Ccf Ndp In Ontario A Biography

Wayne C. Thompson

Secular Socialists The Ccf Ndp In Ontario A Biography:

Secular Socialists J.T. Morley,1984-01-01 *Secular Socialists* is a comprehensive history of the NDP in Ontario and its predecessor the CCF from its beginnings in the early 1930s to the contemporary period It is also a provocative analysis of the survival of the CCF NDP in the ideologically hostile environment of Ontario Morley considers the party structure the ideological forces that have shaped the party platform the relationship between the caucus and the party executive and membership the membership and ordinary conventions and such factional disputes as the expulsion of Communists and the Waffle affair Morley draws an analogy between the party individual and the human individual His description of party development has a biographical character and allows an analysis of the complex relationships that exist between the party and the environment in which it grows That environment generally the political culture of Ontario more specifically labelled the union class culture of Ontario shapes the party s organizational ideological and political choices The author also critically examines several prevailing theories about CCF NDP development including the view that over the years the party has consistently drifted towards the right a view that is specifically contradicted here

Ontario Since Confederation

Edgar-André Montigny, Anne Lorene Chambers, Lori Chambers, 2000-01-01 Articles ranging widely with politics economics and social history contain some of the most recent scholarship in the field of post Confederation Ontario history encompassing both traditional and newly emerging topics

Canadian History: Confederation to the present

Martin Brook Taylor, Doug Owsen, 1994-01-01 In these two volumes which replace the Reader s Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover

Keeping the Dream Alive Dan Azoulay, 1997-07-30 Azoulay delineates the central themes and determining factors of the party s development during the 1950s and early 1960s The CCF NDP had to contend with not only a booming postwar economy and a very popular premier but also a Cold War induced phobia toward the Left and serious intraparty divisions Despite this the party slowly recovered led by a core of dedicated activists and employing an array of strategies including the much publicized transformation of the CCF into the NDP in the early 1960s The author counters allegations that the CCF NDP opportunistically abandoned its essential qualities such as its socialist ideology or democratic structure for the sake of electoral gain and that organized labour played a leading role in the party in these years contributing to the dilution of the movement Although the party sought new alliances among the province s less privileged groups especially organized labour it did so cautiously and even hesitantly always conscious of the need to preserve its basic identity

Left, Right Engler Yves Engler, 2019-10-15 The left is supposed to be opposed to colonialism and at least skeptical of nationalism However *Left Right* shows that for decades now this hasn t been the case in Canada Yves Engler marshals damning detail on the long surprising history of support from the New Democratic Party and labor unions for such policies and international interventions as the coup in Haiti the assassination of Patrice Lumumba the Bay of Pigs invasion

the Korean War and much more The rhetoric of the mainstream left he shows has also tended to concede major points to the dominant war mongering ideology with prominent commentators such as Linda McQuaig and Stephen Lewis echoing the terminology of right wing politicians and thinkers More than simply diagnosing a problem however Left Right offers a path forward laying out ways to get us working for an ecologically sound peace promoting and non exploitative foreign policy

The Measure of Democracy Daniel J. Robinson, 1999-04-24 Politicians government officials and public relations officers lean heavily on polling when fashioning public policy Proponents say this is for the best arguing that surveys bring the views of citizens closer to civic officials Critics decry polling s promotion of sycophantic politicians who pander to the whims of public sentiment or conversely the use of surveys by special interest groups to thwart the majority will Similar claims and criticisms were made during the early days of polling When George Gallup began polling Americans in 1935 he heralded it as a bold step in popular democracy The views of ordinary citizens could now be heard alongside those of organized interest groups When brought to Canada in 1941 the Gallup Poll promised similar democratic rejuvenation In actual practice traditionally disadvantaged constituencies such as women the poor French Canadians and African Americans were often heavily underrepresented in Gallup surveys Preoccupied with election forecasting Gallup pollsters undercounted social groups thought less likely or unable to vote leading to a considerable gap between the polling results of the sampled polity and the opinions of the general public Examining the origins and early years of public opinion polling in Canada Robinson situates polling within the larger context of its forerunners market research surveys and American opinion polling and charts its growth until its first uses by political parties

Towards a Godless Dominion Elliot Hanowski, 2023-10-15 In recent surveys one in four Canadians say they have no religion A century ago Canada was widely considered to be a Christian nation and the vast majority of Canadians claimed they were devoutly religious But some were determined to resist In the 1920s and 30s groups of militant unbelievers formed across Canada to push back against the dominance of religion *Towards a Godless Dominion* explores both anti religious activism and the organized opposition unbelievers faced from Christian Canada during the interwar period Despite Christianity s prominence anti religious ideas were propagated by lectures in theatres through newspapers and out on the streets Secularist groups in Montreal Toronto Winnipeg and Vancouver actively tried to win people away from religious belief In the first two cities they were met with stiff repression by the state which convicted unbelievers of blasphemous libel broke up their meetings and banned atheistic literature from circulating In the latter two cities unbelievers met social disapproval rather than official persecution Looking at interwar controversies around religion such as arguments about faith healing and fundamentalist campaigns against teaching evolution Elliot Hanowski shows how unbelievers were able to use these conflicts to get their skeptical message across to the public Challenging the stereotype of Canada as a tolerant secular nation *Towards a Godless Dominion* returns to a time when intolerant forms of Christianity ruled a country that was considered more religious than the United States

In Search of Canadian Political Culture Nelson

Wiseman,2011-11-01 What do we really mean by phrases such as western Canadian political culture the centrist political culture of Ontario Red Toryism in the Maritimes or Prairie socialism What historical geographical and sociological factors came into play as these cultures were forged In this book Nelson Wiseman addresses many such questions offering new ways of conceiving Canadian political culture The most thorough review of the national political ethos written in a generation In Search of Canadian Political Culture offers a bottom up regional analysis that challenges how we think and write about Canada

Visionaries, Crusaders, and Firebrands Lynn Gidluck,2012-03-27 As an idealist and a visionary Jack Layton connected with millions of Canadians who saw that he was a different kind of political leader So did Tommy Douglas chosen as the greatest Canadian ever by CBC s television audience The New Democratic Party and its predecessor the CCF have often chosen leaders who resonated with the Canadian public In fact the vision and the ideals of the leaders of the NDP and the CCF have been key to its strength and appeal Their commitment to these values in their personal as well as their political lives has earned them admiration and support far beyond the votes they have attracted at election time Even though these politicians have never succeeded in forming a government in Ottawa they are seen to stand for values the whole country cherishes As a historian Lynn Gidluck noted that the story of the CCF NDP has often focused on events policies programs and electoral campaigns In this book her emphasis is on the leaders who have defined the party its vision and its policies This tradition of selecting distinguished leaders who share and refine a vision of a better Canada is as important as the policies they have promoted By focusing on leaders this book offers fresh insight into the NDP and its appeal to Canadians

Rebels, Reds, Radicals Ian McKay,2005-04-28 In this brilliant and thoroughly engaging work Ian McKay sets out to revamp the history of Canadian socialism Drawing on models of left politics in Marx and Gramsci he outlines a fresh agenda for exploration of the Canadian left In rejecting the usual paths of sectarian or sentimental histories McKay draws on contemporary cultural theory to argue for an inventive strategy of reconnaissance This important groundbreaking work combines the highest standards of scholarship and a broad knowledge of current debates in the field Rebels Reds Radicals is the introduction to McKay s definitive multi volume work on the history of Canadian socialism volume one Reasoning Otherwise Leftists and the People s Enlightenment in Canada 1890 1920 is now available

The Canadian Labour Movement Craig Heron,2020-06-01 In The Canadian Labour Movement historian Craig Heron and political scientist Charles Smith tell the story of Canada s workers from the midnineteenth century through to today painting a vivid picture of key developments such as the birth of craft unionism the breakthroughs of the fifties and sixties and the setbacks of the early twenty first century The fourth edition of this book has been completely updated with a substantial new chapter that covers the period from the great recession of 2008 through to 2020 In this chapter Smith describes the fallout of the financial crisis how Stephen Harper s government restricted labour rights the rise of the gig economy and precarious work and the continued de industrialization in the private sector These pressures contributed to fracturing the movement as when Unifor

the largest private sector union split from the Canadian Labour Congress the established house of labour Through it all rank and file union members have fought for better conditions for all workers including through campaigns like the fight for a 15 minimum wage The Canadian Labour Movement is the definitive book for anyone interested in understanding the origins achievements and challenges of the labour and social justice movements in Canada

Canadian Parties in Transition, Fifth Edition Alain-G Gagnon, Brian Tanguay, 2024-10-01 The fifth edition of Canadian Parties in Transition continues and enriches the work of earlier editions in bringing together a highly respected group of scholars to offer a comprehensive account of the development of party politics in Canada The book addresses the origin and the evolution of the Canadian party system and discusses how that system has been impacted by regionalism brokerage politics and political marketing It focuses on the competing ideological currents that occupy the political stage while also paying attention to the role of third parties in federal politics Contributors address the representation and democracy through an exploration of voting systems direct democracy the role occupied by constituencies gender politics and the distinct Quebec dynamics in the federal party system Finally the book analyses topical issues such as electoral participation social movements right wing populist parties political campaigning and digital party politics This new edition has been thoroughly revised and updated to reflect ongoing transformations and includes nineteen new contributing authors and coverage of seven new topics Canadian Parties in Transition presents a multi faceted image of party dynamics electoral behaviour political marketing and representative democracy

Secular Socialists John Terence Morley, 1984-01-01 *Party Movements in the United States and Canada* Mildred A. Schwartz, 2006 Party movements can be described as political organizations that both participate in the electoral process and have social movement qualities They appear frequently in both Canada and the United States Many of these movements face huge organizational problems and yet they display remarkable resilience signaling both continuing political dissatisfactions as well as possibilities for changing political outcomes This book demonstrates how organizational theory can be useful for understanding party movements and also expands on the idea of continuity contributing new ways of thinking about how organizations change and survive in the face of recurring dilemmas

This look inside party movements at the organizational problems they face and the strategies employed to deal with them represents a new way of accounting for their history that contrasts with perspectives focusing solely on external conditions

Canada 2015-2016 Wayne C. Thompson, 2015-05-14 This is an annually updated presentation of Canada past and present The contents in this volume are organized into sections dealing with Canada s culture Geography people history from New France to the constitutional debates in the late 20th century political system including the constitution monarchy parliament legal and court system federalism and the provinces provincial governments parties and elections defense economy the future and a comprehensive bibliography The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 30th edition the content is thorough yet perfect for a one semester introductory course or general library reference Available in both print and e book formats and priced low to fit student and library budgets
