**Tailored Wealth Management** Niall J. Gannon, 2019-01-07 The meaning of wealth has become one of the least understood concepts of our time Whether you desire wealth have wealth or wish to redistribute wealth the roadmaps to success have been painted over by outdated financial models politically charged rhetoric and the mistaken belief that at its core wealth is simply a number Tailored Wealth Management meets you where you are a new college graduate a retiring CEO a journeyman carpenter or a compassionate philanthropist The book educates readers with a deeper understanding of their place on the national and global scales of wealth It proves that the term wealthy can apply as fittingly to a gas station attendant as it does to a gas company president It empowers the reader with the causes and effects that allow wealth to accumulate to produce income and to re shape society through responsible gifting and philanthropy As American household wealth has recently crossed through 100 trillion investors have become polarized between ineffective complexity versus blind hope simplicity The under funded pensions retirement accounts and social safety nets are a result of a failure of the status quo Life liberty and the pursuit of happiness are not only inalienable rights but achievable goals open to the masses rather than the few Tailored Wealth Management topples the walls that have quarantined families and individuals from becoming wealthy staying wealthy or passing the same on to the next generation and our communities This book provides solutions for the active passive small and large investor arming the reader with the causes that lead to the effect of success

**Deep Value** Tobias E. Carlisle, 2014-08-18 The economic climate is ripe for another golden age of

shareholder activism **Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations** is a must read exploration of deep value investment strategy describing the evolution of the theories of valuation and shareholder activism from Graham to Icahn and beyond The book combines engaging anecdotes with industry research to illustrate the principles and methods of this complex strategy and explains the reasoning behind seemingly incomprehensible activist maneuvers Written by an active value investor **Deep Value** provides an insider's perspective on shareholder activist strategies in a format accessible to both professional investors and laypeople The **Deep Value** investment philosophy as described by Graham initially identified targets by their discount to liquidation value This approach was extremely effective but those opportunities are few and far between in the modern market forcing activists to adapt Current activists assess value from a much broader palate and exploit a much wider range of tools to achieve their goals **Deep Value** enumerates and expands upon the resources and strategies available to value investors today and describes how the economic climate is allowing value investing to re emerge Topics include Target identification and determining the most advantageous ends Strategies and tactics of effective activism Unseating management and fomenting change Eyeing conditions for the next M A boom Activist hedge funds have been quiet since the early 2000s but economic conditions shareholder sentiment and available opportunities are creating a fertile environment for another golden age of activism **Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations** provides the in depth information investors need to get up to speed before getting left behind
