See Through Submarines And Ships:

Submarine Commander Paul R. Schratz, 1988-01-01 The author shares his war experiences his role in the Japanese surrender and his participation in the setting of a world s record for longest submerged voyage **The New York Times Current History** ,1917 **Current History** ,1917 Crashback Michael Fabey, 2017-10-24 This chilling account of the warm war over control of the South China Sea one that is threatening to flare into full scale conflict presents a telling picture of the operational challenges the US Navy faces in the western Pacific Wall Street Journal from an award winning journalist with unprecedented access to the highest naval officers in America and China Out in the Pacific Ocean there is a war taking place It is a warm war a shoving match between the United States the uncontested ruler of the seas since WWII and China which now possesses the world s largest navy The Chinese regard the Pacific and especially the South China Sea as their ocean and they re ready to defend it Each day the heat between the two countries increases as the Chinese try to claim the South China Sea for their own and the United States insists on asserting freedom of navigation Throughout Southern Asia countries are responding with outrage and growing fear as China turns coral reefs into manmade islands capable of supporting airstrips and then attempts to enforce twelve mile radius shoot down zones The immediate danger is that the five trillion dollars in international trade that passes through the area will grind to a standstill The ultimate danger is that the US and China will be drawn into all out war Pulitzer Prize nominated journalist Michael Fabey has had unprecedented access to the Navy s most exotic aircraft carriers cruisers destroyers aircraft and submarines as well as those who command them In his well informed readable treatment Library Journal starred review Fabey offers good reporting from both sides of the conflict He gives his Chinese sources a thorough workout the little emperors and true believers alike and he has a sharp eye for what faces the American fleet if push comes to shove Kirkus Reviews Fabey predicts the next great struggle between military superpowers will play out in the Pacific and Crashback more than any other book is an accurate preview of how that conflict might unfold **PM: Program Manager (Online) November December 2001 Issue** , *National Painters Magazine* ,1916 Soviet Life ,1983 **The Romance of Submarine Engineering** Thomas W. Corbin, 1913 **The Illustrated London News** ,1917 Goodwin's Weekly ,1915 *Scientific American* ,1915 **Anti-Submarine Warfare** David Owen, 2007-11-15 A deep dive into the tactics and technology used to defend against submarines from the opening of the First World War through World War II and beyond The submarine was undoubtedly the most potent purely naval weapon of the twentieth century In two world wars enemy underwater campaigns were very nearly successful in thwarting Allied hopes of victory indeed annihilation of Japanese shipping by US Navy submarines is an indicator of what might have been That the submarine was usually defeated is a hugely important story in naval history yet this is the first book to treat the subject as a whole in a readable and accessible manner It concerns individual heroism and devotion to duty but also ingenuity technical advances and originality of tactical thought What developed was an endless battle between forces above

and below the surface where a successful innovation by one side eventually produces a countermeasure by the other in a lethal struggle for supremacy Development was not a straight line wrong ideas and assumptions led to defeat and disaster Iconography with dozens of photographs and often large format diagrams a vast bibliography and a complete and documented general approach make this volume a work of great quality and of great interest for all enthusiasts and scholars of this very interesting subject *Storia Militare* The modeller will not only find the text engaging but there is a superb collection of photographs and illustrations which of course include submarines corvettes and destroyers Subjects which the modeller increasingly appreciates Highly recommended Model Boats *Submarine Diary* Corwin Mendenhall,2013-07-31 A vividly detailed account of life aboard U S submarines in the Pacific during World War II **Torpedoes Away!** Maxwell Hawkins,2018-11-16 *Torpedoes Away* details US Navy submarine operations during the first 18 months of World War Two Author Maxwell Hawkins breathlessly covers the tense dangerous missions of submarines USS Trout Sea Raven Pollack Skipjack Cuttlefish and others Between these first hand reports stitched together from interviews with crewmen Hawkins describes the mechanical workings of submarines as well as the history of submersibles beginning in the 17th Century He spent over a year sifting through the archives of the Navy Department and conducted extensive interviews with many veteran submariners about their experiences in the Pacific during World War Two The result is a classic study of underwater warfare a must read for military historians and World War 2 buffs **Sea Devils** John Swinfield,2014-02-03 *Sea Devils* is a compelling account of pioneer submariners and their astonishing underwater contraptions Some made perilous voyages Others sank like stones Craft were propelled by muscle power or had steam engines with chimneys Some had wheels to trundle along the seabed Others were used as underwater aircraft carriers Here John Swinfield traces the history of early submarines and the personalities who built and sailed them From a plethora of madcap inventors emerged a bizarre machine that navies of the world reluctantly acquired but viewed with distaste It matured into a weapon that would usurp the mighty battleship which had for centuries enjoyed an unchallenged command of the oceans In its long and perilous history the submarine became subject to fierce business military and political shenanigans It won eventual acceptance amidst the chaos and carnage of the First World War in which pathfinder submariners achieved an extraordinarily high tally of five Victoria Crosses Britain s highest military decoration *Sea Devils* brims with daring characters and their unflinching determination to make hazardous underwater voyages an immensely readable entertaining and authoritative chronicle of low cunning high politics wondrous heroism and appalling tragedy *Two Thousand Questions and Answers about the War* Julius Washington Muller,1918 **Scattered Far and Wide** Justin Laborde,2025-09-02 *Scattered Far and Wide* follows the U S Naval Academy Class of 1938 as they rise from junior officers to combat leaders in World War II s most pivotal battles Through firsthand accounts and deep research Justin Laborde brings their stories of courage sacrifice and survival vividly to life *Scattered Far and Wide* tells the war stories of U S Naval Academy midshipmen from the Class of 1938 Commissioned on the

eve of World War II they faced the trials of combat as new officers from the early days of American involvement and as ships captains pilots in leadership positions and submariners in charge by VJ Day Tested as young leaders they bore the new burden of command while at the fore of the Pacific War s largest and most pivotal campaigns They felt the wind and spray in their faces and the percussion of ships guns and depth charges at the pivotal moment in their lives and careers making their experiences unusually compelling heartbreaking and most assuredly instructive From Pearl Harbor through the end of the war these men fought and struggled for survival as part of the U S Navy s Asiatic Fleet In the early months of the conflict they tried to stem the onslaught of the Imperial Japanese Navy Some were captured and sent to brutal prisoner of war camps Others took to the air from aircraft carriers as members of torpedo bomber and fighter squadrons during the Battles of the Coral Sea and Midway Later in the war a number served aboard submarines experiencing some of the most legendary patrols in the history of the Silent Service Author Justin Laborde s grandfather Alden Laborde was a member of the Class of 1938 Upon his death Justin obtained a 1938 edition of The Lucky Bag the Naval Academy s yearbook Reading the memoirs of Alden s classmates Justin realized he was well placed to tell the fascinating and unreported story of this class s experiences in World War II He spent five years gathering primary materials and researching the histories and wartime tales The young men who graduated from the Naval Academy in 1938 left Annapolis on the eve of war and faced its perils around the world In the process these junior officers earned medals and fame left legacies of heroism and loss and sparked tales of renown and bravery that reverberate today **Flying** ,1921 *United States Navy Magazine* ,1927 **International Marine Engineering** ,1915
