Seeds Of Fire:

Unearthing Seeds of Fire Frank Adams, Myles Horton, 1975 *Unearthing Seeds of Fire* is a thorough historical account of Highlander Folk School and the life of its founder Myles Horton. For any involved in adult education as well as those interested in education through social movement, this book provides rich descriptions of the ideology, context, and philosophy of creating learning communities through collectivism. Frank Adams is particularly successful at painting a vivid picture of the sociopolitical atmosphere under which Horton created Highlander, describing the successes and failures that were realized over the years as well as the organic evolution of the school as it responded to the changing needs of its students.

The Seeds of Fire Kenneth M. Cameron, 1981 *Seeds of Fire* Karin Kallmaker, Laura Adams, 2002 Autumn Bradley used the magic in her hands to save Ursula Columbine from the darkness that hunts for her. But the ordeal of her rescue has left Ursula's mind blank and her powers dimmed. Autumn only knows that it is up to her to hide the defenseless Ursula. Darkness has spilled into Kelly Dove's life. She will use all her strength, no matter the cost, to anyone for what her dreams seem to promise Ursula hers again. Taylor St. Claire risked faith and spirit to save Ursula but failed. No longer cleric, no longer priestess, Taylor's bitterness threatens to consume her completely. From the ancient music that haunts them all comes a clue in the search for Ursula, and Kelly seems only too eager to help. But the face of Ursula's captor is not the woman Taylor expects. The second volume of the Tunnel of Light trilogy continues the explosive journey of passion, heartbreak, and triumph.
