Expressivist Religious Zionism Shlomo Fischer,2024-12-24 This book presents a new approach to the study of Religious Zionism In counter distinction to the prevalent fundamentalist approach it argues that mainstream of Religious Zionism is a romantic religious nationalist movement in which the modern idea of self expression and related notions such as the free and authentic self and the

overcoming of alienation forms its philosophical core By showing how such notions are combined with conservative and unmodern cultural and political goals such as the restoration of a messianic kingdom it provides a profoundly complex and nuanced account both of pervasiveness of modern notions in contemporary culture and of the modern aspects of conservative and even extremist religious and nationalist groups By uncovering the process of the sacralization of the nation the state the national destiny and territory it contributes to our understanding of religious nationalism globally It also shows how the violence and extremism perpetrated by Religious Zionism elements is not some atavistic holdover from the past but is in fact rooted in the drive to self actualization and constitutes modernist violence This book will appeal to researchers and students of Jewish studies Israel and the Middle East Its intended audience also includes researchers on religious nationalism and contemporary religious and national movements

Pearls of Jewish Wisdom on Living with Kindness Shmuly

Yanklowitz,2023-06-29 In this book we will share forty lessons each with its own unique theme The common thread to the series is living with deeper kindness How can the Jewish tradition inspire us to live with deeper love and compassion How can Jewish pearls of wisdom inform how we care for one another The book contains five sections Kindness Toward Specific Individuals Kindness Toward All Individuals Kindness Through Restraint Care for Our Environment and Self Improvement as a Catalyst for Kindness to Others The first two sections address proactive kindness towards our fellow humans the third addresses kindness by avoiding hurting others the fourth kindness towards all of God's creations including animals and nature as kindness cannot be only people directed the fifth serves as a starting point and catalyst for all of the above for without first being kind to ourselves and improving our general character we cannot be truly kind towards others The argument is not only that God wants us to live with kindness and that Torah necessitates it but that kindness has the greatest chance of bringing happiness and meaning to our lives
