Schmutz,2024-11-22 Compounding the devastating tragedy of the Civil War was the failure of the warring parties to maintain a system for exchange of prisoners of war rather than imprisoning combatants for the duration This failure added at least 56 000 deaths to those accumulating on the battlefield and caused the untold suffering of many thousands more This book focuses on 600 Confederate officers made prisoners of war who were dispatched to Charleston Harbor to act as human shields and were subsequently imprisoned elsewhere and deliberately starved nearly to death These actions were the result of the breakdown of the exchange cartel as well as the retaliation policies promoted by the Secretary of War and the Lincoln administration

Frank Porter Graham and the 1950 Senate Race in North Carolina Julian M. Pleasants, Augustus M. Burns III,2017-03-01 The tumultuous North Carolina Senate primaries of 1950 are still viewed as the most bitter chapter in the state s modern political history The central figure in that frenzied race was the appointed incumbent Frank Porter Graham former president of the University of North Carolina 1931 49 and liberal activist of national stature As a Senate candidate Graham was unrelentingly attacked for both his social activism and his racial views and the vicious tactics used against him shocked his supporters and alarmed national observers Peeling away the myths that have accumulated over the years the authors present the first thoroughly researched account of Graham s eventual defeat by Raleigh attorney Willis Smith The result a balanced study of North Carolina politics at mid century is a convincing explanation of the 1950 election Using the campaign as a prism the authors assess the factional struggles within the state showing that Graham was defeated by a massive loss of support among white voters in eastern North Carolina The principal force behind this switch was the fear promulgated by the

Smith campaign that a vote for Graham was a vote to end statutory segregation in North Carolina The authors also offer the fullest portrait to date of Frank Porter Graham as political candidate and social reformer They examine his career as an educator and public activist the steps that led to his unorthodox appointment and his strengths and weaknesses as a political candidate Frank Porter Graham and the 1950 Senate Race in North Carolina is based on manuscript materials never before examined on interviews with more than 50 campaign participants and associates of both Graham and Smith and on a thorough analysis of newspaper coverage and campaign literature Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

that consumed a Richmond playhouse During the second act of a melodramatic tale of bandits ghosts and murder a small fire kindled behind the backdrop Within minutes it raced to the ceiling timbers and enveloped the audience in flames The tragic Richmond Theater fire would inspire a national commemoration and become its generation s defining disaster A vibrant and bustling city Richmond was synonymous with horse races gambling and frivolity The gruesome fire amplified the capital s reputation for vice and led to an upsurge in antitheater criticism that spread throughout the country and across the Atlantic Clerics in both America and abroad urged national repentance and denounced the stage a sentiment that nearly destroyed theatrical entertainment in Richmond for decades Local churches by contrast experienced a rise in attendance and became increasingly evangelical In *The Richmond Theater Fire* the first book about the event and its aftermath Meredith Henne Baker explores a forgotten catastrophe and its wide societal impact The story of transformation comes alive through survivor accounts of slaves actresses ministers and statesmen Investigating private letters diaries and sermons among other rare or unpublished documents Baker views the event and its outcomes through the fascinating lenses of early nineteenth century theater architecture and faith and reveals a rich and vital untold story from America s past

The Dunning School John David Smith, J. Vincent Lowery, 2013-10-14 From the late nineteenth century until World War I a group of Columbia University students gathered under the mentorship of the renowned historian William Archibald Dunning 1857-1922 Known as the Dunning School these students wrote the first generation of state studies on the Reconstruction volumes that generally sympathized with white southerners interpreted radical Reconstruction as a mean spirited usurpation of federal power and cast the Republican Party as a coalition of carpetbaggers freedmen scalawags and former Unionists Edited by the award winning historian John David Smith and J Vincent Lowery *The Dunning School* focuses on this controversial group of historians and its scholarly output Despite their methodological limitations and racial bias the

Dunning historians writings prefigured the sources and questions that later historians of the Reconstruction would utilize and address Many of their pioneering dissertations remain important to ongoing debates on the broad meaning of the Civil War and Reconstruction and the evolution of American historical scholarship This groundbreaking collection of original essays offers a fair and critical assessment of the Dunning School that focuses on the group s purpose the strengths and weaknesses of its constituents and its legacy Squaring the past with the present this important book also explores the evolution of historical interpretations over time and illuminates the ways in which contemporary political racial and social questions shape historical analyses *The Davidson Family of Rural Hill, North Carolina* Jim Williams, Ann

Williams, 2020-02-12 John Davidson came to the North Carolina back country circa 1751 as a young man with his sister and widowed mother Typical of Scots Irish settlers they arrived with little more than basic farming tools determined to make it on their own terms Davidson worked hard prospered married well and built a plantation on the Catawba River he called Rural Hill The Davidson s were loyal British citizens who paid their taxes and participated in colonial government When the Crown s overbearing authority interfered independence became paramount and Davidson and his neighbors became soldiers in the Revolutionary War After the war Davidson managed his plantation created shad fisheries helped develop the local iron industry with his sons in law and was an early planter of cotton His sons and grandsons along with their slave families continuously increased and improved the acreage and became early practitioners of scientific farming Drawing on public documents family papers and slave records this history describes how a fiercely independent family grew their lands and fortunes into a lasting legacy [Library of Congress Catalogs](#) Library of Congress, 1979
