Barlow, 2004-12-30 The introduction of the DVD marked the beginning of one of history's most successful technological innovations and capped a 75 year development of home viewing possibilities Never before have film fans had access in their living rooms to something so remarkably close to the theatrical experience In addition because a DVD can hold much more than a single movie it has allowed films to be marketed with a variety of extras sparking both a new packaging industry and greater interest on the part of home viewers This book provides an examination of the DVD's impact both on home viewing and on film study From film fan culture through filmmaker commentaries from special editions to a look at where the format will go from here author Aaron Barlow offers the first ever exploration of this explosive new entertainment phenomenon As the DVD becomes the popular vehicle of record for films it is also becoming a unique and unprecedented way for the interested viewer to learn more about filmmaking than has ever been possible before Because of its ability to reproduce the dimensions and quality of the celluloid image film fans and scholars can have practically perfect reproductions of classic and

House Music Oona King, 2013-02-18 How does it feel to lose your job in front of ten million people To ask a Government Whip for time to see your husband To represent the Secretary of State for Health at a family planning clinic on the day you fail your fifth IVF cycle To be loved and hated by people who don't even know you To be the second black woman elected to Parliament To be a Jewish woman representing a largely Muslim constituency To be the only MP who likes house music A decade is a long time in politics and in these candid diaries Oona King shows how she has changed since becoming an MP in 1997 From the intense strain on her marriage to her desperate struggle to have a baby Oona reveals how she chose to abandon her political ambition in favour of another to have a life

**Wee Rockets** Gerard Brennan, 2013-12-05 A gang of fourteen year old hoods rampage through West Belfast indulging in violent street crime and mugging pensioners to pay for cider cigarettes and sweets Branded scum by a shocked community and pursued by a dogged local vigilante the young gangsters antisocial behaviour soon escalates into something much worse The Wire This is Barbed Wire A cheeky slice of urban noir a drink soaked drug addled journey into the violent underbelly of one of Europe's most notorious ghettos Wee Rockets makes The Outsiders look like the Teletubbies Colin Bateman For fans of A Clockwork Orange Kidulthood The Wire Boyz n the Hood or City of God set in Belfast and for anyone with an open mind about disaffected disenfranchised youth in modern urban society What they're saying Gerard Brennan stands apart from the Irish crime fiction crowd with a novel rooted in the reality of today's Belfast The author's prose speaks with a rare authenticity about the pain of growing up in a fractured society shot through with a black humour that can only come from the streets Wee Rockets is urban crime fiction for the 21st century and Brennan is a unique voice among contemporary Irish writers Stuart Neville In Wee Rockets Gerard Brennan has written a fast paced exciting story of West Belfast gang culture brimming with violence authentic street dialogue and surprising black humour This is a great debut novel Brennan takes us into the heart of Belfast's chav underclass in a story that lies somewhere in the intersection between The Warriors Colin Bateman and Guy Ritchie This is the first in what undoubtedly will be a stellar literary career Adrian McKinty Brennan impressed me hugely with his debut novella The Point and Wee Rockets has cemented my opinion that he belongs among the top rank of Northern Irish crime writers Loitering With Intent So assured and mature you'd think this was his eight or ninth book not one of his first Spinetingler Magazine This is a tremendous book and I urge you to read it I Meant To Read That From the author I think the main theme is that of nature versus nurture The characters are presented as products of their environment I don't think it's a judgemental book it simply shows you how these kids and adults react to certain situations The reader may not always approve of the action taken but hopefully they can understand what has informed it It's also an exploration into how good people can do bad things and bad people can do good I've purposely tried to blur that line so that the characters aren't simply black or white Morally they operate in shades of grey It's my hope that a character you hated in the first chapter can

grow into a hero by the final act and vice versa      *Movie Roadshows* Kim R.
