The Memory Artists Jeffrey Moore, 2007-04-01 Winner of the Canadian Authors Association Award for Best Novel Noel Burun has synesthesia and hypermnesia he sees words in vibrant explosions of colors and shapes which collide and commingle to form a memory so bitingly perfect that he can remember everything from the 1001 stories of The Arabian Nights to the color of his bib as a toddler But for all his mnemonic abilities he is confronted every day with a reality that is as sad as it is ironic his beloved mother Stella is stricken with Alzheimer's disease her memory slowly slipping into the quicksands of oblivion The Memory Artists follows Noel helped by a motley cast of friends on his quest to find a cure for his mother's affliction The results are at the same time darkly funny quirkily inventive and very moving Alternating between third person narratives and the diaries of Noel and Stella Jeffrey Moore weaves a story filled with fantastic characters and a touch of suspense that gets at the very heart of what it means to remember and forget and that is a testament to the uplifting power of family and friendship

Attachment Theory, The Science of Successful Relationships, Authentic Love, Romance and Connection Darcy Carter, Discover The Secrets To Building Healthy Happy and Rewarding Relationships We all want that special someone who's going to love us unconditionally honour us and accept us for just being who we are Authentic love and connection are enormously powerful bonds between two people Unfortunately though if we've had more than our fair share of bad relationships through our lifetime Then it can become easy to suspect there's no right person just many different alternatives of wrong We have a staggering divorce rate which causes untold damage to the partners and even more so to their children It is common perhaps expected for relationships to suffer from maladaptive patterns over time it's like a car that needs maintenance and these are fixable when both partners do the work Our interpersonal relationships start forming as soon as we're born and psychologists have studied how those early connections can set the stage for the other relationships we form later in life The attachment theory argues that a strong emotional and physical bond to one primary caregiver in our first years of life is critical to our development Change the way you view every type of relationship you have ever had and will ever have Make healthier choices in choosing who to date and discover a new dimension of connection where relationships can become an institution for unlimited creativity fulfilment intimacy and love If you are in a relationship this book will show you how to examine the unknown path that you'll travel with your spouse and carefully evaluate the strengths and weaknesses of your relationship If you are single this book will help you to become clear and define what you want in your ideal future partner and also what you don't want The key ingredient to happy and fulfilled people is the quality of their intimate social family and professional relationships nothing else in life comes even remotely close Go Ahead

Rock the Boat Resmaa Menakem, 2015-04-28 An honest look at what really works to bring more intimacy and deeper trust into your relationship Couples therapist Resmaa Manakem challenges couples not to avoid conflict Don't be afraid to rock the boat The emotional transformation that results can forge a greater more mature intimacy a deeper trust and a stronger bond Conflict is a natural part of any intimate relationship Yet most couples either avoid it or try to smooth over their differences This results in at least one partner compromising their integrity and stunting their own growth Gritty often irreverent and always practical Rock the Boat challenges couples not to flee from conflicts because the emotional stalemate that conflicts produce creates an opportunity for profound transformation This transformation affirms each partner's individuality while forging a more mature intimacy a greater trust and a deeper bond Rock the Boat challenges the idea that conflict between partners is unhealthy or something to avoid Instead it encourages both people to stand by what they need and who they are but to do so with compassion rather than competitiveness or vengefulness This is the purpose of an intimate relationship to create an atmosphere where both people learn to grow up and mature in their relationship by appreciating each other's individual needs in a caring and mature way Author Resmaa Menakem a licensed clinical social worker specializing in couples therapy addresses key factors in making this happen including accepting discomfort and uncertainty honesty and openness about sex money kids and in laws recognizing when conflict might escalate into violence or abuse and when appropriate finding and working with a good therapist Rock the Boat is not about ideals or what we hope or imagine relationships to be It's an honest unflinching look at what actually works
