Noble, 2013-02-19 Teaching on the sanctification of Christians using the difficult word perfection has been part of Christian spirituality through the centuries The Fathers spoke of it and Augustine particularly contributed his penetrating analysis of human motivation in terms of love Medieval theologians such as Bernard and Thomas Aquinas developed the tradition and wrote of levels or degrees of perfection in love However the doctrine has not fared so well among Protestants John Wesley was the one major Protestant leader who tried to blend this ancient tradition of Christian perfection with the Reformation proclamation of justification by grace through faith This book seeks to develop Wesley s synthesis of patristic and Reformation theology in order to consider how Christian perfection can be expressed in a more nuanced way in today s culture Noble examines what basis may be found for Wesley s understanding of sanctification in the central doctrines of the church particularly the atonement the doctrine of Christ and

the most comprehensive of all Christian doctrines the doctrine of the Holy Trinity What he sets out is a fully trinitarian theology of holiness

Before settling down as a country parish priest, a calling that was cut short by his early death aged 39, he was a complex character who led a varied life in politics and academia. His inner tensions resulted in memorable writing and a rich spirituality. Here Philip Sheldrake explores themes in Herbert's work that stand out as most important: his deep biblical and liturgical roots, his Christ-centred spirituality, his emphasis on the importance of the everyday, his strong sense of place, his understanding of discipleship, his approach to prayer and his spirituality of service. Richly illustrated with excerpts from his poetry, prose and letters, this volume offers a comprehensive study guide to one of the most loved poetic voices.

Explorations in Twentieth-century Theology and Philosophy Ann Loades, 2023-04-11 Ann Loades has been instrumental in bringing forward for the attention of readers in later generations voices from the past, notably highlighting the work of pioneering women such as Evelyn Underhill and Dorothy L. Sayers, as well as advancing the study of better-known Anglican forebears C. S. Lewis and Austin Farrer, always with her own distinctive concerns. A key interpreter of the Anglican tradition and with a keen eye to ensure the full recognition of women, these studies by Ann Loades are essential reading in Anglican feminist and twentieth-century theology.

Even outside religion, little has been untouched by

Receptive Ecumenism and the Call to Catholic Learning Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other's gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts
