HUMAN AND COSMIC THOUGHT Rudolf Steiner,2015-03-04 Rudolf Steiner demonstrates that there are twelve main philosophical standpoints and that the future of philosophy rests not upon defending one and refuting the others but in learning to experience the validity of them all What convinces us of the truth of a certain point of view Why do we find it difficult to comprehend viewpoints that differ from our own What are the inner foundations of our knowledge In these concentrated and aphoristic lectures Steiner speaks of twelve main philosophical standpoints and the importance of understanding each of them An appreciation of the variety of possible world views not only sharpens and makes more flexible our own powers of thinking but helps us to overcome a narrow minded one sidedness promoting tolerance of other people and their opinions Steiner goes on to explain how each standpoint is also coloured by a particular soul mood which influences the way we actively pursue knowledge Several philosophers and their works are characterised in this manner throwing light on their contributions to human culture Through such insight into the true nature of human thinking we are led to understand the quality of cosmic thought and how in Rudolf Steiner s words the human being can be seen as a thought which is thought by the Hierarchies of the cosmos

The Infinite Playground Bernard De Koven,2022-06-21 This final work from a visionary game designer reveals how a surprising range of play based experiences can unlock our imagination and help us capture the power of fun and delight Bernard De Koven 1941 2018 was a pioneering designer of games and theorist of fun He studied games long before the field of game studies existed For De Koven games could not be reduced to artifacts and rules they were also about experiencing fun His final book *The Infinite Playground* is about the power of the imagination the imagination as a playground a possibility space and a gateway to wonder De Koven guides the readers through a series of observations and techniques interspersed with games He begins with the fundamentals of play and proceeds through the private imagination the shared imagination and imagining the world observing the things we imagine can become the world Along the way he reminisces about playing ping pong with basketball great Bill Russell begins the instructions for a game called Reception Line with Mill around and introduces blathering games Blather Group Blather Singing Blather and The Blather Chorale that allow the player s consciousness to meander freely *The Infinite Playground* extends a play centered invitation to experience the power and delight unlocked by imagination offering a curriculum for playful learning
