Innovation up Close A. Michael Huberman, Matthew B. Miles, 2013-06-29 School improvement like motherhood has many advocates Everyone is for it without having to campaign actively on its behalf And just as the 100% of people who have had mothers think they know how mothering could be done better so the nearly 100% of people who have been pupils in schools or have even taught in or managed them think they know how schools can be improved More precisely they are sure that schools ought to be improved The trouble is that they propose a staggering conflicting range of methods of improving the schools from back to the woodshed to teacher merit pay a stiffer curriculum a stronger tax base

reorganization a more humane climate teacher proof innovations community involvement the list is nearly end less Furthermore the issues are not merely technical but normative and political The term improvement is itself problematic One person s version of improvement is another s version of wastefulness or even of worsening the schools Furthermore the versions that win out in any particular school are not Improvement sometimes turns out to be merely a necessarily technically best code word for the directives that administrators have successfully put into place or for the agreements that teachers have lobbied into being How much do we really know about school improvement The available research literature is quite substantial but not as helpful as it might be *Educational Innovation in Society 5.0 Era: Challenges and Opportunities* Yoppy Purnomo, Herwin, 2021-11-22 This book consists of a selection of papers that discuss the challenges in the increasingly complex world of education and various educational problems such as moral degradation lack of literacy pedagogical curriculum and innovation educational technology Moreover the book provides papers that deal with educational innovation in the era of Society 5.0 with a view to discuss and resolve various social challenges issues and problems relating to educators students the dynamics of the education system and social dynamics The subject areas treated in this book are Character Education in Society 5.0 Era Multiliteracy Education in Society 5.0 Era Early Childhood Education in Society 5.0 Era Inclusive Education in Society 5.0 Era Curriculum Media and Educational Technology for Primary Education in Society 5.0 Era Joyful and Meaningful Learning in Society 5.0 Era and HOTS in Society 5.0 Era This book will help educators stakeholders and also parents to cope with the challenges in education **Enhancing Public Innovation by Transforming Public Governance** Jacob Torfing, Peter Triantafyllou, 2016-08-04 Drawing on theoretical research and empirical studies this book examines how public governance can be transformed in order to enhance innovation It scrutinizes the need for public sector reforms and analyzes how the gradual transition towards New Public Governance can stimulate the exploration and exploitation of new ideas
