Colonial Survey and Native Landscapes in Rural South Africa, 1850 - 1913 Lindsay F. Braun, 2014-10-16 In Colonial Survey and Native Landscapes in Rural South Africa 1850 1913 Lindsay Frederick Braun explores the technical processes and struggles surrounding the creation and maintenance of boundaries and spaces in South Africa in the nineteenth and early twentieth centuries The precision of surveyors and other colonial technicians lent these enterprises an illusion of irreproachable objectivity and authority even though the reality was far messier Using a wide range of archival and printed materials from survey departments repositories and libraries the author presents two distinct episodes of struggle over lands and livelihoods one from the Eastern Cape and one from the former northern Transvaal These cases expose the contingencies contests and negotiations that fundamentally shaped these changing South African landscapes

Unlearning the Colonial Cultures of Planning Libby Porter, 2016-02-24 Colonialization has never failed to provoke discussion and debate over its territorial economic and political projects and their ongoing consequences This work

argues that the state based activity of planning was integral to these projects in conceptualizing shaping and managing place in settler societies Planning was used to appropriate and then produce territory for management by the state and in doing so became central to the colonial invasion of settler states Moreover the book demonstrates how the colonial roots of planning endure in complex post colonial societies and how such roots manifest in everyday planning practice continue to shape land use contests between indigenous people and planning systems in contemporary post colonial states **Indigenous Communities and Settler Colonialism** Z. Laidlaw, Alan Lester, 2015-03-30 The new world created through Anglophone emigration in the 19th century has been much studied But there have been few accounts of what this meant for the Indigenous populations This book shows that Indigenous communities tenaciously held land in the midst of dispossession whilst becoming interconnected through their struggles to do so **A Companion to Cultural Geography** James Duncan, Nuala C. Johnson, Richard H. Schein, 2008-04-15 A Companion to Cultural Geography brings together original contributions from 35 distinguished international scholars to provide a critical overview of this dynamic and influential field of study Provides accessible overviews of key themes debates and controversies from a variety of historical and theoretical vantage points Charts significant changes in cultural geography in the twentieth century as well as the principal approaches that currently animate work in the field A valuable resource not just for geographers but also those working in allied fields who wish to get a clear understanding of the contribution geography is making to cross disciplinary debates **Inventing Stanley Park** Sean Kheraj, 2013-05-15 In early December 2006 a powerful windstorm ripped through Vancouver's Stanley Park The storm transformed the city's most treasured landmark into a tangle of splintered trees and shattered a decades old vision of the park as timeless virgin wilderness In *Inventing Stanley Park* Sean Kheraj traces how the tension between popular expectations of idealized nature and the volatility of complex ecosystems helped transform the landscape of one of the world's most famous urban parks This beautifully illustrated book not only depicts the natural and cultural forces that shaped the park's landscape it also examines the roots of our complex relationship with nature *Geographies of Knowledge and Power* Peter Meusburger, Derek Gregory, Laura Suarsana, 2015-06-24 Interest in relations between knowledge power and space has a long tradition in a range of disciplines but it was reinvigorated in the last two decades through critical engagement with Foucault and Gramsci This volume focuses on relations between knowledge and power It shows why space is fundamental in any exercise of power and explains which roles various types of knowledge play in the acquisition support and legitimization of power Topics include the control and manipulation of knowledge through centers of power in historical contexts the geopolitics of knowledge about world politics media control in twentieth century cartography in modern war the power of words the changing face of Islamic authority and the role of Millennialism in the United States This book offers insights from disciplines such as geography anthropology scientific theology Assyriology and communication science **Landscapes and Social Transformations on the Northwest Coast** Jeff Oliver, 2010 Nordamerika Kolonialzeit

Landschaft Raumkonzepte soziale Konstruktion Becoming British Columbia John Belshaw, 2009-07-01 *Becoming British Columbia* is the first comprehensive demographic history of British Columbia Investigating critical moments in the demographic record and linking demographic patterns to larger social and political questions it shows how biology politics and history conspired with sex death and migration to create a particular kind of society John Belshaw overturns the widespread tendency to associate population growth with progress He reveals that the province has a long tradition of thinking and acting vigorously in ways meant to control and shape biological communities of humans and suggests that imperialism race class and gender have historically situated population issues at the centre of public consciousness in British Columbia

The Power of Place, the Problem of Time Keith Thor Carlson, 2010-12-31 The Indigenous communities of the Lower Fraser River British Columbia a group commonly called the St l have historical memories and senses of identity deriving from events cultural practices and kinship bonds that had been continuously adapting long before a non Native visited the area directly In *The Power of Place the Problem of Time* Keith Thor Carlson re thinks the history of Native newcomer relations from the unique perspective of a classically trained historian who has spent nearly two decades living working and talking with the St l peoples St l actions and reactions during colonialism were rooted in their pre colonial experiences and customs which coloured their responses to events such as smallpox outbreaks or the gold rush Profiling tensions of gender and class within the community Carlson emphasizes the elasticity of collective identity A rich and complex history *The Power of Place the Problem of Time* looks to both the internal and the external factors which shaped a society during a time of great change and its implications extend far beyond the study region

Towards a New Ethnohistory Keith Thor Carlson, John Sutton Lutz, David M. Schaepe, Naxaxalhts'i - Albert "Sonny" McHalsie, 2018-04-20 *Towards a New Ethnohistory* engages respectfully in cross cultural dialogue and interdisciplinary methods to co create with Indigenous people a new decolonized ethnohistory This new ethnohistory reflects Indigenous ways of knowing and is a direct response to critiques of scholars who have for too long foisted their own research agendas onto Indigenous communities Community engaged scholarship invites members of the Indigenous community themselves to identify the research questions host the researchers while they conduct the research and participate meaningfully in the analysis of the researchers findings The historical research topics chosen by the St l community leaders and knowledge keepers for the contributors to this collection range from the intimate and personal to the broad and collective But what principally distinguishes the analyses is the way settler colonialism is positioned as something that unfolds in sometimes unexpected ways within St l history as opposed to the other way around This collection presents the best work to come out of the world s only graduate level humanities based ethnohistory field school The blending of methodologies and approaches from the humanities and social sciences is a model of twenty first century interdisciplinarity

An Illustrated History of Canada's Native People Arthur J. Ray, 2011 Canada s Native people have inhabited this land since the Ice Age and were already accomplished traders artisans farmers and marine

hunters when Europeans first reached their shores Contact between Natives and European explorers and settlers initially presented an unprecedented period of growth and opportunity But the two vastly different cultures soon clashed Arthur J Ray charts the history of Canada s Native people from first contact to current land claims The result is a fascinating chronicle that spans 12 000 years and culminates in the headlines of today *Illustrated History of Canada's Native People, Fourth Edition* Arthur J. Ray, 2016-05-01 Canada s Native people have inhabited this land since the Ice Age and were already accomplished traders artisans farmers and marine hunters when Europeans first reached their shores Contact between Natives and European explorers and settlers initially presented an unprecedented period of growth and opportunity But the two vastly different cultures soon clashed Arthur Ray charts the history of Canada s Native people from first contact to current land claims The result is a fascinating chronicle that spans 12 000 years and culminates in the headlines of today In the preface to this new edition Ray elaborates on the increasing effectiveness of Indigenous peoples and their leaders in bringing demands for justice to centre stage He discusses recent court decisions the final report of the Truth and Reconciliation Commission of Canada and the hope for change following promises made by the new Trudeau government

Children, Young People and Care John Horton, Michelle Pyer, 2017-04-28 The very notions of childhood and youth are intimately connected to contemporary norms practices and spaces of care caring and care giving The provision of care is widely figured as both the primary responsibility of parents carers and practitioners who work with children and young people and the primary factor in shaping children and young people s development education socialisation wellbeing and contentment However children and young people themselves are rarely figured as key actors in the provision of care An overwhelming presumption that children and young people are to be cared for has effectively marginalised their agency and responsibilities as carers or in relation to practices and spaces of care Bringing together a significant array of multidisciplinary work on children young people and families this collection draws together new research on the diverse lives and experiences of children and young people as carers as cared for and in relation to spaces and institutions of care It is the first collection specifically devoted to the subject of care in relation to childhood and youth As such the book will be a key resource for academics practitioners and students seeking leading edge empirical and conceptual material on this topic

From Wardship to Rights Jim Reynolds, 2020-05-01 This book tells the story of a First Nation s single minded quest for justice In 1958 the federal government leased a third of the small Musqueam Reserve in Vancouver to an exclusive golf club at far below market value When the band members discovered this in 1970 they initiated legal action Their tenacity led to the 1984 decision of the Supreme Court of Canada in *Guerin v The Queen* In *Guerin* the Court held that the government has a fiduciary duty towards Indigenous peoples an obligation to act in their best interests This landmark decision is explored in this book written by an Aboriginal rights lawyer who served as one of the legal counsel for the Musqueam and argued on their behalf all the way to the highest court Jim Reynolds provides an in depth analysis considering the context the case and

decision and the major impact that Guerin had on Canadian law politics and society The Guerin case changed the relationship between governments and Indigenous peoples from one of wardship to one based on legal rights It was a seismic decision with implications that resonate today not only in Canada but also in other Commonwealth countries Within and Without the Nation Karen Dubinsky,Adele Perry, Henry Yu,2016-01-28 In some ways Canadian history has always been international comparative and wide ranging However in recent years the importance of the ties between Canadian and transnational history have become increasingly clear Within and Without the Nation brings scholars from a range of disciplines together to examine Canada s past in new ways through the lens of transnational scholarship Moving beyond well known comparisons with Britain and the United States the fifteen essays in this collection connect Canada with Latin America the Caribbean and the wider Pacific world as well as with other parts of the British Empire Examining themes such as the dispossession of indigenous peoples the influence of nationalism and national identity and the impact of global migration Within and Without the Nation is a text which will help readers rethink what constitutes Canadian history **Political Ecology and Tourism**

Sanjay Nepal,Jarkko Saarinen,2016-02-26 Political ecology explicitly addresses the relations between the social and the natural arguing that social and environmental conditions are deeply and inextricably linked Its emphasis on the material state of nature as the outcome of political processes as well as the construction and understanding of nature itself as political is greatly relevant to tourism Very few tourism scholars have used political ecology as a lens to examine tourism centric natural resource management issues This book brings together experts in the field with a foreword from Piers Blaikie to provide a global exploration of the application of political ecology to tourism It addresses the underlying issues of power ownership and policies that determine the ways in which tourism development decisions are made and implemented Furthermore contributions document the complex array of relationships between tourism stakeholders including indigenous communities and multiple scales of potential conflicts and compromises This groundbreaking book covers 15 contributions organized around four cross cutting themes of communities and livelihoods class representation and power dispossession and displacement and environmental justice and community empowerment This book will be of great interest to students and scholars in tourism geography anthropology sociology environmental studies and natural resources management

Colonialism and Antarctica Peder Roberts,Alejandra Mancilla,2024-07-30 This book explores how the concept of colonialism can help to understand the past and present of Antarctica and how Antarctica may illuminate the limits of colonialism as an analytic concept Despite lacking an indigenous population the continent has been shaped by many of the same political and economic forces that have defined the rest of the world notwithstanding its unique governance arrangement the Antarctic Treaty System The book provides a fresh and timely set of contributions that critically explore different practices attitudes and logics that suggest that colonialism may have been and may still be present in Antarctica ranging from religion to material culture to the treatment of animals The chapters also explore the connection between

colonialism and cognate terms like capitalism socialism nationalism and environmentalism An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence
