Making Of Arab News:

The Making of Arab News Noha Mellor, 2005-01-28 Since September 11 Arab and American journalists have been trading barbs accusing each other of bias and a lack of objectivity But is news coverage in Arab countries all that different from American coverage The Making of Arab News draws comparisons including examples of Arabic news language and their English translations to show how Arab news values have been Americanized and how these values are reflected in the language used in the Arab news Noha Mellor further discusses claims that the current development in the Arab news media could be the first step toward democratization

Routledge Handbook on Arab Media Nouredine Miladi, Noha Mellor, 2020-11-29 This handbook provides the first comprehensive reference book in English about the development of mass and social media in all Arab countries Capturing the historical as well as current developments in the media scene this collection maps the role of media in social and political movements Contributors include specialists in the field from North America Europe and the Middle East Each chapter provides an overview of the history regulatory frameworks and laws governing the press and socio political functions of the media While the geopolitical complexities of the region have been reflected in the expert analyses collectively the focus is always the local context of each member state All 38 chapters consider the specific historical political and media trajectories in each country to provide a contextual background and foundation for further study about single states or comparative analysis in two or more Arab states Capturing significant technological developments and the widespread use of social media this all inclusive volume on Arab media is a key resource for students and scholars interested in journalism media and Middle East studies

Al Jazeera and the Global Media Landscape Tine Ustad Figenschou, 2013-10-15 This book analyzes how and why Al Jazeera English AJE became the channel of choice to understand the massive protests across the Arab world 2011 Aiming to explain the Al Jazeera moment it tracks the channel s bumpy road towards international recognition in a longitudinal in depth analysis of the channel s editorial profile and strategies Studying AJE from its launch in mid November 2006 to the Arab Spring it explains and problematizes the channel s ambitious editorial agenda and strategies examines the internal conflicts practical challenges and minor breakthroughs in its formative years The Al Jazeera phenomenon has received massive attention but it remains under researched The growth of transnational satellite television has transformed the global media landscape into a complex web of multi vocal multimedia and multi directional flows Based on a combination of policy

production and content analysis of comprehensive empirical data the book offers an innovative perspective on the theorization of global news contra flows By problematizing the distinctive characteristics of AJE it examines the strategic motivation behind the channel and the ways in which its production processes and news profile are meant to be different from its Anglo American competitors These questions underscore a central nexus of the book the changing relationship between transnational satellite news and power

Building the Belt and Road Initiative in the Arab World Jonathan Fulton, 2025-07-04 This book analyses the expansion of Chinese power and influence in the Middle East and North Africa MENA through Belt and Road Initiative BRI projects undertaken in the 1 2 3 cooperation pattern Under this framework 1 represents energy 2 represents infrastructure and trade and investment and 3 represents nuclear energy space satellites and renewable energy Taken together these elements indicate the trajectory of China's MENA presence and by examining each element in different states across the region this book provides empirical evidence of which states or subregions are most important for Beijing's regional ambitions as well as a better understanding of which sectors are being developed The book will draw substantial interest from a wide range of readers including academics in the field of Chinese foreign policy international relations international political economy foreign policy analysis and area studies Professionals in the corporate world will also be engaged and governmental practitioners and non government agencies will also find it an important resource

Modern Arab Journalism Noha Mellor, 2007-11-30 Modern Arab Journalism offers a new outlook in studying Arab news media It approaches its subject from an innovative angle asking a series of key questions How is Arab journalism different from or similar to journalism in other countries What defines the tasks of journalists Who has access to this field How is power distributed inside the field of Arab journalism When were the media programs launched at Arab universities and what characterizes them Although the field of Arab journalism has received tremendous attention from the public as well as journalistic circles around the world in recent times this book presents the first detailed exploration of the area opening up a new research agenda and challenging the concepts taken for granted in Arab media scholarship

Social Semiotics of Arabic Satellite Television Ali Darwish, 2009 Arabic satellite television is a phenomenon that has swept the Arab world in less than two decades and is said to have dramatically changed the Arab region It has created a world of contrasts and contradictions between tradition and liberalism and a polarization of views and opinions all vying for dominance and control This book examines the social semiotics of Arabic satellite television and studies the multimodal representations of Arab social and cultural values and their implied meanings in a communication medium that heavily relies on imported western models

New Media and the New Middle East Philip Seib, 2007-08-06 In this book leading international scholars examine the way new media is reshaping lives and politics Covering topics from women's rights to terrorism and countries from Israel to Saudi Arabia these authors explore the global and regional ramifications of the proliferation of communication technologies and the information they disseminate
