Making Of The New Europe

Philip V. Bohlman

Making Of The New Europe:

Making the New Europe M. L. Smith, Peter M.R. Stirk, 2016-10-06 This volume evaluates the notion of European Unity in a period when European identity was subjected to the destructive consequences of Nazi and Fascist domination of much of the Continent By presenting the competing visions of transformation and reconstruction played out during the war years the book aims to provide broader based and more complex insights into forces that shaped the post war period than those in conventional accounts that locate the thinking about European unity only in the years after 1945 **Focus: Music, Nationalism, and the Making of a New Europe** Philip V. Bohlman, 2010-09-13 Focus Music Nationalism and the Making of the New Europe surveys the intersection of music and nationalism by tracing its historical development and documenting its persistence today Contrasting different types of music reveals how music expresses core ideas of nationalism for example folk music in the nineteenth century and popular music in the twenty first **Public Opinion and the Making of Foreign Policy in the 'New Europe'** Nathaniel Copsey, 2016-04-15 By drawing a new boundary between the EU and its eastern neighbours the European Union has since 1989 created a frontier that has been popularly described in the frontier states as the new Berlin Wall This book is the first comparative study of the impact of public opinion on the making of foreign policy in two Eastern European states on either side of the divide Poland and Ukraine Focusing on the vocal informed segment of public opinion and drawing on results of both opinion polls and a series of innovative focus groups gathered since the Orange Revolution Nathaniel Copsey unravels the mystery of how this crucial segment of the public impacts on foreign policy makers in both states He also takes a closer look at the business community and the importance of economic factors in forming public opinion The book presents a fresh approach to our understanding of how the public's view of the past influences contemporary politics **Political Parties in the New Europe** Kurt Richard Luther, Ferdinand Müller-Rommel, 2002 The scope and intensity of the challenges currently faced by western European political parties is exceptionally large threatening the viability of the manner in which they have traditionally operated and causing them to seek new behaviours and strategies This volume brings together some of the foremost scholars of European party politics whose evaluation of political parties in the new Europe is organised under four broad headings Parties and Society Parties as Purposive Organisations Parties and National Government and Parties the Nation State and Beyond The contributors review the latest empirical findings and provide a concise critical review of the theoretical and methodological state of the art They also highlight the analytical challenges confronting party researchers and suggest new avenues for party research **The Politics of the New Europe** Ian Budge, Kenneth Newton, 2014-01-21 A pioneering textbook which explains the dynamics of politics across Europe in the post Cold war era Comparing democratisation transition to a market economy and increasing economic and political integration in the countries of central and eastern Europe with experiences in Scandinavia and southern and western Europe the book provides a wealth of information and analysis on the state of Europe at the end of a momentous century of European

and World history **Separatism and Sovereignty in the New Europe** Janet Laible, 2008-11-23 This book investigates why despite European integration separatist nationalism continues to thrive in EU member states Laible demonstrates that the EU sustains the importance of statehood and therefore separatism and creates new forms of political capital that nationalists employ in their struggles for self government *Negotiating Diplomacy in the New Europe* Stefanos Katsikas, 2011-10-30 Bulgaria has faced previously unimaginable pressures over the last two decades as it struggles to adapt to a post Communist landscape and to reform both state and society in the wake of the fall of the Soviet Union while facing the challenge of increased efforts by NATO and the EU to expand into this region In *Negotiating Diplomacy in the New Europe* Stefanos Katsikas sheds new light on the mechanisms and factors which have influenced the making and shaping of Bulgarian foreign policy examining the extent to which both domestic factors and the international environment have affected its trajectory Following the promulgation of Gorbachev's now famous policies of glasnost and perestroika and the fall from power of the Bulgarian Communist Party led at the time by Todor Zhivkov many have directly attributed Bulgaria's changes in foreign policy to the processes of democratization witnessed throughout Eastern Europe However although this was to some extent the case the commonalities shared with the country's foreign policy during the Cold War era leave in question the extent to which the effects of democratization alone suffice to explain Sofia's post communist diplomatic and strategic policies By analysing the influencing factors of Bulgaria's foreign policy since 1989 Katsikas considers factors such as domestic policies as well as the effects of EU and NATO efforts to expand their influence and membership Rich in primary sources including personal interviews with key protagonists who have dominated foreign policy making in both communist and post communist Bulgaria *Negotiating Diplomacy in the New Europe* examines the shift of foreign relations not only within the context of post Cold War democratization but also the country's integration into wider Euro Atlantic frameworks It thus holds invaluable analysis for researchers of Europe's post communist international relations as well as those interested in the processes of democratization and those of foreign policy formation Tourism in the New Europe Derek R. Hall, Melanie K. Smith, Barbara Marciszewska, 2006-01-01 This book examines the implications of EU enlargement for tourism in the region It provides a country by country examination of each of the new member states in terms of their current patterns and trends of tourism development and the impacts of EU accession on them Topics include historical trajectories of the European tourism development process new structural and geographical patterns of European tourism the politics of EU enlargement and implications for tourism policy regional national and local economic development trends social and cultural implications of transition and accession tourism education in the new Europe and the marketing and re branding of accession countries Immigration and Politics in the New Europe Gallya Lahav, 2004-04-22 With almost a quarter of the world's migrants Europe has been attempting to regulate migration and harmonize immigration policy at the European level The central dilemma exposed is how liberal democracies can reconcile the need to control the movement of people with the

desire to promote open borders free markets and liberal standards Gallya Lahav's book traces ten years of public opinion and elite attitudes toward immigration cross nationally to show how and why increasing EU integration may not necessarily lead to more open immigration outcomes Empirical evidence reveals that support from both elite and public opinion has led to the adoption of restrictive immigration policies despite the requirements of open borders Unique in bringing together original data on European legislators and national elites longitudinal data on public opinion and institutional and policy analyses this 2004 study provides an important insight into the processes of European integration and globalization more broadly **New Europe, New Germany, Old Foreign Policy?** Douglas Webber, 2001 The contributions to this volume analyze how and the extent to which German foreign and European policy has changed since German unification
