Making Civil Litigation Pay Life After Woolf:

Current Law Index ,2005 The Solicitors' Journal ,2004-07 **English Legal System in Context** Fiona

Cownie,Anthony Bradney,Mandy Burton,2007 This title has been written with a very simple aim in mind to provide a text which will enable the English legal system to be taught as an interesting intellectually stimulating course *English Civil Justice after the Woolf and Jackson Reforms* John Sorabji,2014-06-26 John Sorabji examines the theoretical underpinnings of the Woolf and Jackson reforms to the English and Welsh civil justice system He discusses how the Woolf reforms attempted and failed to effect a revolutionary change to the theory of justice that informed how the system operated It elucidates the nature of those reforms which through introducing proportionality via an explicit overriding objective into the Civil Procedure Rules downgraded the court s historic commitment to achieving substantive justice or justice on the merits In doing so Woolf s new theory is compared with one developed by Bentham while also exploring why a similarly fundamental reform carried out in the 1870s succeeded where Woolf s failed It finally proposes an approach that could be taken by the courts following implementation of the Jackson reforms to ensure that they succeed in their aim of reducing litigation cost through properly implementing Woolf s new theory of justice The Economics of Courts and Litigation Francisco Cabrillo,Sean Fitzpatrick,2008-01-01 Dissatisfaction with the working of courts is ubiquitous Legal inertia and maladministration are the norm in many countries and have significant social and economic repercussions No longer a theme relegated to the peripheries of economic analysis the administration of justice is now recognised by most economists as being of fundamental importance for economic development a factor increasingly being acknowledged by policymakers at all levels The departure point for this book is the authors belief in the need for a systematic analysis of the incentive structures facing key players in the courts and litigation process They focus not only on structures pertaining to the common law tradition but offer analysis of issues not normally found in the North American literature such as the Latin notary and the selection and values of judges in civil law systems They further propose an ample list of considerations for a reform agenda Offering a comprehensive look at the incentives facing many key players in the administration of justice this book should be of great interest to law and economics scholars civil law professors legal reformers international development institutions and law students mindful of the need to improve the functioning of courts **Wolf and Stanley on Environmental Law** Susan Wolf,Neil Stanley,2013-10-23 Written with real clarity by authors teaching and researching in the field Wolf and Stanley on Environmental Law offers an excellent starting point for both law and non law students encountering this diverse and rapidly developing subject for the first time The focus of the book is on the regulation and control of pollution and includes chapters on environmental permitting waste management air and water pollution and contaminated land The book also includes the administration and enforcement of environmental law EU environmental law the environmental torts and the private regulation of environmental law The book is supported by a range of learning features designed to help students Consolidate

your learning Chapter learning objectives and detailed summaries clarify and highlight key points Understand how the law works in practice Law in Action features demonstrate the application of pollution control law Plan your research Detailed end of chapter further reading sections outline articles books and online resources that provide next steps for your research This sixth edition has been updated and revised to take into account recent developments in the subject including coverage of the Environmental Permitting England and Wales Regulations 2010 developments in the Environment Agency enforcement and sanctions policy documents updates relating to the defence of statutory authority in the tort of private nuisance and current issue relating to compliance with the Aarhus Convention Suitable for students of environmental law and the wider environmental studies Wolf and Stanley on Environmental Law is a valuable guide to this wide ranging subject **Making Civil Litigation Pay** Andrew Dalton,1998-09 The UK s CPR represented the biggest shake up in generations to the way that litigators work At the heart of this reform is the fast track handling cases profitably in an era of strict cost controls is vital to the success of every civil litigator The author s practice operates streamlined procedures combining high quality service to clients with expert use of management techniques in dealing with IT personnel and finance issues The firm has grown substantially without becoming a litigation factory This book shares the key tools needed to analyse and implement the necessary systems in your practice **Index to Legal Periodicals & Books** ,2000 **On Civil Procedure** J. A. Jolowicz,2000-02-17 Professor Jolowicz s comparative analysis of civil procedure concentrates on the purposes served by the institution of litigation rather than on the intentions of those who litigate Stressing that those purposes go beyond mere dispute resolution by non violent means Jolowicz surveys a variety of topics of procedural law making substantial use of the comparative method in the attempt to examine and explain the ideas which underlie some of the most important of its constituent elements In the final section he deals with the reform of English law and ventures a prediction of the consequences that the new Civil Procedure Rules together with the reforms which more or less immediately preceded them will have on the character of English procedural law Civil Procedure Rules in Action Ian Grainger,Michael Fealy,2012-05-23 First published in 2000 Routledge is an imprint of Taylor Francis an informa company
