Modern Mongolian English Dictionary:

A Modern Mongolian-English Dictionary John G. Hangin, 1986 **Modern Mongolian-English Dictionary** J. A. Hangin, 1997-07-28 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult-to-accessible journals, newspapers, and other sources. This collection brings together these essays for the first time. A Modern Mongolian-English Dictionary Hangin Gombojab, 1987-09 Modern Mongolian-English Dictionary Ferdinand Lessing, John G. Hangin, 1963 **Modern Mongolian-English Dictionary** Ferdinand D. Lessing, 1963 *Historical Dictionary of Mongolia* Alan J.K. Sanders, 2017-08-25 This fourth edition of *Historical Dictionary of Mongolia* covers the people and organizations that brought Mongolia from revolution and oppression to independence and democracy and its current unprecedented level of national wealth and international growth. This is done through a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1,200 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Mongolia. Historical Dictionary of Mongolia Alan Sanders, 2003-04-09 This edition offers detail on the history of the Mongol Empire. Against the background of relations with Tibet, it adopts a focus on the spread of Tibetan Buddhism to Mongolia. There is a broader approach to Mongolian cultural affairs with expanded entries. **Atlas of the World's Languages** R.E. Asher, Christopher Moseley, 2018-04-19 Before the first appearance of the *Atlas of the World's Languages* in 1993, all the world's languages had never been accurately and completely mapped. The Atlas depicts the location of every known living language, including languages on the point of extinction. This fully revised edition of the Atlas offers up-to-date research, some from fieldwork in early 2006, a general linguistic history of each section, an overview of the genetic relations of the languages in each section, statistical and sociolinguistic information, a large number of new or completely updated maps, further reading, and a bibliography for each section, a cross-referenced language index of over 6,000 languages. Presenting contributions from international scholars covering over 6,000 languages and containing over 150 full-colour maps, the *Atlas of the World's Languages* is the definitive reference resource for every linguistic and reference library.
