***The New Inn, Or, the Light Heart* Ben Jonson, 2011**

Benjamin Jonson's career began in 1597 when he held a fixed engagement in The Admiral's Men and although he was unsuccessful as an actor his literary talent was apparent and he began writing original plays for the troupe Jonson had a literary knack for absurdity and hypocrisy a trait that made him immensely popular in the 17th century Renaissance period However his reputation diminished somewhat in the Romantic era when he began to be unfairly compared to Shakespeare Although nearly all of his most famous works were produced between 1605 and 1620 he continued to write until his death in 1637 *The New Inn or The Light Heart* was performed in 1629 only a year after Jonson suffered a stroke The story takes place in an inn house where Lady Frances Frampul meets the melancholy Lord Lovel and a complex series of far fetched events ensues

***The New Inn in Context: Ben Jonson's Play for 1628-29*, 1989** *Medieval and Renaissance Drama in England* John Pitcher, 1999-03 This volume published annually contains essays by critics and cultural historians as well as reviews of the many books and essays dealing with the cultural history of medieval and early modern England as expressed by and realised in its drama

***The New Inn in Context* Nicola Brown, 1989** *Jonsonians: Living Traditions* Brian Woolland, 2017-07-12 This title was first published in 2003 *Jonsonians* explores the theatrical traditions within which Ben Jonson was working investigates the ways in which his work has influenced and informed the development of theatre from the early 17th century to the present day and examines Jonson's theatre in relation to 20th and 21st century traditions of performance It argues that although Jonsonian traditions are rarely acknowledged they are vibrant and powerful forces that

are very much alive today in the theatre of writers and directors as diverse as Caryl Churchill David Mamet Spike Lee John Arden Alan Ayckbourn and Peter Barnes The book opens with essays on *Poetaster Sejanus Bartholomew Fair The New Inn* and *The Magnetic Lady* each of which interrogates in a variety of ways the notion of Jonsonian theatre and considers the relationships of Jonson's theatre to classical traditions to his contemporaries in England and Europe and to modern performance practice and theory The second section of the book includes essays on *The Sons of Ben* including Richard Brome Aphra Behn and *Daughters of Ben* women working in the theatre in the post Restoration period The book concludes with an extensive section devoted to modern day Jonsonians exploring how reading their work as Jonsonian might alter perceptions of contemporary theatre and how seeing them as contemporary Jonsonians might affect our understanding of Jonson's theatre
