New Jersey History Of Ingenuity And Industry:

New Jersey James P. Johnson, 1987 **Digging New Jersey's Past** Richard F. Veit, 2002 When people think of archaeology they commonly think of unearthing the remains of ancient civilizations in Egypt Greece Rome Central or South America But some fascinating history can be found in your own New Jersey backyard 3 4 if you know where to look Richard Veit takes readers on a well organized guided tour through four hundred years of Garden State development as seen through archaeology in *Digging New Jersey's Past* This illustrated guidebook takes readers to some of the states most interesting discoveries and tells us what has been learned or is being learned from them The diverse array of archaeological sites drawn from all parts of the state includes a seventeenth century Dutch trading post the site of the Battle of Monmouth the gravemarkers of freed slaves and a 1920s railroad roundhouse among others Veit begins by explaining what archaeologists do How do they know where to dig What sites are likely to yield important information How do archaeologists excavate a site How are artifacts cataloged stored and interpreted He then moves through the states history from the contact of first peoples and explorers to colonial homesteads Revolutionary War battlefields cemeteries railroads and factories Veit concludes with some thoughts about the future of archaeological research in New Jersey and with suggestions on ways that interested individuals can become involved in the field *Encyclopedia of New Jersey* Maxine N. Lurie, Marc Mappen, 2004 Contains nearly original articles along with illustrations and maps collecting a wealth of information about the state of New Jersey

New Jersey Originals Linda J. Barth, 2018-06-25 New Jersey s institutional research accolades are renowned medical inventions at Johnson Johnson the genius of Edison Labs and fourteen Nobel Prizes to Bell Labs scientists But beyond those behemoths of innovation lie many more breakthroughs and firsts In 1869 Rutgers and Princeton played the first college football game Famed inventor Abram Spanel developed the Apollo space suit at his home Drumthwacket now the official residence of governors The American Can Company and Krueger Brewing Company teamed up to create the first beer can Author Linda J Barth reveals these and many more stories of the state s diverse tradition of original ideas and trailblazing personas *A Geography of New Jersey* Charles A. ecology and early European settlements including excellent sections on historical geography The number and informational content of the maps is far superior in the second edition The book is of value for use in either a high school or university regional geography class Stansfield must be commended for his writing style that holds the interest and for his knowledgeable selection of materials to be included The Pennsylvania Geographer New Jersey is the city in the garden It is a bundle of paradoxes a highly industrialized state famous for its seashore and mountain resorts fairly conservative politically it nonetheless pioneered state land use zoning and environmental protection legislation The only state to be characterized by the U S Census as entirely metropolitan New Jersey has the highest population density in the nation It is a highly suburbanized state that remains important agriculturally both very large and very small farms continue to multiply New Jersey is also a state where widespread suburbanization of residents shopping and jobs has affected the most remote corners At the same time massive immigration is revitalizing urban centers and dramatically changing the demographics of the state New Jersey represents both a microcosm of the United States and a leading indicator of future trends in the nation This updated edition of this classic text features nearly 100 maps and illustrations Charles A Stansfield Jr instructs readers on all aspects of New Jersey geography and provides a detailed analysis of the state s topography management of physical environments human ecology early European settlement cultural landscapes population characteristics race and ethnicity transportation agriculture industrial development recreation and tourism and regions Charles A Stansfield Jr is a professor of geography at Rowan University Glassboro New Jersey

New Jersey's Multiple Municipal Madness Alan J. Karcher, 1998 Alan J Karcher takes a critical look at how and why the boundary lines of New Jersey s 566 municipalities were drawn pointing to the irrationality of these excessive divisions

New Jersey Governor Brendan Byrne Donald Linky, 2014-10-13 Known by mobsters as the man who couldn t be bought Brendan Byrne led New Jersey into a new era when he won the state s gubernatorial election by a landslide in the wake of political corruption scandals A former prosecutor and judge Byrne was soon condemned as one term Byrne the inept politician who few thought would risk the humiliation of standing for a second term Yet Byrne surprised both friend and foe alike by pulling off the state s most remarkable political comeback winning re election and leaving a legacy of preserving the vast resources of the Pinelands enacting the state s first income tax and comprehensive school financing reform developing the Meadowlands approving casino gambling in Atlantic City and initiating strong environmental controls to combat pollution

Historic Passaic County Edward A. Smyk, Robert J. Masiello, 2004

The Meadowlands Robert Sullivan, 1999-07-20 Imagine a grungy north Jersey version of John McPhee s classic The Pine Barrens and you ll get some idea of the idiosyncratic fact filled and highly original work that is Robert Sullivan s The Meadowlands Just five miles west of New York City this vilified half developed half untamed much dumped on and sometimes odiferous tract of swampland is home to rare birds and missing bodies tranquil marshes and a major sports arena burning garbage dumps and corporate headquarters the remains of the original Penn Station and maybe just maybe of

the late Jimmy Hoffa Robert Sullivan proves himself to be this fragile yet amazingly resilient region's perfect explorer
historian archaeologist and comic bard **Made in Newark** Ezra Shales, 2010 What does it mean to turn the public library
or museum into a civic forum Made in Newark describes a turbulent industrial city at the dawn of the twentieth century and
the ways it inspired the library's outspoken director John Cotton Dana to collaborate with industrialists social workers
educators and New Women This is the story of experimental exhibitions in the library and the founding of the Newark
Museum Association a project in which cultural literacy was intertwined with civics and consumption Local artisans
demonstrated crafts connecting the cultural institution to the department store school and factory all of which invoked the
ideal of municipal patriotism Today as cultural institutions reappraise their relevance Made in Newark explores precedents
for contemporary debates over the ways the library and museum engage communities define heritage in a multicultural era
and add value to the economy
