New Look At Church Growth:

The Book of Church Growth Thom S. Rainer, 1998-09-01 The Church Growth Movement has divided devout Christians. Even though Rainer is an advocate, his aim here is to present an objective view of the movement, its history, the theology associated with it, and the principles which seem to separate churches that grow from those that don't.

Church Growth and the Whole Gospel C. Peter Wagner, 1998-12-15 Has the church growth movement failed to stress the social dimensions of the Christian faith? Dr. Peter Wagner, a leading exponent of church growth, argues that Christians can evangelize and churches can grow strongly while at the same time participating in the global struggle on behalf of the poor and oppressed for justice and peace for brotherhood and liberation and for the alleviation of human suffering.

A New Look at Church Growth Floyd G. Bartel, 1979 *A New Look at Hospitality as a Key to Missions* Christopher J. Freet, 2014-11-06 Many Christians have grown up with a very limited concept of missions and missionaries. In this view, a missionary is a person who goes and preaches to lots of people often in primitive lands and explains the theology of the gospel. The natives are convinced and become Christians. Thus, the gospel commission is fulfilled. Actual missions have not been carried out in this way very much. Missionaries are generally very aware of the personal aspect of their activities and the importance of hospitality. But western churches have become much less attuned to hospitality. The days are past when visitors could assume they'd be invited home for lunch or become personally connected to people in a church they visit. But hospitality is a key concept and a key practice in the Bible, both in Old and New Testament times. This involved both God's relationship with his people in which some entertained angels in their relationships with one another and in the way they reached the world with the good news God had given to them. Chris Freet examines the biblical idea of hospitality, the role it played in biblical times, and the example that provides for us. He concludes that the western church needs to be re-awakened to the mutual and reciprocal biblical definition of hospitality that it must undergo some contextualization in order for the biblical role of hospitality and the person of peace to work in it, and 3 it must transition from short-term encounters of hospitality in the West to long-term relationships as the family of God. This is a serious theological examination, but it is also both a challenge and a practical guide to help us get started in giving hospitality the role in our churches that the biblical story envisions.
