The City in Slang Irving Lewis Allen, 1995-02-23 The American urban scene and in particular New York s has given us a rich cultural legacy of slang words and phrases a bonanza of popular speech Hot dog rush hour butter and egg man gold digger shyster buttinsky smart aleck sidewalk superintendent yellow journalism breadline straphanger tar beach the Tenderloin the Great White Way to do a Brodie these are just a few of the hundreds of popular words and phrases that were born or took on new meaning in the streets of New York In *The City in Slang* Irving Lewis Allen traces this flowering of popular expressions that accompanied the emergence of the New York metropolis from the early nineteenth century down to the present This unique account of the cultural and social history of America s greatest city provides in effect a lexicon of popular speech about city life With many stories Allen shows how this vocabulary arose from city streets often interplaying with vaudeville radio movies comics and the popular songs of Tin Pan Alley Some terms of great pertinence to city people today have unexpectedly old pedigrees Rush hour was coined by 1890 for instance and rubberneck dates to the late 1890s and became popular in New York to describe the busloads of tourists who craned their necks to see the tall buildings and the sights of the Bowery and Chinatown The Big Apple itself since 1971 the official nickname of New York appeared in the 1920s though first in reference to the city s top racetracks and to Broadway

bookings as pinnacles of professional endeavor Allen also tells fascinating stories behind once popular slang that is no longer in use Spielers for example were the little girls in tenement districts who danced ecstatically on the sidewalks to the music of the hurdy gurdy men and when they were old enough frequented the dance halls of the Lower East Side Following the trail of these words and phrases into the city s East Side West Side and all around the town from Harlem to Wall Street and into the haunts of its high and low life The City in Slang is a fascinating look at the rich cultural heritage of language about city life

Harriman vs. Hill Larry Haeg,2013-10-01 In 1901 the Northern Pacific was an unlikely prize a twice bankrupt construction of the federal government it was a two bit railroad literally five years back its stock traded for twenty five cents a share But it was also a key to connecting eastern markets through Chicago to the rising West Two titans of American railroads set their sights on it James J Hill head of the Great Northern and largest individual shareholder of the Northern Pacific and Edward Harriman head of the Union Pacific and the Southern Pacific The subsequent contest was unprecedented in the history of American enterprise pitting not only Hill against Harriman but also Big Oil against Big Steel and J P Morgan against the Rockefellers with a supporting cast of enough wealthy investors to fill the ballroom of the Waldorf Astoria The story told here in full for the first time transports us to the New York Stock Exchange during the unfolding of the earliest modern day stock market panic Harriman vs Hill re creates the drama of four tumultuous days in May 1901 when the common stock of the Northern Pacific rocketed from one hundred ten dollars a share to one thousand in a mere seventeen hours of trading the result of an inadvertent corner caused by the opposing forces Panic followed and then in short order a calamity for the shorts a compromise the near collapse of Wall Street brokerages and banks the most precipitous decline ever in American stock values and the fastest recovery Larry Haeg brings to life the ensuing stalemate and truce which led to the forming of a holding company briefly the biggest railroad combine in American history and the U S Supreme Court ruling against the deal launching the reputation of Justice Oliver Wendell Holmes as the great dissenter and President Theodore Roosevelt as the trust buster The forces of competition and combination unfettered growth government regulation and corporate ambition all the elements of American business at its best and worst come into play in the account of this epic battle whose effects echo through our economy to this day

How to Survive the Titanic Or The Sinking of J. Bruce Ismay Frances Wilson,2011-08-15 Books have been written films made we have raised the Titanic and watched her go down again on numerous occasions but out of the wreckage Frances Wilson spins a new epic when the ship hit the iceberg on 14 April 1912 and a thousand men prepared to die J Bruce Ismay the ship s owner and inheritor of the White Star fortune jumped into a lifeboat with the women and children and rowed away to safety Accused of cowardice Ismay became according to one headline The Most Talked of Man in the World The first victim of a press hate campaign his reputation never recovered and while other survivors were piecing together their accounts Ismay never spoke of his beloved ship again With the help of that great narrator of the sea Joseph Conrad whose Lord Jim so uncannily predicted Ismay s fate and whose

manuscript of the story of a man who impulsively betrays a code of honour and lives on under the strain of intolerable guilt went down with the Titanic Frances Wilson explores the reasons behind Ismay's jump his desperate need to make sense of the horror of it all and to find a way of living with lost honour For those who survived the Titanic the world was never the same again But as Wilson superbly demonstrates we all have our own Titanics and we all need to find ways of surviving them
