The Right Stuff Tom Charity,2019-07-25 This study places The Right Stuff in the historical context of the political history of the Space Race It explores director Philip Kaufman s subversive adventurism his mastery of cinematic form and the way in which the film combines the mythology of the Western with counter cultural concerns *The Right Stuff* Tom Wolfe,2008-03-04 Tom Wolfe at his very best The New York Times Book Review The Right Stuff is the basis for the 1983 Oscar Award winning film of the same name and the 8 part Disney TV mini series From America s nerviest journalist Newsweek a breath taking epic a magnificent adventure story and an investigation into the true heroism and courage of the first Americans to conquer space Millions of words have poured forth about man s trip to the moon but until now few people have had a sense of the most engrossing side of the adventure namely what went on in the minds of the astronauts themselves in space on the moon and even during certain odysseys on earth It is this the inner life of the astronauts that Tom Wolfe describes with his almost uncanny empathetic powers that made The Right Stuff a classic **The Venture**
