Rights Across Borders Immigration And The Decline Of Citizenship:

Rights across Borders David Jacobson, 1997-09-05 Examining illegal immigration in the United States and migrant and foreign populations in Western Europe with a special focus on Germany and France Jacobson shows how the differing political cultures of these countries the ethnic basis of citizenship in Germany versus its political basis in the United States for instance have shaped both domestic

Citizenship as a Human Right Gonalo Matias, 2016-06-30 This book examines a stringent problem of current migration societies whether or not to extend citizenship to resident migrants Undocumented migration has been an active issue for many decades in the USA and became a central concern in Europe following the Mediterranean migrant crisis In this innovative study based on the basic principles of transnational citizenship law and the naturalization pattern around the world Matias purports that it is possible to determine that no citizen in waiting should be permanently excluded from citizenship Such a proposition not only imposes a positive duty overriding an important dimension of sovereignty but it also gives rise to a discussion about undocumented migration With its transnational law focus and cases from public international law courts European courts and national courts Citizenship as a Human Right The Fundamental Right to a Specific Citizenship may be applied to virtually anywhere in the world

The Human Right to Citizenship Rhoda E. Howard-Hassmann, Margaret Walton-Roberts, 2015-07-16 The Human Right to Citizenship provides an accessible overview of citizenship around the globe focusing on empirical cases of denied or weakened legal rights This wide ranging volume provides a theoretical framework to understand the particular ambiguities paradoxes and evolutions of citizenship regimes in the twenty first century

The Human Right to Citizenship Barbara von Rütte, 2022-12-28 The open access publication of this book has been published with the support of the Swiss National Science Foundation This book offers a comprehensive analysis of the right to citizenship in international and regional human rights law It critically reflects on the limitations of state sovereignty in nationality matters and situates the right to citizenship within the existing human rights framework It identifies the scope and content of the right to citizenship by looking not only at statelessness deprivation of citizenship or dual citizenship but more broadly at acquisition loss and enjoyment of citizenship in a migration context Exploring the intersection of international migration human rights law and belonging the book provides a timely argument for recognizing a right to the citizenship of a specific state on the basis of one's effective connections to that state according to the principle of *jus nexi*

The Politics of Citizenship in Europe Marc Morjé Howard, 2009-09-07 In this book Howard addresses immigrant integration one of the most critical challenges facing European countries the resolution of which will in large part depend on how foreigners can become citizens Howard's research shows that despite remarkable convergence in their economic judicial and social policies the countries of the European Union still maintain very different definitions of citizenship Based on an innovative measure of national citizenship policies the book accounts for both historical variation and contemporary change Howard's historical explanation highlights the legacies of colonialism and early democratization which

unintentionally created relatively inclusive citizenship regimes Howard's argument focuses on the politics of citizenship showing in particular how anti immigrant public opinion when activated politically usually by far right movements or public referenda can block the liberalizing tendencies of political elites Overall the book shows the far reaching implications of this growing and volatile issue

Citizenship in the Arab World Gianluca Paolo Parolin, 2009 Subject The book is the fruit of five years of on site research on citizenship in the Arab world It takes a broader legal perspective to the multifaceted reality of nationality and citizenship The methodology employed builds on the interdisciplinary approach of comparative legal studies and brings in theories concepts and insights from anthropology political science Arab and Islamic studies linguistics and sociology The work relies on a broad range of Western and Arab references and all sources and documents were directly accessed in their original languages this is particularly relevant for Arab legislation all in text reference has been translated by the author and the original has been inserted using scientific transliteration Website OAPEN Library

Political Power and Social Theory Diane E. Davis, Julian Go, 2009-12-21 It is time to consider changes in the field of comparative historical sociology as the discipline seeks to accommodate old and new trends as well as the transforming spatial scales in which political power and social theory are increasingly embedded This title showcases articles that pursue similar themes

Migration, Citizenship, Ethnos Y. Bodemann, G. Yurdakul, 2006-04-02 This collection of essays addresses three interrelated themes the basic issues in contemporary German and European Migration since 1945 with particular focus on new developments in the 80s the ways in which the citizenship debate has proceeded and how immigration and citizenship have been handled in Western Europe

Migration in Political Theory Sarah Fine, Lea Ypi, 2016-01-29 Written by an international team of leading political and legal theory scholars whose writings have contributed to shaping the field Migration in Political Theory presents seminal new work on the ethics of movement and membership The volume addresses challenging and under researched themes on the subject of migration It debates the question of whether we ought to recognize a human right to immigrate and whether it might be legitimate to restrict emigration The authors critically examine criteria for selecting would be migrants and for acquiring citizenship They discuss tensions between the claims of immigrants and existing residents and tackle questions of migrant worker exploitation and responsibility for refugees The book illustrates the importance of drawing on the tools of political theory to clarify criticize and challenge the current terms of the migration debate
