RIGHTS TALK

The Impoverishment Of
Political Discourse

MARY ANN GLENDON

Rights Talk The Impoverishment Of Political Discourse

Jamal Greene

Rights Talk The Impoverishment Of Political Discourse:

Rights Talk Mary Ann Glendon,1991 Never before have claims of individual rights of behavior and expression been so absolute or so divine Harvard law professor Mary Ann Glendon traces the evolution of this distinctively American dialect of rights talk since WWII and shows how it has reduced our political discourse to stark and simple terms **Rights Talk** Mary Ann Glendon,1993 Political speech in the United States is undergoing a crisis Glendon's acclaimed book traces the evolution of the strident language of rights in America and shows how it has captured the nation's devotion to individualism and liberty but omitted the American traditions of hospitality and care for the community Rights Talk Mary Ann Glendon,1998

Problems of Theoretical Psychology International Society for Theoretical Psychology. Conference,1996 *Everyday Theology (Cultural Exegesis)* Kevin J. Vanhoozer,Charles A. Anderson,Michael J. Sleasman,2007-03-01 Everyday theology is the reflective and practical task of living each day as faithful disciples of Jesus Christ In other words theology is not just for Sundays and it's not just for professional theologians Everyday Theology teaches all Christians how to get the theological lay of the land It enables them to become more conscious of the culture they inhabit every day so that they can understand how it affects them and how they can affect it If theology is the ministry of the Word to the world everyday theologians need to know something about that world and Everyday Theology shows them how to understand their culture make an impact on it Engaging and full of fresh young voices this book is the first in the new Cultural Exegesis series Rights Talk Photocopy Mary Ann Glendon,1991 How Rights Went Wrong Jamal Greene,2021 An eminent constitutional scholar reveals how our approach to rights is dividing America and shows how we can build a better system of justice **The Legal Issues of the Emerging Rights** Jianzong Yao,2024-02-27 This book systematically discusses the contents of the administrative right to know the right to information the right to gene euthanasia and other emerging rights The purpose of this book is to attract legal scholars to pay attention to these right changes in the process of China's social transformation analyze the basic laws of right changes under the specific background of China's society and provide a theoretical system model for the establishment of China's legislative right recognition and right relief system The typical feature of contemporary China is all round social transformation In such a transitional period the construction of democracy legal system and political system in China is gradually unfolding and developing with its unique mode In the construction of legal system and the practical operation of legal system the concept of rights the thinking of rights and the logic of rights have in fact been running through the social and legal practice in China for decades since the reform and opening up and have always become its background keynote and background Its typical realistic symptom is that a large number of rights belong to new for China the germination and birth of the type In this context this book tries to combine the general theory with the specific reality of the right landscape and preliminarily explores and explains the generation mechanism existence basis development logic and basic connotation of the new types of rights that is the main emerging or new types of rights in the transitional Chinese society The purpose of this

book is to draw the attention of the colleagues in the field of law to the reality of the emergence and development of emerging rights in our society At the same time taking this as an example I hope that the colleagues in the field of law can deepen the study of rights especially from the general and macro study of rights to the more specific and micro study of rights

Responsibilities: A Critical Legal Defence of Human Rights Ian Turner, 2025-11-11 For many human rights have become a panacea for the injustices of society globalisation poverty discrimination climate change etc But has this rights inflation been a prima facie good Has the rise in human rights merely propounded a self centred individualism exacerbating the marginalisation of large swathes of society who are already socially excluded Rightly human rights have been the subject of a multitude of criticisms from a range of critical perspectives Marxism critical legal studies communitarianism feminism critical race theory etc However this unique study pushes back against this tide of anti rights providing an original defence of human rights from the perspective of a progressive political community of rights holders and duty bearers Possessing rights might place a rights holder at the centre of their moral universe to the exclusion of all others but that holder of rights cannot expect others to bear the duty of their rights without exercising the same obligation to the rights of others in return So far from emphasising isolation and self interest responsibilities arising from the exercise of rights engender a keen sense of solidarity a principle integral to critical legal theory The book will be of interest to academics and researchers working in the areas of Human Rights Constitutional Law and Legal and Political Theory

Pseudolaw and Sovereign Citizens Harry Hobbs, Stephen Young, Joe McIntyre, 2025-02-20 Can you avoid any law you do not consent to Can you avoid paying taxes by declaring yourself sovereign Do courts operate under admiralty or maritime law No But welcome to the strange world of pseudolaw This is the first ever edited volume solely dedicated to examining pseudolaw and its most prominent adherents sovereign citizens Drawing on the expertise of judges criminologists legal theorists and political sociologists this collection offers insights into the global growth and alarming adaptability of pseudolaw While it might be tempting to laugh at the ridiculousness of pseudolaw it is a serious matter People who make these claims rob themselves of meaningful legal opportunities and impose great costs to themselves the administration of justice and the community Pseudolaw is also linked to violent extremism and indicative of growing social insecurity Part I offers ways to analyse and differentiate pseudolaw from other forms of conspiracy ideation and fringe legal interpretation Part II examines the rise of sovereign citizens and the global spread of pseudolaw Part III explores contemporary issues arising from pseudolaw including the rise of far right extremism lay persons in judicial proceedings fake claims of indigeneity and fraudulent get out of jail schemes It concludes by considering how we can respond to this phenomenon

Eventually, you will completely discover a supplementary experience and achievement by spending more cash. nevertheless when? accomplish you receive that you require to acquire those every needs in imitation of having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to comprehend even more re the globe, experience, some places, past history, amusement, and a lot more?

It is your categorically own epoch to play-act reviewing habit. among guides you could enjoy now is **Rights Talk The Impoverishment Of Political Discourse** below.
