## **Ripa Pannonica In Hungary:**

The Ripa Pannonica in Hungary Zsolt Visy, 2003 This book traces the history of the Roman Empire in what is now Hungary and considers the legacy of the Empire The Roman Empire was the largest and longest existing empire in the history of the world Its frontier extended as far as the Danube during the reign of Augustus and Transdanubia formed a significant part of the province of Pannonia The Roman Army's deployment along the frontiers began at the end of the first century AD Between this point in time and the Late Roman Period the fourth century AD military units were only stationed along the province's frontier the Danube River and these river frontiers were denoted by the word ripa The frontier in Pannonia extended from the Vienna Basin as far as the mouth of the Save River It is typical that the sites of three legionary bases along this section of the frontier became the capitals of three countries Vindobona Vienna Aquincum Budapest and Singidunum Belgrade although the latter belonged to the neighboring prov *Frontiers of the Roman Empire* Máté

Zsolt, Kulturális Örökségvédelmi Hivatal (Budapest), 2011 **Romans on the Danube** Zsolt Visy, 2011 **Landscapes and Landforms of Hungary** Dénes Lóczy, 2015-03-02 This volume is the first comprehensive description of the most spectacular landforms of Hungary It is a richly illustrated book which presents a collection of significant sites capturing the geodiversity of Hungarian landscapes The Landscapes and Landforms of Hungary discusses the effects of geomorphological features to the landscape such as volcanism weathering fluvial or aeolian erosion karst formation gravitational movements and others The importance of the conservation of geomorphological heritage is underlined as well as the importance of geomorphological heritage and conservation This book can be used for undergraduate and graduate courses in geomorphology physical geography hydrogeography and nature conservation It will be of benefit to environmental scientists geomorphologists conservationists among others Pagans and Christians in Late Antique Rome Michele Renee

Salzman, Marianne Sághy, Rita Lizzi Testa, 2016 This book sheds new light on the religious and consequently social changes taking place in late antique Rome The essays in this volume argue that the once dominant notion of pagan Christian religious conflict cannot fully explain the texts and artifacts as well as the social religious and political realities of late antique Rome Together the essays demonstrate that the fourth century city was a more fluid vibrant and complex place than was previously thought Competition between diverse groups in Roman society be it pagans with Christians Christians with Christians or pagans with pagans did create tensions and hostility but it also allowed for coexistence and reduced the likelihood of overt violent physical conflict Competition and coexistence along with conflict emerge as still central paradigms for those who seek to understand the transformations of Rome from the age of Constantine through the early fifth century **The Battle of Mohács, 1526**, 2024-10-14 The story of the battle of Mohács and of King Louis II's dramatic escape only to meet his end by falling from his horse and drowning in the stream of Csele is well known These traumatic events have been seen as symbolizing the fall of the independent Hungarian Kingdom and the dawn of an age of oppression This volume presents new

research on these events and their interpretation focusing on topics such as battlefield reconstruction troop involvement firearm use and later political use and abuse of the memory of the battle Contributors are P l Fodor P ter Gyenizse Erika Hancz M t Kitanics S ndor Konkoly D nes L czy Tam s Morva Norbert Pap J lia Papp G bor Szalai and G bor Varga

*Philological and Historical Commentary on Ammianus Marcellinus XXX* Jan den Boeft, Jan Willem Drijvers, Daniël den Hengst, Hans C. Teitler, 2015-09-01 The first part of Book 30 of Ammianus Marcellinus *Res Gestae* is devoted to the military and diplomatic struggle for Armenia between Valens emperor of the East and king Sapor II of Persia The Romans successfully defend their position until they are forced to deal with the Goths who threaten to cross the Danube border The second half of Book 30 is dominated by Valentinian I emperor of the West Ammianus presents a kaleidoscopic picture of this emperor alternating between admiration for his military qualities and devotion to his duty and bitter criticism of his avarice and cruelty The account of his death forms the conclusion of Ammianus treatment of the history of the western half of the Empire

**Field Methods and Post-Excavation Techniques in Late Antique Archaeology**, 2016-04-26 Archaeologists working on late antique sites have not spent enough time thinking about methodology Their focus has been on recovering and cataloguing evidence or on the study of specific historical problems Digging has often been more important than publishing which has rarely extended beyond the basic summaries found in preliminary reports The re emergence of clearance excavation fuelled by the demands of tourism has further reduced the value of urban excavations in the East Mediterranean Here late antique levels have suffered in the hunt for photogenic early imperial architecture This volume attempts to address this situation by offering a critique of present practice and a series of exemplars alongside discussion articles on field technique and post excavation analysis The articles ranges from urban survey to the study of finds The book also considers if we need to develop specific field methods appropriate to the study of late antiquity Contributors are John Bintliff Jeremy Evans Axel Gering Stefan Groh Yoshiki Hori Nikolaos D Karydis Veli K se Luke Lavan Zsolt Magyar Philip Mills John Pearce Steve Roskams Helga Sedlmayer Ellen Swift Itamar Taxel Douglas Underwood Lutgarde Vandeput and Joe Williams

**The European Countryside during the Migration Period** Irene Bavuso, Angelo Castorao Barba, 2023-12-31 Research on late antique and early medieval migrations has long acknowledged the importance of interdisciplinarity The field is constantly nourished by new archaeological discoveries that allow for increasingly refined pictures of socio economic development Yet the perspectives adopted by historians and archaeologists are frequently different and so are their conclusions Diverging views exist in respect to varying geographical areas and scholarly traditions too This volume brings together history and archaeology to address the impact of the inflow and outflow of migrations on the rural landscape the creation of new settlement patterns and the role of migrations and mobility in transforming society and economy Such themes are often investigated under a regional or macro regional viewpoint resulting in too fragmented an understanding of a widespread phenomenon Spanning Eastern and Western Europe the book takes steps toward an integrated picture of

territories normally investigated as separate entities and critically establishes grounds for new comparisons and models on late antique and early medieval transformations      **Frontiers of the Roman Empire: The Lower German Limes** David J. Breeze, Sonja Jilek, Erik P. Graafstal, Willem J.H. Willems, Steve Bödecker, 2022-06-23 The Roman frontier in Lower Germany was one of the earliest to be created surviving into the early 5th century it illustrates the whole range of Roman military installations The Rhine delta boasts incredible organic remains including ships while upstream are great military bases supported by forts and fortlets

The Enthralling Realm of Kindle Books: A Thorough Guide Unveiling the Advantages of E-book Books: A World of Ease and Flexibility Kindle books, with their inherent portability and simplicity of access, have freed readers from the limitations of physical books.
