Robert Bogdan, 2014-12-10 This cultural history of the travelling

freak show in America chronicles the rise and fall of the industry as attitudes about disability evolved From 1840 until 1940 hundreds of freak shows crisscrossed the United States from the smallest towns to the largest cities exhibiting their casts of dwarfs giants Siamese twins bearded ladies savages snake charmers fire eaters and other oddities By today s standards such displays would be considered cruel and exploitative the pornography of disability Yet for one hundred years the freak show was widely accepted as one of America s most popular forms of entertainment Robert Bogdan s fascinating social history brings to life the world of the freak show and explores the culture that nurtured and later abandoned it In uncovering this neglected chapter of show business he describes in detail the flimflam artistry behind the shows the promoters and the audiences and the gradual evolution of public opinion from awe to embarrassment Freaks were not born Bogdan reveals they were manufactured by the amusement world usually with the active participation of the freaks themselves Many of the human curiosities found fame and fortune until the ascent of professional medicine transformed them from marvels into pathological specimens
