The Wilds of Poetry David Hinton, 2017-07-25 An exploration of the emerging Western consciousness of how deeply we belong to the wild Cosmos as seen through the lineage of modern America's great avant garde poets a thrilling journey with today's premier translator of the Chinese classics Henry David Thoreau in *The Maine Woods* describes a moment on Mount Katahdin when all explanations and assumptions fell away for him and he was confronted with the wonderful inexplicable thusness of things David Hinton takes that moment as the starting point for his account of a rewilding of consciousness in the West a dawning awareness of our essential oneness with the world around us

Because there was no Western vocabulary for this perception it fell to poets to make the first efforts at articulation and those efforts were largely driven by Taoist and Chan Zen Buddhist ideas imported from ancient China Hinton chronicles this rewilding through the lineage of avant garde poetry in twentieth century America from Walt Whitman Ezra Pound and Robinson Jeffers to Gary Snyder W S Merwin and beyond including generous selections of poems that together form a compelling anthology of ecopoetry In his much admired translations Hinton has re created ancient Chinese rivers and mountains poetry as modern American poetry here he reenvision modern American poetry as an extension of that ancient Chinese tradition an ecopoetry that weaves consciousness into the Cosmos in radical and fundamental ways Poet's Choice Edward Hirsch,2006 A collection of revised and expanded writings culled from the author's popular Washington Post Book World Poet's Choice column demonstrates how poetry responds to world challenges and introduces the work of more than 130 writers *The Wisdom Anthology of North American Buddhist Poetry* Andrew Schelling,2005-05-15 This unique collection brings us African Americans reading the Black diasporathrough the eyes of exiled Tibetan monks Americans of Vietnamese and Tibetan heritage wrestling with the cultural norms of their parents or ancestors Zen and Dada inspired performance pieces and groundbreaking writings from the pioneers of the Beat movement so many of whom remain not just relevant but vital to this day With its eclectic mix of acknowledged elders and newly emergent voices this landmark anthology vividly displays how Buddhism is influencing the character of contemporary poetry **The New Directions Anthology of Classical Chinese Poetry** Eliot Weinberger,2003 Provides translations of more than two hundred fifty poems by over forty poets from early anonymous poetry through the Tang and Song dynasties Storehouse of Treasures Nelson Foster,2024-09-10 Storehouse of Treasures unearths wise and beautiful elements of Chan and Zen still little known in the West revealing unexpected aspects of the tradition and new implications for practice Since the dawn of Chan and Zen in medieval China and Japan members of these schools have enlivened their teaching by creatively adopting and adapting terms images principles poetry and lore native to their societies Unfortunately so much of that cultural wealth has been lost in translation that Western practitioners have barely begun to discover and appreciate this extraordinarily rich legacy In Storehouse of Treasures second generation American Zen teacher Nelson Foster makes a series of adventuresome forays into the trove of material laid up by the Dharma ancestors bringing to light Masters delight in playing with words stories and inherited Buddhist concepts bending them to express the Dharma in inspired ways The powerful influence that Taoist and Confucian thought exerted in the formation of Chan and Zen The emphasis the two schools have laid on excellence of character as well as on profound awakening The experiential meaning and enduring importance to the tradition of ideals little associated with it today like integrity shame and contentment How knowing the tune of a fellow student a mentor or a teacher of old lies at the heart of transmitting the Dharma Lifting to attention a diverse set of ancient yet still luminous Dharma gems Foster urges their relevance and value to us as students of the Buddha Way and as citizens of a world
