Rising '44 The Battle For Warsaw:

Rising '44 Norman Davies,2005-10-04 In a brilliant narrative of one of the most dramatic episodes in twentieth century history Davies spotlights sixty three days in 1944 when the Wehrmacht crushed the Polish Resistance in Warsaw slaughtered thousands and destroyed the city

The Battle For Warsaw, 1939-1945 Anthony Tucker-Jones,2020-02-10 During the Second World War five brutal battles were fought in and around Warsaw Each proved to be dramatic decisive and bloody and in this volume of the Images of War series Anthony Tucker Jones records them all in graphic detail The first occurred in 1939 when the Polish army was defeated by the German invaders and five years of occupation followed The second was sparked by the Jewish Ghetto Uprising in 1943 which was ruthlessly suppressed by 1 200 SS troops and led to the deaths of 13 000 people In the third the Red Army s advance was beaten back at the gates of the city in the summer of 1944 and the fourth was fought at the same time when the Nazis crushed the rising of the Polish Home Army and sought to destroy the city in an act of revenge The failure of the rising consigned the country to decades of communist rule The photographs and the detailed narrative give the reader a powerful impression of the experience of the people of Warsaw during this tragic period in their history and document the widespread devastation the fighting left in its wake

Battle of the Cities Anthony Tucker-Jones,2023-07-30 A concise and vivid history of the urban war on the Eastern Front The Stalingrad battle and the Leningrad siege were just two of the brutal devastating urban conflicts that marked the awful struggle between Germany and the Soviet Union during the Second World War The cities were strategic fixed points in the sweeping advances and retreats of the opposing armies across eastern Europe Yet no one has concentrated on these city battles before or has sought to tell the story of the campaigns through the fighting that took place in and around them That is Anthony Tucker Jones s purpose in this concise and vivid history of the urban war on the Eastern Front Early in the war during the Wehrmacht s crushing offensives of 1941 and 1942 the Red Army was forced out of a series of key cities Moscow was threatened Leningrad surrounded Then after the climactic battle at Stalingrad the Red Army with increasing confidence speed and power drove the Germans from the Soviet and East European capitals they had occupied The final urban battles were fought in Germany s cities culminating in Berlin As he traces the course of the fighting for each city Anthony Tucker Jones looks at the local circumstances the opposing forces the strategic significance and the tactics employed He focuses not only on the destruction and cruelty of such warfare but on the heroism displayed on both sides and on the fate of the civilians who found themselves on the front line

Fighters across frontiers Robert Gildea, Ismee Tames, 2020-11-05 This landmark book the product of years of research by a team of two dozen historians reveals that resistance to occupation by Nazi Germany and Fascist Italy during the Second World War was not narrowly delineated by country but startlingly international Tens of thousands of fighters across Europe resisted transnationally travelling to join networks far from their homes These foreigners were often communists and Jews who were already being persecuted and on the move Others were expatriate business people escaped POWs forced labourers or deserters Their experiences would prove personally transformative and greatly affected the course of the conflict From the International Brigades in Spain to the onset of the Cold War and the foundation of the state of Israel they played a significant part in a period of upheaval and change during the long Second World War

The Life and Works of Andrzej Panufnik (1914-1991) Beata Bolesawska, 2017-07-05 Sir Andrzej Panufnik was born in Warsaw and studied in the newly independent Poland in the 1930s as well as in Vienna and Paris just before the outbreak of the Second World War During the German occupation he formed a piano duo with his friend and fellow composer Witold Lutoslawski and they performed in caf around Warsaw After the war Panufnik quickly established himself as a leading Polish composer and as a conductor he played a significant role in the re-establishment of first the Krak nd then the Warsaw Philharmonic Although he was considered Poland s leading composer for some years after the war Panufnik was subsequently put under intolerable pressure both musically and politically Frustrated by the continuing

rejection of his compositions and the unending political demands inflicted on him by the country's post war Communist regime he made a daring escape to England in 1954. He briefly became Principal Conductor of the City of Birmingham Symphony Orchestra a post he relinquished after two years to devote all his time to composition. His works were in demand by major figures such as Leopold Stokowski who conducted the first performances of *Sinfonia Elegiaca*, *Katyn* Epitaph and *Universal Prayer*. Yehudi Menuhin who commissioned the *Violin Concerto*, Seiji Ozawa in Boston and Sir Georg Solti in Chicago who both commissioned symphonies for the centenaries of their famous orchestras also Mstislav Rostropovich with the London Symphony Orchestra who together commissioned the *Cello Concerto*. Beata Boleslawska has written the first book on the life and artistic output of Panufnik setting his significance alongside the political and cultural scene of twentieth century Europe. The account of the composer's life is based on numerous archival documents as well as the personal accounts contributed by his family and friends. Panufnik's compositional style and techniques are also analysed. This book will be of interest not only to those devoted to his work.

The PIAT Matthew Moss, 2020-08-20. Designed in 1942 Britain's innovative Projector Infantry Anti Tank PIAT provided British and Commonwealth troops with a much needed means of taking on Germany's formidable Panzers. Replacing the inadequate Boys anti tank rifle it was conceived in the top secret World War II research and development organization known colloquially as Churchill's Toyshop alongside other ingenious weapons such as the sticky bomb, the limpet mine and the time pencil fuse. Unlike the more famous US bazooka the PIAT had its roots in something simpler than rocket science. Operated from the shoulder the PIAT was a spigot mortar which fired a heavy high explosive bomb with its main spring soaking up the recoil. The PIAT had a limited effective range. Troops required nerves of steel to get close enough to an enemy tank to ensure a direct hit, often approaching to within 50ft of the target and no fewer than six Victoria Crosses were won during World War II by soldiers operating PIATs. A front line weapon in every theatre of the conflict in which Commonwealth troops fought from Europe to the Far East the PIAT remained in service after 1945 seeing action during the Greek Civil War, the Arab Israeli conflict and the Korean War. This illustrated study combines detailed research with expert analysis to reveal the full story of the design, development and deployment of this revolutionary weapon.
