

Rising Middle Power

Emel Parlar Dal

Rising Middle Power:

India: A Rising Middle Power John W. Mellor, 2019-04-11 This volume discusses topics important to understanding the basis of India's global role. They illuminate a spectrum of the components of India's modernizing growth in domestic politics and international relations: economic growth and trade and science and technology including nuclear prospects. **Middle Powers and the Rise of China** Bruce Gilley, Andrew O'Neil, 2014-09-10 China's rise is changing the dynamics of the international system. *Middle Powers and the Rise of China* is the first work to examine how the group of states referred to as middle powers are responding to China's growing economic, diplomatic and military power. States with capabilities immediately below those of great powers, middle powers still exercise influence far above most other states. Their role as significant trading partners and allies or adversaries in matters of regional security, nuclear proliferation and global governance issues such as human rights and climate change are reshaping international politics. Contributors review middle power relations with China in the cases of South Korea, Malaysia, Thailand, Indonesia, Australia, South Africa, Turkey and Brazil, addressing how these diverse nations are responding to a rising China, the impact of Chinese power on each and whether these states are being attracted to China or deterred by its new power and assertiveness. Chapters also explore how much or how little China and, for comparison, the US value middle powers and examine whether or not middle powers can actually shape China's behavior. By bringing a new analytic approach to a key issue in international politics, this unique treatment of emerging middle powers and the rise of China will interest scholars and students of international relations, security studies, China and the diverse countries covered in the book. **Rethinking Middle Powers in the Asian Century** Tanguy Struye de Swielande, Dorothee Vandamme, David Walton, Thomas Wilkins, 2018-09-27 The term middle power is conceptually fragile. Some scholars have even argued for abandoning it. This book argues that the concept needs to be analysed more profoundly and that new analytical tools need to be developed to better understand the phenomenon. The traditional approach based on Western states is insufficient and has become increasingly irrelevant in a transformed global environment. Instead of drawing from a single theory of international relations, the contributors have chosen to build upon a wide range of theories in a deliberate demonstration of analytic eclecticism. A pluralistic approach provides stronger explanations while remaining analytically and intellectually rigorous. Many of the theory contributions are reconsidering how the largely Western bases of such theorising need revising in light of the emerging middle powers, many of which are in Asia. Presenting a strong argument for studying middle powers, this book explores both the theory and empirical applications of the concept by rethinking the definition and characteristics of middle powers using a range of case studies. It examines changes in the study of middle powers over the last decade, proposing to look at the concept of middle powers in a coherent and inclusive manner. Finally, it aims to further the discussion on the evolution of the international system and provides sound conclusions about the theoretical usefulness and empirical evolution of middle powers today. **Brazil as a Rising Power** Kai Michael

Kenkel, Philip Cunliffe, 2016-01-08 This book examines the normative tensions inherent in upward mobility within the international system focusing particularly on the clash between sovereign self interest and the putatively universal norms associated with international interventions It provides extensive detail and deep analysis of Brazil's nature as a rising power and that nature's implications for how the country crafts its international profile on issues such as intervention In addition the book proposes innovative ways of re-organising thematic conceptual and empirical research on the normative behaviour of emergent powers with regard to institutions of global governance and questions of intervention In analysing what distinguishes Brazil as a rising power the contributors begin from the assumption that participation in intervention is an increasingly crucial element in demonstrating the capacity and responsibility for which demand accrues as a state seeks increased international profile As such the debates around intervention serve as an indicative locus for examining the clash of norms that accompanies emergence as a global player The book's approach is to organise the analysis around thematic rather than chronological or praxis based lines using the Brazilian case as an illustrative example capable of extrapolation to other emerging powers such as Turkey India and others This work draws together rich empirical detail with sophisticated and varied conceptual analysis and will be of interest to scholars of international relations Latin American politics and global governance

Middle Powers and the Rise of China Bruce Gilley, Andrew O'Neil, 2014-07-08 This is the first work to examine the importance and role of middle powers in the key phenomenon of contemporary international politics the rise of China This book reviews China's middle power relations with South Korea Malaysia Thailand Indonesia Australia South Africa Turkey and Brazil

Non-Western Middle Powers in the Multipolar Order Hanna Samir Kassab, Natalie Ann Ghosn, 2025-08-05 Non Western Middle Powers in the Multipolar Order explores the changing international order articulating the critical and growing importance of non Western states to the emerging global order It brings together international scholars to provide new insights on the evolution of international order as global politics moves from an American Western dominated one to one where major players are from the Global South They present evidence from Brazil Turkey Saudi Arabia the UAE and India which help explain analyze and understand the main political security and economic challenges in these countries Questions asked include What factors explain the rise of new non Western middle powers How would theories of international relations specifically realism liberalism and Marxism change due to their rise How would the rise of these non Western middle powers shape the emerging multipolar order An invaluable collection for scholars and students of International Relations and International Security that will also be of great interest to scholars with a broader interest in the ever evolving world order

The Rise of China and the China-Russia Strategic Partnership Lei Yu, 2025-02-08 This book argues that China's quest for a strategic partnership with Russia reveals the country's desire to create a geopolitical environment in favour of their country's re-emergence as a great power at the systemic global level The partnership with its no limit is expected to help China counterbalance its perceived US containment and reshape the US

dominated world order By intensifying Sino Russian economic and energy cooperation and trade in the framework of the partnership China attempts to gain entry to Russia s markets and particularly its energy resources to sustain its economic growth that is viewed by Deng Xiaoping as the basis underlying China s hard power and particularly its military capabilities By intensifying their military collaboration China seeks to gain entry to Russia s military weaponry and technology for the modernization of the People s Liberation Army PLA and work together with Russia to contain their perceived US unilateralism hegemonism and interventionism The Chinese foreign policy elites increasingly view US unilateralism and hegemonism as detrimental to China s core interests e g its territorial integrity and national rejuvenation This sheds light on why the Chinese foreign policy elites conceive the China Russia partnership as vital for China s peaceful development commonly known as peaceful rise overseas and the ballast stone for global peace and strategic stability This book will be of interest to sinologists and scholars of China s foreign policy

Korea's Middle Power Diplomacy Seungjoo Lee,Sangbae Kim,2022-05-17 This volume discusses Korea s role as a middle power in the midst of the 21st century global power shift Focusing on Korea s middle power diplomacy from the perspective of coalition building the book discusses structural factors that shape middle power strategy and diplomacy Written by leading Korean researchers the chapters use diverse methodologies to offer a range of perspectives on Korea s place in the developing global order Topics discussed include South Korea s approach to technology policy in the midst of US China cyber competition the East Asian Thucydides Trap MITKA and middle power diplomacy Korea s role in the South China Sea dispute and South Korean cyber security Providing a unique treatment of middle power opportunities and motivations in the East Asia region this volume will be of interest to students and scholars of international relations Asian politics diplomacy security studies and global governance

Security Strategies of Middle Powers in the Asia Pacific Ralf Emmers,Sarah Teo,2018-02-05 Security Strategies of Middle Powers in the Asia Pacific examines what drives the different regional security strategies of four middle powers in the Asia Pacific Australia Indonesia South Korea and Malaysia Drawing on the extant middle power literature the authors argue that the regional security strategies of middle powers could take two forms namely functional or normative A functional strategy means that the middle power targets its resources to address a specific problem that it has a high level of interest in while a normative strategy refers to a focus on promoting general behavioural standards and confidence building at the multilateral level This book argues that whether a middle power ultimately employs a more functional or normative regional security strategy depends on its resource availability and strategic environment

[Middle Powers in Global Governance](#) Emel Parlar Dal,2018-05-01 This volume summarizes synthesizes updates and contextualizes Turkey s multiple roles in global governance As a result of various political economic cultural and technological changes occurring in the international system the need for an effective and appropriate global governance is unfolding In such an environment Turkey s and other rising middle powers initiatives appear to be indispensable for rendering the existing global governance mechanisms more functional and effective

The authors contribute to the assessment of changing global governance practices of secondary and or middle power states with a special focus on Turkey s multiple roles and issue based global governance policies

Getting the books **Rising Middle Power** now is not type of inspiring means. You could not only going taking into account book store or library or borrowing from your associates to door them. Rising Middle Power Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rising Middle Power has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rising Middle Power has opened up a world of possibilities. Downloading Rising Middle Power provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rising Middle Power has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rising Middle Power. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rising Middle Power. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rising Middle Power, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rising Middle Power has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students,

researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rising Middle Power Books

1. Where can I buy Rising Middle Power books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rising Middle Power book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Rising Middle Power books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Rising Middle Power audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Rising Middle Power books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
