Rising To The Challenge Transition From College To Professional

Corine Fitzpatrick, Kathleen Costantini

Rising To The Challenge Transition From College To Professional:

Football Rising to the Challenge Geoffrey R. Scott, 2006 FOOTBALL Rising to the Challenge will help college football and rookie football players who are considering a career in the pros prepare for certain challenges and learn to overcome them It includes advice on financial career aspects agent issues mental and emotional preparation dealing with the media balancing personal goals with team interests and endorsement deals This volume has forty seven original essays written by more than thirty five well known professional athletes college and professional coaches NFL team and league administrators agents lawyers and others who have experience in the field Counseling 21st Century Students for Optimal College and Career Readiness Corine Fitzpatrick, Kathleen Costantini, 2012-03-27 In order for students to compete in today's global economy our schools need to help them develop better cognitive and technological skills School counselors have an enormous impact on students achievement and their success in their post secondary education yet initiatives to improve student outcomes often overlook them Fitzpatrick and Costantini present their own action based curriculum for high school counselors that will meet the needs of 21st century students helping to foster their growth and ambition and actively engage them in learning what they need to succeed beyond high school Important steps covered in this curriculum include Making the transition to ninth grade successful Using technology in the advising process such as online resources for college and career research assessing interests and structuring advising sessions Preparing for standardized testing and using it to motivate students about the college application process Assisting students in researching careers and colleges making the most of college visits applying for college and writing the application essay Equally important the book focuses on the counselor and his or her role as an advocate and leader for students and details running a guidance office working with parents and writing Secondary School Reports While applicable for all school counselors and students the authors curriculum has a special focus on students in urban public schools to enable them to have the same experiences as their counterparts in suburban and private schools An accompanying CD contains the tables exercises and charts from the book so they can be easily accessed and reproduced *Postsecondary Play* William G. Tierney, Zoë B. Corwin, Tracy Fullerton, Gisele Ragusa, 2014-06-01 Games and social media can improve college access attract and support students and boost rates of completion The college application process which entails multiple forms essays test scores and deadlines can be intimidating For students without substantial school and family support the complexity of this process can become a barrier to access William G Tierney Tracy Fullerton and their teams at the University of Southern California approach this challenge innovatively Using the tools of online games and social media they have developed ways to make applying for college much less intimidating While the vast majority of college students use social media and gaming in their everyday lives colleges and universities have been slow to recognize and harness the power of either *Postsecondary Play* explores the significance of games and social media in higher education and particularly how they can be used to attract retain educate and socialize

students Tierney a past president of the American Educational Research Association has gathered some of the best research on the emerging role of games and social media in the classroom and how these tools can boost student confidence and increase college access Scholars writing from a wide variety of disciplines college access social media game studies and learning sciences provide concrete examples to illustrate the new and complex ways in which students learn in response to social media and games Tierney and the contributors find that although games can be powerful tools for encouraging underserved students quality game design and mastering the concept of play the ability to develop skills while engaging in the game are essential in the effective use of serious games in teaching and learning Summarizing a decade of research in game design and learning Postsecondary Play will appeal to higher education scholars and students of learning online gaming education and the media
