*Expressing Silence* Natsuko Tsujimura, 2022-03-03 In *Expressing Silence Where Language and Culture Meet* in Japanese Natsuko Tsujimura discusses how silence is conceptualized and linguistically represented in Japanese Languages differ widely in the specific linguistic and rhetorical modes through which vivid depictions of silence are achieved In Japanese sounds in nature evoke silence and onomatopoeia plays an important role in simulating silent scenes These linguistic mechanisms mediate the perception of the symbiotic relationship between sound and silence a perception deeply embedded in the Japanese cultural experience *Expressing Silence* brings the tools of both linguistic and cultural analysis in examining the remarkably rich array of representations of silence in Japanese language and culture finding that depictions of silence through language cannot be understood without exploring what sound or silence mean to the speakers

**Iconic Investigations** Lars Elleström, Olga Fischer, Christina Ljungberg, 2013 The contributions to *Iconic Investigations* deal with linguistic or literary aspects of language While some studies analyze the cognitive structures of language others pay close attention to the sounds of spoken language and the visual characteristics of written language In addition this volume also contains studies of media types such as music and visual images that are integrated into the overall project to deepen the understanding of iconicity the creation of meaning by way of similarity relations Iconicity is a fundamental but relatively unexplored part of signification in language and other media types During the last decades the study of iconicity has emerged as a vital research area with far reaching interdisciplinary scope and the volume should be of interest for students and researchers interested in scholarly fields such as semiotics cognitive linguistics conceptual metaphor studies poetry intermediality and multimodality
