**Reason, Rhetoric, and the Philosophical Life in Plato's Phaedrus** Tiago Lier,2019-06-28 Plato is a well known critic of rhetoric but in the Phaedrus he defends the art of rhetoric arguing that it can be perfected with the aid of philosophy In Reason

Rhetoric and the Philosophical Life in Plato's Phaedrus Tiago Lier provides a new and comprehensive interpretation of this important dialogue. He argues that Plato's defense of rhetoric is based on philosophy's ethical nature and that philosophy is a way of life rather than a body of knowledge. For Plato, an essential element of both rhetoric and the philosophical life is that every use of speech, whether to persuade or to learn, depends upon the psychology of the speaker and the audience. Lier shows how Socrates develops a dynamic account of this psychology over the course of the dialogue in order to help Phaedrus understand how he is personally engaged in and shaped by every act of communication. Only when we grasp the tension between eros and logos will we discover the limitations of the art of rhetoric and that rhetoric alone cannot show us what we truly desire. Instead, Lier concludes, the greatest power of speech is to reveal to ourselves our own desires and understanding of our place in the world. This continual self-reflection is the philosophical life around which Socrates and Plato fashion their distinctive forms of rhetoric. The insights developed in this book will be of particular relevance to students and scholars of ancient philosophy, classics, and rhetorical theory, but it will also be of interest to those working in political science, literary studies, and communication studies.

**Samuel Johnson and the Life of Reading** Robert DeMaria Jr., 1997-04-21 In *Samuel Johnson and the Life of Reading*, Robert DeMaria considers the surprising influence of one of the greatest readers in English literature. Johnson's relationship to books not only reveals much about his life and times, DeMaria contends, but also provides a dramatic counterpoint to modern reading habits. As a superior practitioner of the craft, Johnson provides a compelling model for how to read; indeed, he provides different models for different kinds of reading. DeMaria shows how Johnson recognized early that not all reading was alike: some requiring intense concentration, some suited for cursory glances, some requiring silence, some best appreciated amid the chatter of a coffeehouse. Considering the remarkable range of Johnson's reading, DeMaria discovers in one extraordinary career a synoptic view of the subject. Enacts Johnson's celebrated variation on a theme from Horace: it does not merely delight and instruct but rather instructs by delighting us. DeMaria proves himself a reader altogether worthy of his subject. *Times Literary Supplement*: Fascinatingly perceptive both of Johnson's own reading habits and of their significance in the cultural history of reading. *Modern Language Review*: Both a scholarly and an imaginative achievement combining detailed detective work, abstract categorization, and sympathetic understanding. The finished product re-creates the detailed fabric of Johnson's reading career while locating it in a cultural landscape of rapid publication and growing literacy. *Eminently readable, learned, and thoughtful.* *Modern Philology*: An intellectual history of the writer and his age. *Magill's Literary Annual*: DeMaria presents an imaginative re-creation of Johnson's library and suggests how his reading habits offered a model for preventing the disappearance of the reader. **Biblio Building**
