Sargon Legend:

Legends of the Kings of Akkade Joan Goodnick Westenholz, 1997-01-01 The most impressive legacy of the Dynasty of Akkade ca 2310-2160 B C E was the widespread popular legends of its kings Dr Westenholz offers an annotated edition of all the known legends of the Akkadian kings with transliteration translation and commentary Of particular interest to biblical scholars is the inclusion of The Birth Legend of Sargon which is often compared to Moses in Exodus *The Sargon Legend* Brian Lewis, 1980 **Fictional Akkadian Autobiography** Tremper Longman, 1991 That autobiography in ancient literature is fictional has long been recognized The purpose of Longman's study is to delineate the genre of fictional autobiography in Akkadian texts with similar texts from other ancient Near Eastern cultures Included are the texts of all relevant fictional Akkadian autobiographies as well as an appendix containing English translations of them The results of the study are of interest to Assyriologists but also have implications for students of comparative literature and the Bible *Legendary Patterns in Late Antique Biography: The Parallel Lives of Ardashir I and Constantine the Great* Matthew O'Farrell, 2022-10-31 A Memorial in the World offers a new appraisal of the reception and role of Constantine the Great and Ardashir I the founder of the Sasanian Empire c 224-651 in their respective cultural spheres Concentrating on marked parallels in the legendary material attached to both men it argues that the memories of both were reshaped by processes referencing the same deep literary heritage What is more as founders of imperial systems that identified with a particular religious community the literature that developed around these late antique figures applied these ancient tropes in a startlingly parallel direction This parallel offers a new angle on the Korymbos tradition an originally Middle Persian biographical tradition of Ardashir I

Born Again and Beyond John E. Harvey, 2013-11-13 Born Again and Beyond identifies and interacts with various theological blind spots in Evangelicalism such as its naive rationality its faulty understanding of the nature of both Scripture and the gospel and its emphasis on salvation as an event rather than a process At the same time Born Again and Beyond recognizes the real goodness that evangelicalism has brought to the world Whether it be caring for the outcast and underprivileged or insisting that one can have a personal relationship with God in Christ Evangelicalism has certainly played a key role in the advancement of the Kingdom of God in modern times Perhaps the most destructive element of Evangelicalism has been the equating of it with the gospel itself Like other expressions of authentic Christian faith Evangelicalism must not regard itself as the principal locus of the gospel Having been an Evangelical for decades John E Harvey comes to this discussion not as a misinformed outsider but as one who has sympathy with the Evangelical cause

Exodus 1-15 Helmut Utzschneider, Wolfgang Oswald, 2014-11-20 This commentary interprets the first part of the book of Exodus through 15:21 It features two approaches On the one hand the commentary interprets the final form of the traditional Hebrew text synchronically by means of form criticism and modern literary methods On the other hand it diachronically reconstructs the predecessors of the final form from its origins in an exodus composition that opposes political domination to

the text's final form as a dramatic narrative about the transfer of sovereignty from the Pharaoh to the God of Israel

Concluding syntheses examine the relationship between these two interpretive approaches while adding reflections on traditional and contemporary concerns

Created Equal Joshua Berman, 2011-08-12

In Created Equal Joshua Berman engages the text of the Hebrew Bible from a novel perspective considering it as a document of social and political thought He proposes that the Pentateuch can be read as the earliest prescription on record for the establishment of an egalitarian polity What emerges is the blueprint for a society that would stand in stark contrast to the surrounding cultures of the ancient Near East Egypt Mesopotamia Ugarit and the Hittite Empire in which the hierarchical structure of the polity was centered on the figure of the king and his retinue Berman shows that an egalitarian ideal is articulated in comprehensive fashion in the Pentateuch and is expressed in its theology politics economics use of technologies of communication and in its narrative literature Throughout he invokes parallels from the modern period as heuristic devices to illuminate ancient developments Thus for example the constitutional principles in the Book of Deuteronomy are examined in the light of those espoused by Montesquieu and the rise of the novel in 18th century England serves to illuminate the advent of new modes of storytelling in biblical narrative

The Politics of the Dreamscape Seth Rogoff, 2021-08-25 This book traces the intersection of dreams and power in order to analyze the complex ways representations of dreams and paradigms of dream interpretation reinforce and challenge authoritarian hierarchical structures The book puts forward the concept of the dreamscape as a pre representational space that contains anarchistic attributes including its instability or chaotic nature and the lack of a stable or core selfhood and identity in its subjects The book situates this concept of the dreamscape through an analysis of the Daoist notions of the transformation of things and *hundun* chaos and the biblical concept of *tehom* the deep Using this conceptual framework this book analyzes paradigmatic moments of dream interpretation along a spectrum from radical anarchist assertions of the primal dreamscape to authoritarian dream texts that seek to reify identity define and establish hierarchy and support coercive relationships between unequal subjects The book's key figures include William Blake Robert Frost Jacob and Joseph from Genesis Sigmund Freud Carl Jung Jean Rhys Franz Kafka and the neurobiologist J Allan Hobson

BOOK JACKET *Royal Autobiography in the Book of Qoheleth* Y. V. Koh, 2012-02-14 This book examines the literary genre to which the book of Qoheleth belongs and on which it is modelled It suggests that Qoheleth is best described as a royal autobiography based on the arguments of specific literary features of style and content resemblance to various kinds of royal autobiographical narrative from the ancient Near East and the existence despite first impressions of a coherent worldview The analyses in this book cover various aspects from textual criticism through aspects of vocabulary and style to the interpretation of particular passages and the problem of making sense of the book as a whole

Against the Gods John D. Currid, 2013-08-31 Did Moses borrow ideas from his cultural neighbors when he wrote the Pentateuch Scholars

disagree on the relationship between portions of the Old Testament and similar ancient Near Eastern accounts Following in the footsteps of higher critics some evangelical scholars now argue that Moses drew significantly from the worldview of his pagan contemporaries Respected Old Testament scholar John Currid however pushes back against this trend by highlighting the highly polemical nature of Moses writings From the Genesis creation account to the story of Israel s exodus from Egypt Currid shows how the biblical author s continually emphasized the futility of paganism in contrast with the unparalleled worldview of the Hebrews Currid s penetrating analysis and thoughtful argumentation make this a ground breaking resource for anyone interested in this ongoing discussion

From Hittite to Homer Mary R. Bachvarova,2016-03-10 This book provides a groundbreaking reassessment of the prehistory of Homeric epic It argues that in the Early Iron Age bilingual poets transmitted to the Greeks a set of narrative traditions closely related to the one found at Bronze Age Hattusa the Hittite capital Key drivers for Near Eastern influence on the developing Homeric tradition were the shared practices of supralocal festivals and venerating divinized ancestors and a shared interest in creating narratives about a legendary past using a few specific storylines theogonies genealogies connecting local polities long distance travel destruction of a famous city because it refuses to release captives and trying to overcome death when confronted with the loss of a dear companion Professor Bachvarova concludes by providing a fresh explanation of the origins and significance of the Greco Anatolian legend of Troy thereby offering a new solution to the long debated question of the historicity of the Trojan War
